That's nothing new for several years ago I sowed a bushel of it on a fraction less than an acre of ground. That year, rust threw my oats down and they sprouted in the shock, but the Speltz stood up, kept well in shock and threshed out 40 bushels of good feed. I am going to raise more of it.

W J Young of Cooperville believes—or is it his wife—in having things about the house in apple-pie order. Thursday they were in the city selecting a bill of paint and wall paper. That means a pretty interior and exterior.

When in the city Monday Byron McFarland told us: "We dragged a mile and one half of road today and instead of it being the worst road—as it used to be—between our farm and town it is now the best. This is the second time we have dragged it this spring." Now Mr Farmer that ought to be a pointer for you.

Leake-Sweeney.

If you don't think there's many a slip twixt the cup and lip, ask Squire Jim Webb of north of the city and he will tell you:

I lost that wedding fee slick and clean after following the blushing bridal couple clean to Palmyra.

Yes siree, Will Sweeney and Mrs. Carrie Leake and I got on the train here and went to Palmyra together and Will got the license and then blamed if he didn't let Judge Brunk tie the knot, so there was nothing left for me to do but come home empty handed after I had paid my railroad fare.

Eloped.

Friday Clarence Ransdall eloped with Miss Seifa, daughter of Horace Utterback of near Florida and coming to this city were married by Rev. E McNair.

The happy pair unaware that an angry parent was then on their trail drove out to relatives north of the city to spend the night, but it was a case of "man proposes" for Mr. Utterback appeared on the scene and brought his daughter—she was not quite 18 years old—back to this city, where the night was spent and then to their home in the morning.

It was a clear case of so near and yet so far.

HOLY ROSARY.

A very successful Mission conducted by Father Maddox C. S. D. R., was given during Holy week at Holy Rosary Church.

The large audiences every evening tested the capacity of the building the non-Catholics as enthusiastic as the Catholics. The speaker rose to the occasion eloquently expounding the truths and doctrines of the Roman Catholic religion.

The mission was closed on Easter Sunday. Solemn High Mass was celebrated by Fr.

Maddox at 10 a. m., as listed by Fr Miller and Fr Mullen as deacon and subdeacon and Joseph Little as master of ceremonies.

The beautiful new Altars (donations from Mrs. Martha Orr and Mrs. Wm B Shuck) were artistically decorated by the ladies of the altar society. A beautiful new gold sanctuary lamp hung before the altar.

Fr Miller delivered the mid-day sermon.

The closing exercises commenced at 7:30 p. m., with rosary, blessing of the new altars and statues, sermon, papal blessing, renewing Baptismal vows and Benediction of the most Blessed Sacrament.

The scene will never be forgotten. Hundreds of lights burned upon the altars and through the sanctuary amidst palms and flowers. The eloquence of the speaker Fr Maddox held the attention of the audience for an hour. The thrilling moment came when every one stood up, the men with lighted tapers in their hands and all renewed their baptismal vows. Benediction of the most Blessed Sacrament was then given and the greatest mission ever held in Holy Rosary Church was ended.

Fr Mullen the genial pastor who is endeared to all worked hard to make the mission a success and is well pleased.

His hard work brought on a hemorrhage from which he is now completely recovered.

Monroe Juror.

Either the Jurors of Monroe City wear extra good clothes when they serve the county at Paris, or else some people up there love to get their clothes easy.

While J. B. Gray was in the lavatory his coat was hanging on a hook in the office and when he had finished ablutions, the coat had disappeared.

A young man about town fond of good easy clothes had decamped with the coat and Mr. Gray was fortunate enough to find "gent" and coat before the latter was disposed of, and recover the garment without trouble.

Weather Signs.

It is said: Where the wind is New Years morning, there it will be once every twenty four hours for forty days. Well, we kept tab on it and found it slipped on a banana peel three times the first ten days and then we waited for the ground hog. Feb. 2 and 4 it was so cloudy and dark that the varmint stumbled over its own tail and fell back into its hole. We all know that two-thirds of the month was lovely winter weather. And then March entered like a lamb and from the first day to the thirtieth it was as wild as a March hare, and the last day instead of being lion like, was like a tired fretful child; it slid into its mother's or the spring's lap and slept the sleep of the innocent. All three signs failed.

E. Campbell, of Elvaston, Ill, spent Easter with S. H. Miller and family.
