Every excise commissioner, before entering upon the duties of his office, shall take and subscribe an oath or affirmation that he possesses the qualifications for such office prescribed by law, that he will support the Constitution of the United States and of the state of Missouri; that he will demean himself faithfully in office, and shall execute and deliver to the city wherein he is appointed, a penal bond with sureties approved by the mayor, in the sum of ten thousand dollars (\$10,000.00), conditional that he will faithfully perform all the duties of his office, and account for, pay and deliver to the proper parties all money and property coming to his hands as commissioner of excise, which bond and oath he shall file with the city register or clerk. Each commissioner shall receive a salary of five thousand dollars (\$5,000.00) per annum, payable monthly by check in such manner as such city pays the salaries of its other officials; and the expenses of their office shall be paid by such city in such manner as expenses of other offices in such city are paid. The excise commissioner, including the now in office, shall deliver to their successors, on demand, all property pertaining to the office.

All fees and charges so collected shall be paid over to the treasurer of the city wherein they are appointed, to be placed to the credit of the general revenue fund of such city. Said excise commissioners shall take a receipt therefor from the treasurer; the original they shall file with the city auditor, and the duplicate thereof they shall file in their own office as part of the record thereof. The said excise commissioner shall make said payments to the city treasurer on the first Monday of each and every month, and shall at the time of making said payments to the treasurer file with the city auditor a full, complete and sworn statement of all of the fees collected by them as herein directed, during the preceding month and since their last statement, and also stating the total number of state and city licenses issued and granted, the name of the person to whom issued, date when issued, date of expiration and amount of ad valorem tax paid on each.

Abolishing the present board of police commissioners as appointed by the mayor in cities having three hundred thousand inhabitants or more and providing for appointment by the mayor of such cities, in lieu of such board, of a bipartisan board of police commissioners, and prescribing the number, qualifications, duties and salaries of the members thereof; and providing for the municipal assembly or common council of such cities to fix the salaries of the officers and policemen of said cities.

HOUSE BILL NO. 6.
An act to amend sections 9803 and 9804 of chapter 84 of article XX of the Revised Statutes of Missouri of 1909, relating to municipal corporations, laws applicable to cities having three hundred thousand inhabitants, or over, is hereby repealed and the following new section enacted, to read as follows:

Section 1. Section 9803 of chapter 84 of article XX of the Revised Statutes of Missouri of 1909, relating to municipal corporations, laws applicable to cities having three hundred thousand inhabitants, or over, is hereby repealed and the following new section enacted, to read as follows:

Section 9803. In all cities in this state that now have, or may hereafter have, a population of three hundred thousand inhabitants, or over, there shall be and is hereby established within and for said cities a board of police, to consist of two commissioners, that one of the commissioners so appointed shall be a member of the leading political party opposed to that to which the mayor belongs as hereinafter provided, together with the mayor of said cities for the time being, or whosoever may be officially acting in that capacity and said board shall appoint one of its members as president and one member who shall act as vice-president during the absence of the president; and such president or vice-president shall be the executive officer of the board, and shall act for it when the board is not in session. The said commissioners shall be citizens of the state of Missouri and shall have been residents of the cities for a period of four years next preceding their appointment; they shall, except as hereinafter speci-

fied, hold their offices for a term expiring with the then official term of the mayor making the appointments; and until their successors shall be duly appointed and qualified; they shall each receive a salary of five thousand dollars per annum, payable monthly. Before entering upon the duties of the said offices, the said commissioners and the said mayor shall take and subscribe, before some judge of the circuit court of the judicial district in which said cities shall be located, or the clerk thereof, the oath or affirmation prescribed by the Constitution of the state of Missouri, and shall also take and subscribe before the same judge or clerk, the further oath or affidavit that in any and every appointment or removal, to be made by them to or from the police force, created and to be organized by them under this article, they will, in no case, and under no pretext, appoint or remove any policeman or officer of police or other person under them on account of the political opinions of such police officer or other person or for any other cause or reason than the fitness or unfitness of such person, to the best judgment of such commissioner, for the place for which he shall be appointed or from the place from which he shall be removed. The said oaths or affirmations shall be recorded and preserved among the records of said circuit court. The vice-president shall be treasurer of said board of police. Before entering upon the duties of his office as treasurer, he shall give bond to the city of St. Louis, with one or more sureties, in the penalty of ten thousand dollars, conditioned for the faithful discharge of his duties as treasurer of the board of police and for the faithful application and payment over, pursuant to the order and direction of said board, of all moneys which may come to his hands as such treasurer. The bond of the treasurer approved by a majority of the members of the circuit court of the judicial district in which said cities shall be located and shall be delivered to and safely kept by the register or clerk of said cities. The board shall appoint a secretary to act as such for the board of police commissioners, to serve during the pleasure of the board, and such appointment shall be additional to the number of appointments hereinafter provided for. The board shall determine and fix the salaries of the members of the board of police commissioners. The board may reorganize at its pleasure. A majority of the boards of police shall constitute a quorum and the failure or refusal of the mayor or acting mayor of any city to qualify or act thereunder shall in no wise impair the right or duty of said commissioners to organize and proceed as herein provided. In case a vacancy shall occur in said board, the same shall be filled, for the unexpired term, by the mayor of said cities forthwith after having been notified that such vacancy exists. No police commissioner shall be eligible to any public office or place of honor during the whole period for which he was appointed, nor shall he be eligible for the nomination for any public office or place during such period. Such commissioners shall be removed from office by the mayor or governor at pleasure, or by the courts as provided by law, and not otherwise. Provided, however, that in the event it becomes necessary for the governor to remove as many as three commissioners from office, the governor is hereby vested with the power to fill vacancies created by such removal. Each commissioner shall devote all of his time to the duties of his office.

