—The next annual Harvest Home will be held September 14th and 15th. The following township vice-presidents have been chosen: East Lewis, J. N. McNeill; West Lewis, S. T. Lines; Forbes, N. F. Murray; Hickory, J. Q. Trimmer; Nodaway, Matt Gelvin; Clay, D. R. Williamson; Liberty, James Whitman; Union, G. W. Gaskill; Lincoln, H. Dakers; Bigelow, Ed. Vest; Benton, J. A. Browning.  
—We are sorry to announce the death of Mike Bernumham, which occurred at his home above Forest City on Sunday last, July 17th. He was a good citizen, and warm friend, and his loss will be keenly felt in his community. His remains were taken to St. Joseph on Monday morning, where funeral services were held in the Catholic church of that city, the remains being laid to rest in the Catholic cemetery. We extend our sympathies to the bereaved ones.  
—The fair is being worked up by its officers early this year, and we predict the best Exposition Maitland has ever had. One of the leading attractions will be an Indian fight. Geromino and his band will escape from their Florida prison the last of August, and on Wednesday, September 7th, will attack a train of emigrants on the fair grounds. While making the attack a band of frontiersmen who have been following their trail for days, will put them to rout. On Friday, after a fierce battle, the whole band will be captured while making another attack.  
—At a meeting held in Forest City last Tuesday, by the Temperance executive committee, it was decided to petition the County Court at its next meeting, asking that an election be held to submit the propositions under the Local Option Law. The petition will require 500 signatures and will no doubt be easily obtained, and as the SENTINEL in its last issue contained the full text of the new law we advise our readers to carefully, preserve it, and by so doing they will be all the better prepared to vote intelligently upon the question when the day of election arrives. By the new law the question of temperance is abandoned from politics, and let the matter be discussed from the rostrum in a true christian spirit. We trust the managers of the campaign will ignore all political hacks and schemers, and conduct the campaign in a true Christian manner.

—John Mark's, of Upper Holt, is building a new residence.  
—Matt Saville will teach the Gordon school this fall and winter.  
—Mound City is making efforts to bond the city to the amount of \$20,000 to put in water works.  
—Emancipation Day will be observed by the colored people of Oregon in grand style. Everybody invited.  
—Maryville has been made a foreign money office. Money orders can be bought now on any of the principal foreign countries.  
—For Sale—A portable fifteen horse power saw mill; in good running order, with a first class log wagon. For particulars address: Thomas, Burgess, Forest City, Mo.  
—The finest piece of real artistic painting it has been our pleasure to see for a long time, is a complete set of decorative banners, beautiful executed by Mrs. Kate Thatcher of this city; they were executed by her for the I. O. O. F. lodge of this city.  
—Reverend, William B. Christy and wife, of Watson, are visiting their many friends here, including Frank Hurlinger, of Cincinnati, Ohio, is visiting his brother Charles, of Hickory township, Miss Fannie King has returned from her visit with friends in Nebraska.  
—It appears that Horace White at present serving the cause of virtue as a Mngwump editor, received \$750 a few years ago for preparing and delivering a single speech before a committee of Congress in the interest of one of the Pacific Railroad rights. Evidently Mr. White made a mistake when he abandoned statesmanship for journalism. Few men in or out of Congress have ever been able to dispose of their speeches at such a handsome profit.  
—The attorneys in the famous Andriano Carey shrievly contest in Buchanan county received notice last Thursday, that Judge Norton of the supreme court of Missouri had allowed the writ in the case and it now will go before the United States supreme court for a final decision. Andriano has the office now, having taken possession after the decision of the supreme court May 16. It is hoped by argument to induce the United States court to hear the case as early as possible on the account of the importance of the question.  
—Farmers should burn every atom of their wheat stubble in the field. This practice prevents chinch bugs and aids greatly in insuring a better crop for the following year. This is the advice of a farmer who has tried the experiment. Mr. William Kern, of this county. He raised this year 275 bushels more wheat on twenty-five acres than on the same amount of stubble land of that extent, simply because he burned the wheat stubble on this lot last year whereas his brother neglected to do so on his. Louis White, colored, an experienced farm hand on the Louis Ziegler farm, also testifies to the excellence of the practice as a mode of destroying all germs of insects and of enriching the soil.—St. Genevieve Fair Fly.

