The Nevada papers say that Nevada is so far a division of the Missouri Pacific, and is to have a round house that is to hold one hundred engines at a time.

The demands for land in Wright county is unprecedented. Hundreds of letters of inquiry come to the real estate dealers. The new Memphis railway is the cause.

A man by the name of Sid Spurlock of Versailles, Morgan county, has brought suit against the Missouri Pacific for \$50,000 damages. He was expelled from the train and made to stay all night in the caboose. If he gains the suit, it will be considered a very good night's work.

James Reagan, a young man living near Edgar Springs, Phelps county, accidentally shot himself last Thursday in a manner that is likely to maim him for life. He and several other parties started for Piney river on a fishing and hunting excursion. After reaching a proper place for camping, Reagan stooped down to get a gun which was under the wagon, and while pulling it out discharged the same, the shot taking effect in his left knee.

The murderer of Martin, who escaped from the officer about a month ago while on his way from St. Louis to Lebanon, is still successfully hiding. His wife, the jailer's niece, who let him out of prison and eloped with him, was taken to jail on her arrival at Lebanon, but was afterwards released on \$2,000 bail to appear at circuit court on charge of releasing a prisoner. No sooner released, than Abe Wilson, her uncle had her arrested again on a charge of stealing his money and gun.

Mr. W. Butler, of Chillicothe, has a cistern 25 feet deep that has for twelve or fifteen years behaved in a reputable manner; but recently he had it cleared out, when a small hole, about an inch in diameter, was found in the bottom, since which time it has run nothing but mineral water, it is nearly white, when shaken up, but when settled it is perfectly clear, except that a white sediment of considerable depth settles at the bottom and tastes so strongly of soda as to be unpalatable.

Mr. John Reed, living at the head of Two Mile Prairie, in Boone county, came from Kentucky to Missouri in 1825 and settled within one mile of where he now lives. In 1831 he returned to Kentucky, where he married Miss Prudence Waller. They have been blessed with thirteen children. Four sons and nine daughters. Three of the daughters are dead and ten of the family are still living. October 15th was the fiftieth anniversary of the marriage, and a family reunion to celebrate the occasion took place at the old homestead. The reunion was composed of about forty persons, sons and their wives, daughters and their husbands, and grandchildren. Ten of the grandchildren are dead. All but eleven of those living were present. Of this large family there is but one great-grandchild. John Reed is now seventy-five years old. Mrs. Reed is sixty-seven.

Is The Most Successful Remedy ever discovered, as it is certain Remedy in its effects and does not interfere. Also excellent for lame feet. Read proof below.

FROM
COL. L. T. FOSTER,
Youngstown, Ohio, May 14, 1888.

Dr. B. J. KENDALL & CO., Gents—Send a very valuable Remedy—Send me a proof of your success in curing spavins. I have had many cases of spavins cured by you. I have had under the charge of your practice many cases of spavins cured. I am one of your readers the advertisement in Kendall's Spavin Cure in the Chicago Tribune—Determined at once to try what you said. I ordered three bottles. I took them and thought I would give it a thorough trial. Used it in a few cases and found it to be the best cure to be found and the horses have disappeared. Used but one bottle and two months are gone. Two from home and as many as I can get. I am getting along well. The cure is so remarkable that I act like a child. The neighbors have the remaining two bottles, who are now using it.

Very Respectfully,
L. T. FOSTER,