Section 2. Section 9804 of article XX of chapter 84 of the Revised Statutes of Missouri of 1909, relating to municipal corporations, laws applicable to cities having three hundred thousand inhabitants, or over, is hereby repealed and the following new section enacted, to read as follows:

Section 9804. The mayor of each of said cities shall appoint two commissioners, provided for in the preceding section, said mayor shall issue commissions to the persons so appointed, designating the time for which they are appointed in case the appointment is to fill an unexpired term occasioned by death, resignation, or other cause, and whenever the term of office of any commissioner expires, the appointment of his successor shall be for the term prescribed in the preceding section.

Section 3. Section 9805 of chapter 84 of article XX of the Revised Statutes of Missouri of 1909, relating to municipal corporations, laws applicable to cities having three hundred thousand inhabitants, or over, is hereby repealed and the following new section enacted, to read as follows:

THIRTEENTH PROPOSITION.

Proposed by Initiative Petition.

Providing that females shall have the same right to vote at all elections held within this state as males.

An act to amend article VIII of the Constitution of the state of Missouri by adding thereto a new section to be known as section 2a, extending the right of suffrage to women.

FOURTEENTH PROPOSITION.

Proposed by Initiative Petition.

CONSTITUTIONAL AMENDMENT.

A proposition to authorize the state of Missouri to issue fifty million (\$50,000,000) dollars in interest bearing bonds and sell same and use the proceeds thereof for building and maintaining the public highways of this state, and to authorize a tax levy sufficient to pay the principal and interest on said bonds.

Proposed constitutional amendment, authorizing issuance of bonds by the state of Missouri in the sum of fifty millions of dollars (\$50,000,000) for good roads purposes, amending section 44 of article IV of the Constitution of the state of Missouri, by adding thereto a new paragraph and clause at the end thereof, empowering the general assembly to issue interest-bearing bonds for the purpose of

building and maintaining highways.

Be it enacted by the people of the State of Missouri:

That section 44 of article IV of the Constitution of the state of Missouri is hereby amended by adding a new clause and paragraph at the end of said section, as follows:

"Fourth. The general assembly shall have full power to authorize the issuance of interest-bearing bonds of the state in the sum of fifty millions of dollars (\$50,000,000.00) for the purpose of constructing and maintaining public roads and highways;" so that said section, when amended, shall read as follows:

Section 44. The general assembly shall have no power to contract or to authorize the contracting of any debt or liability on behalf of the state, or to issue bonds or other evidences of indebtedness thereof, except in the following cases:

First. In the renewal of existing bonds, when they cannot be paid at maturity out of the sinking fund or other resources.

Second. On the occurring of an unforeseen emergency, or casual deficiency of the revenue, when the temporary liability incurred upon the recommendation of the governor first had, shall not exceed the sum of two hundred and fifty thousand dollars for any one year, to be paid in not more than two years from and after its creation.

Third. On the occurring of any unforeseen emergency, or casual deficiency of the revenue, when the temporary liability incurred or to be incurred shall exceed the sum of two hundred and fifty thousand dollars for any one year, the general assembly may submit an act proposing to issue bonds, for the contracting of the liability and containing a provision for levying a tax sufficient to pay the interest and principal when they become due (the latter in not more than fifteen years from the date of its creation) to the citizens of the state, and when the act so submitted shall have been ratified by a two-thirds majority at an election held for that purpose, due publication having been made of the proposed act of the act for at least three months before said election, the act thus ratified shall be irrevocable until the debt thereby incurred shall be paid, principal and interest.