—A meeting of representative citizens of Hiawatha, Kansas, Rulo Nebraska, and Maryville, Missouri, was held at the Pacific House St. Joseph, on Monday last. The object of the meeting was to consider the construction of a railroad from Parnell, a small town about ten miles east of Maryville, to No Man's Land in Kansas. The route determined upon is as follows: From Parnell the line runs to Maryville then to Craig, and thence in a South westerly direction crossing the B & M bridge at Rulo, and proceeding in a southwesterly direction to Hiawatha and thence to the southern border of the State of Kansas, having its terminus in Cowley County. The article of incorporation will be filed as the Chicago, Kansas & Southwestern railroad company. It is thought to be a scheme of the Q system.  
—As the time for holding the fair approaches, we would again urge upon each and every citizen of our county, the advisability of preparing something for exhibition. Every one should remember that this is your fair, and you certainly should take interest enough in the affairs of your county to see that it does not prove failure. The officers of the association are bending every energy to make it in every respect superior to any fair that has previously been held in our county, to bring it up to the highest point of perfection, your support and confidence is needed. Whatever time, money and hard labor can accomplish has been and is fast being done to make the fair this year a brilliant success. Let all go to work and by all means prepare something for the fair, and though it be ever so small, strive to make it the best of its kind in the northwest.  
—John S. Bibby deserves credit for being the first man who has had the courage to bring the railroad corporation to time in this part of the county on freight inside the state. A short time ago he had a lot of stock cattle shipped from Kansas City to Quitman and the charges were \$37 per car. Mr. Bibby remonstrated that the price was too great but the company was inexorable and refused to take less. Mr. Bibby would not think of accepting it. Finally he told them they could either accept that or he would replenish his cattle. The company not only accepted it but have since made that the regular rate. Why? Simply because that has been the statutory rate under the state law for years and every shipper who has paid more has been robbed of just as much as he paid over and above \$22.50 per car.—Tara-rio Avalanche.

—Remember the colored celebration, August 4th.  
—Miss Cora Russel will attend the Greenleaf, Indiana, Seminary, the coming school year.  
—Enoch J. Fitts, of Washington, New Jersey, is in our city, the guest of his brothers, Joseph and Jesse.  
—Miss Daisy Cowan, of New Point, will attend the Drake University, Des Moines, Iowa, this fall and winter.  
—D. L. Nipher and his cousin C. H. Bartholomew, left Tuesday, for a brief visit with friends in Seneca, Kansas.  
—If you want a trunk, a satchel, a shawl strap or traveling bag, we have a large assortment. J. M. Ford & Co., Forest City.  
—Governor Marmaduke has gone east for a six weeks' drunk. Lieutenant Governor Morehouse will run the state during his absence.  
—Eddie, the 12-year old son of Theodore Gibson, has been prostrated for several weeks with typhoid fever. Physicians and friends are hopeful for his recovery.  
—Lucas & Ores, we understand, have accepted the proposition from the Mound City Board of Trade. They are to put up and run a mill in that city on payment of \$3,000.  
—The Young Ladies' Missionary Society of the New Point church will give a festival in the church yard on next Tuesday evening, July 26th. A good time expected. Come one, come all.  
—Anyone wishing to subscribe for the "Union Signal" at the low price of seventy five cents per year, should do so now, as the time for that rate will expire on the first of August. Subscriptions can be left with Miss Brownlee.  
—A. D. Woolley, for twenty years employed in the freight office at Galion, Ohio, is in our city, visiting his step brother Eliza Vanhuskirk. On the completion of his visit here, he will go to the Pacific coast in quest of health.  
—Remember that Mrs. D. E. Bennett will serve regularly every Wednesday and Saturday evenings and Sunday afternoon and evening, that delicious ice cream, cake and lemonade. You can not find a more pleasant place to while away an hour or two than at this park.  
—The reading of the report of the W. C. T. U. State Convention recently held at Hannibal, will be repeated at the temperance meeting this week, Friday, July 22nd, at 3 o'clock p. m., by request of those who did not hear the first reading. Everyone taking an interest in the temperance cause are cordially invited.  
—The W. C. T. U. of Fairport, express their gratitude to a large portion of the community for their liberal patronage at our festival, which was a grand success. Net proceeds, \$9.30. The Fairport society did nothing in the way of preparing grounds, etc. We especially thank the boys of the New Point band for their music on that occasion and wish them many laurels in the future; thanks to all who favored us. We kindly remember Rev. T. D. Roberts, of New Point, for that good lecture he favored us with. We need more such lectures.  
—John Hauswirth died at his home in this city, Sunday morning, July 17th, 1887, at one o'clock at the ripe old age of 74 years and 11 months. He was a native of a century he had been the village sexton, and at last had yielded the spade and shovel to other hands. The cause of Mr. H's death was flux, from which he suffered for four weeks. He was of a wonderful healthy type, never having been known to be sick or in feeble health before, and on his being stricken with this disease, his friends doubted his recovery. The deceased came to Oregon in 1865; he was born in the village of Auggen, Kingdom of Baden, Germany, August 12th, 1812. A wife and two small children remain behind to mourn his loss. He also leaves two grown sons and one daughter by a former marriage. His remains were laid to rest in Maple Grove Cemetery Sunday afternoon, last. The funeral services being conducted at the German M. E. Church by Mr. Steinert, of St. Joseph.  
—The angel, Death, has again visited our community, and a noble, christian daughter and sister has crossed the river. Jennie Metts, who lived with her widowed mother, six miles north of Forest City, after a period of over eight months of severe suffering with consumption, died last Saturday, July 10th. She was born in Holt county, July 5th, 1837; in March, 1866, during a series of meetings conducted by Rev. Parnell at Forest City, she accepted Jesus as her Redeemer, and was a living christian with a living faith, always found doing the will of her Master; in doing good whenever an opportunity presented. She said she was ready and willing to go any time the Master should call. Oh, what a comfort to her mother, sisters and brothers to know that their loss is Jennie's gain. She will be missed by her friends and associates, and from the family circles where her benevolent, christian qualities made her the life and light. She bore her suffering with wonderful resignation. It is hard to give her up, but we must remember that "Jesus doeth all things well," and we must submit; all that affects and kindness could accomplish, they assiduously bestowed upon the object of their love. The funeral services were conducted from the home by Rev. Secrist; the remains were followed by a large procession of sympathizing friends and laid to rest beside her father there to rest until the resurrection morn; indeed our hearts bleed for this mother and sisters and brother; and we hope that they may so live that when this summons comes that they can say as did their dear Jennie, "I am ready and willing to go." H. B.

