The election dinner and supper served by the ladies of the Presbyterian church were all that could be expected, and the patronage given them was very fair. The ladies have just had two recous built on to the Presbyterian parsonage and all of their earnings are turned into a fund. They are a splendid company of ladies and workers, and appreciate all the patronage that was given them.

A monument to the memory of John Hasness, was unveiled in this city on Sunday last, November 4, 1900, by the Woodmen of the World. Representatives of the order from Mound City, New Point, Oregon, and other points participated. The ritualistic work was in the hands of the Mound City lodge, and work was done in a most impressive manner. The address was delivered by Mr. Schley, of Omaha, one of the prominent leaders of the Woodmen, which was highly creditable and was headed by the Boys' band, of this city, and the ceremonies were witnessed by a large assembly of our citizens, friends of the deceased.

Judge Huiatt usually wins considerable sums on the result of the election, but this time he had to give such a loss, that it was but little better than loaning money at six per cent. The judge has come to the conclusion that there is more profit in "hired ciders" than in betting with Democrats so he will confine himself to that and other rural pursuits hereafter.

Frank Petree, of Oregon, addressed a good audience at the opera house last Monday evening in behalf of the Republicans. The weather was threatening which prevented the country people from attending, but the house was well filled and the best of order observed. Mr. Petree's speech was clear, able and logical and delivered with an ease, grace and force which marks Mr. Petree as a man of no mean ability in Northwest Missouri.—Craig Leader.

Fred Erie and Frank Murray broke jail at Savannah Friday night of last week. Erie was charged with the murder of a man, whom he thought that he knew, and the man seemed to recognize him. Mr. Spry went up and spoke to him, asking at the same time to see his hand, one of a finger missing. Erie, with his hands, he thought he would prove to be his brother whom he had not heard of in 16 years, and who was thought to be dead. His predictions were verified, for the man was his brother.

In speaking of the Republican rally at Maitland last week, the Newspaper of that city pays the following well deserved tribute to our fellow townsman Judge O'Fallon: "It was his time to speak and since Mr. O'Fallon is a Holt county man, Clay township Republicans with one accord turned out to hear him and were rewarded by listening to one of the smoothest, fairest discussions of the issues that has been put up in Maitland in many a long day. He is a great big-hearted, brainy man, thoroughly conversant with all the leading subjects of the day, hence presented them so plainly and pointedly that no one could listen and yet not understand. His speech did much good in that it convinced many Republicans in their position, and convinced Democrats that the purpose of Republicanism is for the best for people now, henceforth and forever. He did not disregard expansion but advocated it and gave reasons for it.