Fourth. The general assembly shall have no power to contract or to authorize the issuance of interest-bearing bonds of the state in the sum of fifty millions of dollars (\$50,000,000.00) for the purpose of constructing and maintaining public roads and highways.

FIFTEENTH PROPOSITION.

Proposed by Initiative Petition.

CONSTITUTIONAL AMENDMENT.

A proposition to authorize levy and collection of special taxes for road purposes, to issue bonds in any sum for said purposes, upon petition of taxing voters, providing for and authorizing construction and maintenance of highways, and authorizing governing bodies of governmental subdivisions ordering the construction, purchase or lease or maintenance of such highways to either levy a direct tax for same or to issue interest bearing bonds and sell same, using proceeds thereof for such purposes, whether such highways are wholly or partly within or without the governmental subdivision proposing to make and pay for such highways or improvements.

Proposed constitutional amendment concerning revenue and taxation, amending article X of the Constitution of the state of Missouri by adding a new section thereto, to be known as section 27, providing for the levy and collection of special taxes for road purposes, for the issuance of bonds in any sum for said purposes, upon petition of taxing voters, and authorizing the construction and maintenance of highways partly, without the governmental subdivision paying for same.

Be it enacted by the people of the State of Missouri:

That article X of the Constitution of the state of Missouri is hereby amended by adding a new section thereto, to be known as section 27, providing for the levy and collection of special taxes for road purposes, for the issuance of bonds in any sum for said purposes, upon petition of taxing voters, and authorizing the construction and maintenance of highways partly, without the governmental subdivision paying for same.

Section 27. Upon a petition signed by fifty-one per cent of tax-paying voters of the state or of any city of any class, whether organized under special charter or otherwise, or upon a petition signed by a majority of the voters of any township, road or school district, or any improvement district naming the proposed highway improvement being filed with the proper officials whose duty it now is to levy taxes or local taxes for the territory embraced in the district proposed to be taxed for the improvement, the state board of equalization or the proper local tax levying authorities shall order a special tax levy against all property in the territory named by the petition, provided it raise any amount necessary to make the proposed highway improvement, not exceeding, however, the amount named for such improvement in the petition asking therefor, provided it be a petition asking therefor the tax levy shall name the amount to be raised and expended. The taxes herein provided for shall be levied and collected in the same manner and at the same time as general state, county and local and township, school and district and special improvement taxes are now levied and collected, according to the provisions of the laws of the state of Missouri relating to the levying of taxes for the governmental subdivisions herein above named. The words "highway improvements" used herein shall include roads, drives, boulevards and streets, viaducts and bridges, and shall extend wholly within this state or over streams which may form a boundary between Missouri and other states. It is intended by this amendment to confer the power upon the general assembly of all classes, whether organized under a special charter or otherwise, and all villages, towns, counties, townships, road, school and special improvement districts, upon petition of tax-paying voters as hereinbefore provided, to construct, purchase or acquire roads, drives, boulevards and bridges, viaducts, and to maintain, alter, improve and beautify the same. If in the opinion of the officials whose duty it shall be to make the tax levy for the proposed improvement it would be better to issue interest-bearing bonds instead of levying a direct tax for said improvements, then the said above named authorities shall issue bonds in amount sufficient to make the improvement and fix the rate of maturity and rate of interest of said bonds, and sign the same and present them to the secretary of state of the state of Missouri, who shall stamp same with the seal of the state of Missouri and deliver same to the state auditor, who shall register same and then deliver said bonds to the officials who issued them, and said officials may then sell same. No new boards or commissions shall be created by the general assembly to carry out the provisions of this amendment, but the present tax levying and assessing authorities in the various governmental subdivisions named above and the state board of equalization shall make the necessary assessments and

levies according to the tax may be for state or city, county, township or district purposes, to the end that no unnecessary additional expenses be imposed on the taxpayers by the creation of additional superfluous offices. The existing officials performing duties hereunder shall receive the same compensation now provided for similar services under the general revenue laws of Missouri. All petitions for state improvements shall be presented to the state board of equalization, and petitions for city, county, village, township or district improvements to the tax levying officials of said above named subdivisions. The above enumerated powers may be used by the state or any of the governmental subdivisions above named to construct, build, acquire and maintain highways, whether the said highways lie wholly within or partly within and partly without the governmental subdivision proposing to make the improvements and pay therefor.
