REPUBLICANS AND DEMOCRATS BOTH ELECT 215 TO CONGRESS

New York, Nov. 10.—With returns missing tonight from only one congressional district in the United States the Republicans and Democrats each had elected 215 representatives. The vote in New Mexico, which still is in doubt, probably will determine which party is to have a plurality of one over the other. The present member of New Mexico is a Republican.

House will be held by four men, one from each of the four states. The balance of power in the next Progressive Caucus from Louisiana, and one an Independent from Massachusetts, one a Progressive from Minnesota and the other a Socialist from New York. Their action apparently will determine the choice of speaker as well as the fate of legislation which is supported or opposed on purely party lines.

PARENT-TEACHER ASSOCIATION

The Parent-Teacher Association had a very enjoyable meeting at the Central school building, Friday afternoon. There was a good attendance.

Prof. L. H. Coward gave a very good lecture on "The Delinquent Child". Prof. Coward had the honor to be the first father to enroll as a member of the Association. It is hoped that other fathers will follow his example and help carry on the important work of the society.

Following the business meeting sandwiches and coffee were served by the hostesses, Mrs. H. H. Westby, Mrs. Frank Buckley, Mrs. Jim Campbell, Mrs. Norman Spain, Mrs. A. M. Peel and Mrs. Harry Cochran.

CARD OF THANKS

We wish to thank our friends and neighbors who so kindly assisted us in caring for our dear sister and niece during her short illness and death; also for the beautiful flowers and especially to all those who contributed to help us financially. May God's richest blessing rest on one and all.

MR and MRS. D. W. FARRELL and FAMILY.
LON MASON.

ENTERTAINED GUESTS

Miss Elsie Chitwood had as her guests, Tuesday, Harold Riley and Ray Brandage of Mishawaka, Ind. They have positions in the Studebaker Automobile factory at that place. Harold formerly lived in Monett and attended school here, and this is his first visit here for several years.

"NO THEY AIN'T"

The situation the past two days has been nerve racking, and is well illustrated by an excited man who grasped a sheet of bulletins from a newspaper writer and shouted in quick succession, as he glanced from one bulletin to another, "Hughes is elected! Wilson is elected! No they ain't!"—Joplin Globe.

GOOD PRICE FOR WHEAT

A Barton county farmer recently sold his wheat, which he had been holding for a high price, to a Lamar dealer for \$1.75 per bushel. He had 4,700 bushels and received \$8,225 for it.

A SCHOOL FOR THE SUFFS

Leaders Will Teach Tyros For a Week In Baltimore.

New York, Nov. 9.—A national school for suffragists will be opened in Baltimore November 13, under the direction of the National American Suffrage Association, for one week's intensive training. In that week suffragists from far and near will come together for training in the suffrage history, argument, parliamentary law, public speaking, organization and publicity, under such expert tutors as Mrs. Carrie Chapman Catt, president of the national association; Mrs. Arthur Livermore and Mrs. H. W. Wilson of the New York State Woman Suffrage party, and Mrs. Rose Geyer of Iowa.

These experienced suffrage workers will put the pupils through their paces according to the most successful campaign methods, and will not only teach lessons and give rules, but will also demonstrate their tactics with model debates, street meetings and other concrete forms of suffrage activity. The street meetings will be conducted from a decorated automobile, and with its surrounding crowd hecklers will run true to the form of the average suffrage meeting in the street.

A SENSATIONAL STRIKE AT STARK CITY MINES

One of the genuine sensations of New York county mining circles has just materialized with developments by the Stark City Mining company, operating on the site of the old Kilgore, Dummitt and Fowler workings a mile southeast of Stark City. On Wednesday of last week this company while driving a drift on the 75-foot level suddenly broke through a horizontally opening literally crammed with silicate and lead.

The above company is now taking out about 2,000 pounds of lead daily and better than seven tons of silicate has already been taken out in a single day. The company will ship a car of ore this week. Huge silicate boulders weighing 300 pounds and down to nugget size are coming out of the ground. The rich accompanying dirt is being hand jigged on the ground. Lead 18 inches thick lies on the bottom of the new opening with silicate six feet thick surmounted by a two-foot vein of tallow clay. The lead and silicate face is ten feet wide. The opening was entered from the east by the drift. On the west side, the opening pitches off indicating still greater magnitude. The shaft is down 100 feet in splendid ore at the bottom.—Neosho Miner and Mechanic

MISSOURI TIGERS ARE UNDEFEATED

After five games, the M. U. Tigers are undefeated and followers of the gridiron sport say that the University team is the best in years. By the defeat of Ames by Nebraska, the Tigers are in second place having played a 0 to 0 tie game with the Iowa school but getting the benefit of statistics. The annual battle with Kansas this year is going to be a struggle with the predictions in favor of the Missouri team, Kansas Aggies, Drake and Kansas are the remaining games of the season. Should Nebraska lose to a conference team, the Tigers will have a call on the Valley championship.