—If you want to buy or rent a good house cheap in Oregon, call on C. O. Froud.  
—Buy your Buggy of Anderson & Boyd they will sell you one that will give you satisfaction.  
—E. P. Hostetter, the Confectioner is now prepared to furnish ice cream to all these desiring.  
—J. M. Ford, of Forest City, is on the sick-list with the flux, but at last accounts, was reported much better.

—Mrs. Fannus Frame has just received a large invoice of New Laces, and Ladies' Novelties. Prices Lower than ever before.  
—See advertisement of great sale of Short Horn cattle at Osborn, Mo., Thursday, August 18th; also advertisement of Tabor College, Tabor, Iowa.  
—One of Abraham Fletcher's work horses fell from the county bridge near James Foster's on Monday and broke its neck. There should be banistering on that bridge.  
—Dan Schulte, near the western edge of town, is adding paint, French windows, etc., to his already very desirable residence building. We congratulate our friend on the evidences of prosperity.  
—Uncle Davy Pollock and wife who have been absent in Cedarvale, Kansas, for several months, visiting relatives, returned home last Wednesday morning. Uncle Davy informs us that the chinch bug and drought had ruined the small grain in the section where he was and if they did not have rain soon, the corn crop would be a total failure.  
—We desire to say a few words to our readers. We have one of the finest nurseries in the west—that of N. F. Murray, near Forbes. He has devoted the best of his life in growing fruits, both large and small varieties. Why it is that people will give their orders for nursery stock to foreign drummers who come into the county, is beyond our understanding, when they can get the same varieties, and in a majority of cases, superior varieties from Mr. Murray at twenty-five to fifty per cent. less. Mr. Murray is now fully prepared to fill your orders, and we trust that all those citizens wanting any nursery stock will give this gentleman a call. See his advertisement elsewhere in this issue.

—The entertainment given at the Opera House, Tuesday evening, last, under the title of "The What Is It?" was decidedly an original show, and while it did not receive that support it merited, it was nevertheless highly enjoyable. The entertainment was given for the benefit of the District Woman's Temperance Union, to aid them in placing temperance literature on the various trains of the K. C. railroad. The labor of making the arrangements for the entertainment fell upon two or three ladies, who worked industriously to make the entertainment a success. These ladies should have been aided by other members of the organization, thereby making the labor equal. However, the ladies in whose hands the entertainment was placed, have reason to congratulate themselves on its success.  
—If you want any favors of a newspaper, you strike your home paper, don't you? If you want your town boomed and your real estate increased thereby in value, you expect your home paper to do it, don't you? You kick because there is not as much news in it as in the city paper, don't you? But on the whole you think a newspaper, is a "mighty good thing for a town," don't you? And you preclude a newspaper from thinking that the town is a good thing for it, by not giving it sufficient advertising, don't you? And then you sneak off and get your job work done at some other town, don't you? And you are under the impression that editors can live on wind or be forever digesting the sweet and consoling fact that his paper "is a good thing for the town," don't you? You see he can't do it, don't you?—E. X.

—Last winter our legisla-ture amended Chap 167 of the Revised Statutes in relation to weights and measures by adding the following new section: A barrel of flour shall consist of 196 pounds net; a sack of flour shall consist of 28 pounds net; a half sack shall consist of 14 pounds net; a quarter sack of flour shall consist of 7 pounds net. No manufacturer or dealer in flour shall sell flour in barrels, sacks, half sacks or quarter sacks, containing a less amount of flour than the amounts above specified. Before any barrel, sack, half sack or quarter sack of flour shall be sold the number of pounds therein contained shall be plainly labeled printed or stamped thereon. Any persons who shall sell any package of flour which shall be stamped or labeled with a greater number of pounds net than such package actually contains, or who shall put up or sell flour in any manner contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined in the sum not less than ten dollars nor more than one hundred dollars. Approved March 24th, 1887.
