Best Thing for a Bilious Attack
"On account of my confinement in
the printing office I have for years
been a chronic sufferer from indiges-
tion and liver trouble. A few weeks
ago I had an attack that was so se-
vere that I was not able to go to the
case for two days. Failing to get any
relief from any other treatment, I
took three of Chamberlain's Tablets
and the next day I felt like a new
man," writes H. C. Bailey, Editor Car-
olina News, Chapin S. C. Obtainable

A GALVESTON BUSINESS BOOM
Galveston, Tex., May 6.—Concrete
evidence of a new prosperity era was
contained today in the port export
and import figures for April. Exports
were \$12,542,361 against \$8,949,154
for the same month last year, while
imports were \$1,262,162 against \$1-
003,710. Heavy war orders were in
a large measure responsible for the
export increases.

daughter Edna returned home Sunday
night from a visit at Tulsa, Ok.

METHODIST CONGREGATION ADOPTS CHURCH PLANS

Will Build Brick and Stone Structure
on Present Church Site. Plans
are for Beautiful Building

The congregation of the First Meth-
odist church met, Friday evening to
consider plans for a new church build-
ing. The plans by A. Meyer, a St.
Louis architect, were adopted.

The building will be 108x52 feet in
main auditorium and gallery.

The front of the building will be of
pressed brick and stone. Being on an
inside lot the sides will be of plain
brick. It will set back twenty feet
from the sidewalk. The lot will be
graded high and as it is on a slope
the back part of the basement will be
practically above ground.

The front of the building will be
very attractive. There will be a por-
tico in front with large pillars. This
opens into a vestibule from which
steps on each side lead to the base-
ment. Back of the vestibule is a
lobby fourteen feet square on either
side of which is the parlor and League
room.

The main auditorium will be 48x56
feet with balcony on the north, west
and south. This will seat 1000 peo-
ple. The pulpit will be in the center
of the east side and the seating is so
arranged that no one in the audience
will be more than 45 feet away from
the speaker. Back of the pulpit is
the choir loft and behind that the
pipe organ room. On this floor will
also be the pastor's study which can
be entered from a side door. The pa-
rator and League room can be thrown
into the auditorium by opening slid-
ing doors.

The basement will occupy the same
floor space as the auditorium. This
will be used as the Sunday school
room and for other gatherings. There
will be a stage 18x18 feet in one end
with dressing rooms in each side. A
baptistry will be built under the stage.
Besides the Sunday school rooms
there will be in the basement the
kitchen, fuel and boiler rooms and
toilets.

The building will be a beauty and
the arrangements are most conven-
ient. The membership of this church
has grown wonderfully the past year
under the pastorate of Rev. J. P. King
and a new home was a necessity to
accommodate the increased attendance
at church and Sunday school.

"Slowed up" at Middle Age
The hard working kidneys seem to
require aid sooner than any other in-
ternal organs. At middle age many
men and women feel twinges of rheu-
matism, have swollen or aching joints
and are distressed with sleep disturb-
ing bladder ailments. Foley Kidney
Pills are safe, prompt and can be de-
pendent on to give relief. A. H. Cox

BIRTHDAY PARTY

Little Helen Emma Gilloiz enter-
tained a number of her little friends
yesterday in honor of her sixth birth-
day. She proved to be a nice little
hostess. After playing a various num-
ber of games and playing the graf-
onolo, a dainty luncheon was served
to Paul Lewis Welch, Eugene Mc-
Cracken, Clifford Ellis, Carl Welch,
Vivian Maisle Moore, Pauline
and Thelma McCracken, Rollin Ellis,
Ruth Sater and Marie and Helen Gil-
loiz.

She received several nice presents
and after wishing her many happy re-
turns of the day the guests departed
for their homes all having had an en-
joyable time.

FREIGHT WRECK NEAR

CARL JUNCTION
A freight train was wrecked on a
broken bridge near Carl Junction, Sat-
urday. Several cars were derailed but
no one was injured. Smith Bouldin
was conductor; Robinson engineer,
Bentley, fireman; Ash and Ryan,
brakemen. They are busy picking up
the wreck and hope to get through to-
day.

A Times want ad will bring results.

A YOUNG RAILROADER

Ervin Williams, the four year old
son of Mr. and Mrs. C. I. Williams, is
beginning his railroad career young.
Saturday morning he went to the rail-
road yards and climbed on the run-
ning board of a switch engine. The
crew did not see him until the engine
was in motion and then they stopped
business to invite the young man to
get off. Ervin's parents were much
alarmed and for punishment for his
daring the little fellow spent Saturday
afternoon in bed.

JUNIORS GIVE RECEPTION

The Juniors gave a reception for the
Seniors, the high school faculty and
the board of education at the high
school building, Friday evening.

It was a most enjoyable event and
everything was well planned and suc-
cessfully carried out.

The upper and lower halls were
beautiful with rugs on the floors,
palms and ferns in every part and
honey locust bouffles on the stairway
in the halls. The Senior colors, black
and red, were used in the decorations.

An excellent musical program was
given. The three fates, Miss Gladys
Mills, the past, Miss Hazel Harrison,
the present and Miss Leone Kehres,
the future, told the fortunes of the
Seniors from childhood toys secured
from each one. These features were
witty and very entertaining. Baby
pictures of the Seniors were also on
display.

The young men secured the names
of their partners for supper out of
peanut shells where they had been
placed by the entertainers.

Lunch was served in the teachers'
training department. Long tables
were spread and the room was decora-
ted in the Junior colors, black and
orange, the only place where they
were shown. Favors in the class col-
ors were presented.

This was the first of the affairs of
commencement season and was most
enjoyable to all present.

APPLE TREE CANKER

Apple tree canker, a disease which
is killing many Missouri orchards en-
ters the tree through breaks in the
bark such as wounds caused by prun-
ing. It causes a discoloration of the
bark at first and later the diseased
bark shrinks and peels off. The dis-
ease can be checked by cutting off
entirely all dead branches. If the
tree trunk is affected the dead bark
should be scraped away well into the
healthy bark on all sides. Paint all
wounds with white lead and raw lin-
seed oil with which some mercuric chlo-
ride dissolved in turpentine has been
mixed.—C. C. Wiggins, Missouri col-
lege of agriculture.

Mrs. Wm. Boucher and Miss Sallie
Boucher, of Purdy, were in town, Sat-
urday.
