"In Kansas, Bleeding Kan-
sas, the place where John
Brown's soul is still supposed
to be at large, the State Su-
preme Court decided Saturday
that the law allowing the separ-
ation of the negro and white
high-school children in Kansas
City, Kansas, is constitutional.
That is, that the Board of Edu-
cation of that town has the
right to keep the negro children
apart from the whites. The
decision is not only important
so far as Kansas City, Kansas,
is concerned, but it paves the
way for the Legislature to pass
an act separating the whites
from the blacks in all the
schools of the State. Yes,
guess Galileo was right—"The
world do move." "