BOOKS FOR FARMERS' WIVES

No home is complete without a few good books and one or more magazines on home economics. As the long evenings approach most women will have some leisure. Now is the time to plan a course of reading for the coming winter. There are many new things being written along the following lines which should be of vital interest to every home maker: Household management, foods, clothing and textiles, home sanitation, care of the sick, invalid cookery, etc. Since no one book covers the entire subject of home economics, a list of suggestive books, magazines, and bulletins for home reading will be mailed free of charge upon request. Address Agricultural Extension Service, College of Agriculture, Columbia, Missouri.

BOYNTON-DRAPER

Frank W. Boynton and Miss Olla Draper were married, Friday evening, November 10, at the home of the bride's brother, Walter Draper. The ceremony was performed by H. H. Koontz, pastor of the Presbyterian church.

No one but the immediate families of the two were present. They went to Mr. Boynton's home on Second street where they will live.

Mr. and Mrs. Boynton are both well known here, having been residents of Monett for many years. Mr. Boynton is in the railway mail service out of Monett. Mrs. Boynton has been a clerk in the Monett postoffice for a long time and is known for her genial and kindly disposition.

Mr. and Mrs. Harry Whaley of Monett and son Charles were in Monett Saturday evening.

60 WOMEN OF THE UNIVERSITY FORM A CLUB FOR SUFFRAGE

Missouri Girls First to Join National College League for Women's Rights.

Sixty women of the University of Missouri have re-organized for the year a society for the promotion of "Votes for Women." The organization has been in existence for four years and is growing each year. The purpose of the society is to further the cause of suffrage and to spread the influence of equal rights throughout the state.

The National College Equal Suffrage League, of which the University of Missouri was the first to join, has a membership of twenty-five schools and universities throughout the United States and is affiliated with the national suffrage organization. Miss Alma Sasse of Brunswick, Mo., a graduate of the University, is a worker in the national movement and has just gone to Washington, D. C., after campaigning in the state of West Virginia.

WILL PROBE MARINA SINKING

Germany Will Act When She Hears From Her Submarines.

Washington, Nov. 10.—Germany has informed the American embassy in Berlin the sinking of the British steamer Marina, October 28, with the loss of the lives of six American horse tenders, will be thoroughly investigated as soon as submarines operating on that date have reported, according to confidential advices received here today from Berlin.

FALL BEST FOR PLANTING FRUIT AND SHADE TREES

Fruit and shade trees planted in the fall give more satisfactory results than those planted in the spring, according to J. C. Whitten of the department of horticulture, College of Agriculture of the University of Missouri. Trees planted in the late fall, even a week before the ground freezes, make a root growth as soon as those planted in the earlier fall and are not subject to drying of the earlier winter days.

By winter thaws the root growth of the tree is continued and in the spring the growth is sufficiently deep to support the new leaf surface. It is usual that trees planted in the spring begin the leaf growth first, checking the root growth. Both do not grow in harmony.

THE YOUTH'S COMPANION CALENDAR FOR 1917

The Publishers of The Youth's Companion are presenting, as always at this season, to every subscriber whose subscription is paid for 1917, a Calendar for the new year. It is decidedly unusual, strikingly artistic. The colors are well chosen and richly blended. It was made primarily, however, for actual use, and is well named the Practical Home Calendar.

Two gangs of railroad men are here to surface track and lay heavy steel. The two gangs occupy 15 boarding cars. There are about 200 men employed on the work. The steel that is to be laid is what is known as 90 lb. rails, which means 90 lbs to the yard or 900 lbs. to the 30 foot rail. The old rails weigh 65 lbs. to the yard.—Sarcoxie Record.

Again the Frisco railroad is out from under the hands of a receiver and while it has been moving along very well the last year, it is expected to take on still more new life. At any rate we won't hear that old time worn excuse that "we would like to do it but the federal laws that govern receivers won't allow it."—Rogers Democrat.

Miss Sarah Hubbell, of Springfield, was in town, Monday, to give lessons to her vocal class.

WILSON NOW SAFE WITH MARGIN OF 10 ELECTORAL VOTES

St. Louis, Nov. 12.—With a safe margin of at least 10 votes in the electoral college, the title of President Wilson to a second term is absolutely clear.

An official statement from Secretary of State Bean of New Hampshire assured that state to the President by 63 votes, and a Democratic plurality in excess of the total unreported ballots in New Mexico eliminated all doubt as to whether Wilson would carry that state.

With four New Hampshire votes and three in New Mexico, the re-election of the incumbent seems certain, with 276 electoral votes already conceded him.

The President and Mr. Hughes polled in the aggregate 16,706,114 votes, the largest number ever recorded in the history of the country. Of these, President Wilson got 8,562,713 and Mr. Hughes 8,160,741.

The President therefore obtained not only a majority of votes in the electoral college, but received a majority of 408,312 of the popular vote of the country.

The President polled 2,270,694 more votes Tuesday than he did four years ago.
