—The best fishing resort in Missouri is Langdon, Atchison county. Until the fishing season is over, the Burlington Route will tickets from all stations between Kansas City and Council Bluffs to Langdon on Saturday and Sunday of each week, good to return the following Monday, for one and one third fare for the round trip. This would make only \$1.25 from Forest City to Langdon and return.

The latest patterns and styles are very best grade.
—The Farmers' bank received its new safe, a Mosier patent safe door, last week, and is now moving along all of year. There is little news heard of either the robbers or the detectives who were in Kansas City of four suspects, but they might just as well send photographs of our Kansas City aldermen; no one can identify them, and all that was against them were their looks.—Maitland Herald.
—The many friends of Johnny Eiler, who was so severely burned by the explosion of a cannon on the night of March 24th, were glad to see him out upon the streets again. He has about fully recovered, and all are glad to know that his eyesight was saved, although his face is badly scarred. His mother desires us to express her thanks to those many kind friends who aided so materially in nursing her son through to recovery.
—The selection of Judge O'Fallon, as special judge, by the local bar on Thursday last, to try those accused in the case, is a compliment worthily bestowed upon one of the ablest attorneys in Northwest Missouri. He has presided during the trial with dignity and grace, and the SENTINEL congratulates him on his elevation. We would suggest to our readers right now, that Samuel F. O'Fallon would make an excellent first class circuit judge. Hey, boys.

—At a meeting of the Mound City post office on Tuesday night, the following corps of teachers were elected for the ensuing year, which opens the first week in September and continues eight months: Superintendent and principal, Prof. J. P. Coleman; assistant principal, Miss Edith C. Fink; second assistant principal, Miss Mary Miller; grammar, Miss Anna Bond; B grammar, Miss Gertie Eddy; C grammar, Miss Nannie Lucas; D grammar, Miss Myrtle Ballard; A primary, Miss Alice Jaeger; B primary, Miss Cora Carson; C primary, Miss May King; D primary, Miss Mollie Palmer.
—J. F. Apper, county organizer of A. P. A., was here with Mrs. Allen and made a strong effort to organize a local lodge of that order. It seems to us that A. P. A. is a little too un-American for our good citizens to have anything to do with it. We don't believe in mixing religion in politics. Mr. Apper is an old friend of ours. We have known him fifteen years, yet we can not wish him success in his work. He is a strong Republican, only so far as the A. P. A. is concerned. He claims McKinley will be beaten either in the convention at St. Louis or at the polls, all because he, while governor of Ohio appointed Catholics to office.—Craig Leader.

Drs Skimmin & Neville, THE PAINLESS DENTISTS.
Will be in Oregon for one week, beginning SATURDAY, MAY 9th. These gentlemen were here one week in this month, and everybody was so well pleased with their work and prices, that they decided to return to Oregon Saturday, May 9th, and remain one week. All work guaranteed to give satisfaction, and prices reasonable. Will Extract Teeth Free Monday, May 11.

—Governor Stone on Monday last commuted the sentence of Thomas Punshon, who was to be hanged Thursday last, to twenty years in the penitentiary. Punshon was convicted on circumstantial evidence of having killed his wife. At his first trial he was given ten years in the penitentiary, but he appealed the case. Being granted a new trial by the supreme court, he was sentenced to hang at the second trial, and the governor has interfered as stated.
—Jake May, formerly of this city, has struck it rich at Cripple Creek, Colo. He is worth over \$75,000, all which he made at gold mining. He is also mayor of the city. When Jake lived here he was not overburdened with wealth. We understand that he came back to Holt county when he first made his "find" to borrow \$400, but could find no one who would invest that much in him; that he says that if he could have invested that amount he would now be a millionaire. We are glad to learn of Jake's good fortune.—Atchison County Mail.

—Lee Devours authorizes us to present his name to the Republican voters of Holt county for the nomination of collector. He is an active young farmer of a Forest township. He is so sound in his Republican principles, that when nominated without any solicitation on his part by the Populist-Democratic committee a few years ago for assessor, he respectfully declined, claiming that he was a Republican from principle and not "any thing and everything for revenue." His ability to fill the position cannot be questioned by any one. He is a man of excellent habits and business capacity, and is every way worthy.

