TO CURE THE BLUES

A fit of the "blues" is as much an intoxication as a drunken spree, and a bad attack may disqualify a person for wise and efficient action as thoroughly as alcoholic intoxication.

A person subject to the "blues" should in his most lucid optimistic moments resolve to make no important decision, and to set a special guard over his conduct, while under the influence of the flood of poisons to which the condition is due.

The real cure for the "blues" lies in prevention by removing causes.

The foul breath and coated tongue noted in these cases are abundant evidence of the poisonous organ of the "blues". The adoption of a poison-free diet is almost invariably followed quickly by a change in the mental state.

It is important, then, that we cultivate optimism and forcing the mind into optimistic channels of thought. This can best be accomplished by reading optimistic authors and taking

with optimistic people. An excellent plan is to set oneself the task of curing some other neuroathetic suffering from his pessimism, by deluging him with optimistic ideas and expressions. Adopt a diet that will introduce poison-free foods into the dietary and assist the elimination organs in carrying out as rapidly as possible the poisons that may be found in the natural body functions. These things are not miraculous, but can be adopted into one's daily life with the utmost ease.—New York Mail.

When the faddist's don't know what else to do, they agitate for daylight saving, which is the nearest our idea of nothing at all of anything we can think of on the spur of the moment.—Springfield Republican.

TOWN'S BEST ASSET

A community's greatest asset are the "good pay" men and women who buy at the local stores. The town's growth and prosperity in a very large measure depends on them.—Team Work.

IF YOU SUFFER WITH PILES

THE ABSORBENT METHOD WILL CURE YOU

without pain, without cutting, tying, burning or the injection of carbolic or other irritating acid, without an hour's detention from business and pleasure. This seems almost too good to believe, and I don't ask you to believe it,—just investigate this wonderful new method of curing Piles and see for yourself. Other pile doctors who claim to cure Piles without the knife always use the scissors or an injection of carbolic or other burning acid. The ABSORBENT METHOD is a new discovery, absolutely different and far superior to any other method known. It is known to only seven rectal specialists in the United States, and can be obtained in the West only in Joplin at this office.

The ABSORBENT cure for piles is so easy to take and so quick and positive in its power to relieve and remove piles that patients are astonished. Charges are far less than the old fashioned bloody pile operation would cost.

I cannot cure and do not accept cases of cancer.

Practice limited to official work with positive curative methods for quick and permanent relief of all non-malignant disorders of nose, throat, stomach, intestinal, rectal, uterine, prostate and bladder disorders.

Many chronic diseases produced or maintained by nervous reflex, resulting from some form of irritation of the above named organs and orifices, actually vanish when the cause is removed. Among these auto-intoxication which lowers the bodily resistance to disease, constipation, eczema, acne, catarrh, hay-fever, catarrhal deafness, asthma, diabetes, appendicitis, prostate, uterine and bladder diseases.

Eleven years of honorable and efficient service.

Hundreds of testimonials. Don't submit to an operation until examined by an officialist.
