They're getting worse every minute. Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair. Potosi testimony proves their worth. W. B. Compton, of Potosi, Mo., says: "For some time I had pains in the small of my back just over my kidneys and while the trouble was no severe, it was nevertheless very annoying. I knew my kidneys were disordered, as the secretions were unnatural and scanty. A friend finally advised me to try Doan's Kidney Pills and I purchased a box at the City Drug Store. A few doses were all that was required to remove my troublesome and now feel better in every way." For sale by all dealers. Price 50 cents. Text: OWNERS OF LITTLE FEET are usually great wearers of shoe leather—it seems to go in no time. It is not only the poorness of the leather, but the nimbleness of the little feet that makes the soles wear out so quickly. Better have nimble feet than lame ones, eh? Here we have the stoutest shoes for boys and girls, buttons, strap sandals, and all other summer kinds, and the prices are very "cheap" too.

Pay No Profits to Trusts or Middlemen

When you buy shoes there's a heap of satisfaction in knowing that you are getting the full worth of your money. Most shoes cost more than they are worth, because they are made from trust-tanned leather and pass through so many middlemen, each of whom must add his profit to the cost before the shoes reach you.

Endwell shoes are made by Endwell, Johnson & Co. from the best material in their own tanneries. They use upper leathers of the highest quality and correct styles in every pair—shoes you'll be proud to buy company—at a distinct saving in cost.

DEATHS.

Mr. Charles D. Smith, one of Potosi's oldest and leading citizens, died at his home here last Monday evening, Sept. 3, 1912, at the age of 74 years. His funeral was held at 10 o'clock, Wednesday morning, conducted by the Wesleyan lodge, and the remains were interred in the cemetery in the Masonic cemetery. He was survived by a widow, two sons and three daughters. He had been in failing health for a number of years. Mr. Smith was a native of New Hampshire, and came to this county in 1857, and engaged in the lumber trade. He saw his first winter coming continuously for about fifty years, and one is still being operated by his son, Edward, near Udine, in this county. He was one of the organizers of the Potosi Bank, and was its president until about a year ago, when he resigned on account of the state of his health.

Mr. Perry Patterson, an old and highly esteemed citizen of this locality, died suddenly at his home one and a half miles south of town, last Sunday evening, Sept. 2nd, aged 75 years. His death was a sudden one, and he was laid to rest in the Potosi cemetery on Monday morning. The funeral was largely attended. "While Mr. Patterson had been in failing health for a year or more, his death came quite unexpectedly. After having eaten his supper, he stropped out into his orchard, and shortly afterwards members of the family found him lying dead on the ground. He had suffered a sudden stroke. He was a good, christian man and a worthy citizen. A number of progeny's and a large number of friends are as follows:

Dr. N. A. Bowser, and old and well-known citizen of Liberty township, died on August 28th, of cerebral disease of the heart, aged 65 years, at his home here. He was a native of Ohio and a Union veteran.

John DeLoe, an old and respected citizen of Old Mines, died on Monday evening, Sept. 2nd, of kidney disease, aged 65 years. His funeral took place at Old Mines Tuesday.

An attempt to purchase the fire city of L. C. Taff, in Union township, was last week filed in the Recorder's office by an agent of H. V. Bargar, of St. Louis. The consideration named in the option is \$15,000. The work of putting in a railroad through the town will result in some. This is one of the bluest fireing deals that has been made in the state in many months, and if consummated, will start a great industry in the western part of our county, as we understand mills and crushers will be erected at the mines to produce the clay—Steville Editor.

John Downs sued John Bay in the circuit court last Tuesday for possession of a bound dog, which he claimed as his property. The jury decided against Downs, and he was very much wrought up over the testimony of Capt. Tom Bell, of the Federal Lee Co., which favored Bay. On Tuesday night, about nine o'clock, Capt. Bell stepped into a saloon at Elvins, and without any words, Downs, who was there, stuck his hand over the head with

a beer bottle, and then his knife and commenced cutting him, one ear of his hair, and a slash on the back of his head. The wounds are serious. Downs was arrested and taken to jail—Farmington Republican.

TRAVELING SOME. An old mountaineer who was standing on the corner of the main street in a certain little Kentucky town, had never seen an automobile. When a good-sized touring car came rushing up the street at about thirty miles an hour, and slowed down just enough to take the corner, he took two wheels, his astonishment was extreme. The old fellow watched the disappearing car with bulging eyes and open mouth. Then, turning to a bystander, he remarked solemnly: "The horse must sho'ly ha' been traveling some when they got loose from the gentleman's carriage."

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple, Ind. For sale by all dealers.