Mrs. M. Sayles will be prepared to accommodate a few boarders during court. Third door south of opera house.
—It is reported by Ed. Gibson's friends that he lost something in the backhandedness of the week, and put in the first four days of the week looking for it.
—A treat will be given those who attended the M. E. Sunday school next Sunday. At the close of the Sunday school services, the prodigies, little Ada Philbrick and Myrtle Leverich, will sing that beautiful song, entitled "The children's Friend."
—The Fannie Meyer Auxiliary will hold their regular monthly meeting at the home of Mrs. Inda Leverich next Saturday afternoon at 3 o'clock. Mrs. S. Every member is earnestly requested to be present and any others who are interested in the cause.

—East Saturday morning, May 2, 1896, Mrs. Jane Peters, of this city, was discovered lying on the floor at her residence in an unconscious condition. She was partly recovered. But she is still in a critical condition and on account of her age, being 73, it is feared that she will not recover. Her children are all here at her bedside. Mrs. McCluskey and son, of Chicago; John Peters and family, of Mound City; Mrs. Lora Baker, of St. Joseph; Mrs. George Smith, of Maitland, and Mrs. Frishton, of this city.
—Little Jimmy Foster, Uncle Davy's boy, who is now a resident of Laramie, Wyoming, writes as follows: "We are all having some fun here. We are not every other day, but we cannot expect anything else—only two seasons in the year, winter and fall, but I am stuck on the country just as much as you are. I am turning out bug; people are coming in here from Cripple Creek prospecting, and some have struck it pretty rich, but I have not got the mining fever yet, although I do not know how soon it will strike me. The entire A. P. A. ticket was elected here this spring—don't mind doing the Republican ticket, but cannot swallow the A. P. A. See you are contemplating some big improvements in Oregon—guess I will finally come back to see you, but I like to hear of it. There will always be a warm spot in my heart for the people. We are all well, children attending school and learning rapidly. Give my regards to all old friends, has Chris for my best respects and love to dad."

Married.
A wedding took place in Horton this week that had been expected for some time. The groom was Mayor M. H. Soper, deputy postmaster, and the bride Miss Della B. Michaels. The wedding was a very quiet one and was held at the home of the bride on East Vera Street, Tuesday at one o'clock. The ceremony was performed by Rev. W. J. Poole, and only members of the family, Mr. and Mrs. Poole and the postmaster and wife were present. After the usual congratulations and well wishes a wedding feast was announced at the home of Mr. and Mrs. Travis. The Commercial has been waiting to chronicle this happy event for some time, and now that it has occurred, we join with the entire populace in wishing Mr. and Mrs. Soper a happy future. Major has been a familiar figure in the Horton postoffice for more than six years, and his presence is an important place to the public would not appear complete without him. He has a good home on Grant street and is prepared to look well after the happiness of the bride. Miss Della is one of our very best girls and possesses the attractive features of good sense and a sunny disposition, that are bound to make a pleasant home. They went to their home immediately after the ceremony.—April 30, 1896.

The Sentinel joins with the legions of friends here in extending to him and his bride many well wishes for their future happiness and prosperity.
School Entertainment.
The two lower departments of the public school, rooms one and two, with a few children from other schools, gave a splendid entertainment at the M. E. church last Saturday night. We regret that so few were there, the house being but little more than half full. But we learn, was because it was not generally known. The teachers, Mrs. L. S. Kaucher and Miss Carrie Schulte, with Miss McNutt, the assistant principal, labored hard to make it a success, and they succeeded so well that a general request has gone in that it may be repeated. This would make the first day. It is remarkable how well the children, who are all quite young, do their parts. It tends to prove that our teachers are doing their duty fully and are rendering better service to the public than they are aware of.
Indeed too little thought is given by the patrons of the school to what is being done for their children. If the public would fully understand this they should attend the next entertainment at the M. E. church. That all may understand what they may expect, we append the program of the former entertainment.
