—List of unclaimed letters remaining in the post office at Oregon, Mo., for the week ending February 15, 1901: W. Hamby, Rev. H. Morton, (cash), Please ask for "advertised" cards and letters when calling for these. Office hours from 7:30 a. m. to 7:30 p. m. THOMAS CURRY, P. M.

—James Nelson was crushed to death in the Owens coal mine about 5 miles southeast of Skidmore, yesterday afternoon about four o'clock. He was partly caught under about two tons of slate and earth. Clarence Owens, who was also working in the mine, ran a narrow escape, he having just taken out a car of coal. Nelson's body was recovered last night.—Skidmore Standard.

—Mrs. J. W. Flint and two small children, living near the Nodaway river, in the southeast part of the county, were admitted to the Poor farm, Tuesday of this week. J. M. Smith, of Craig, was also admitted on the same day. Smith, we are informed, was, or has been the marshal of Craig, but for several years his eyesight has been failing, and recently became so bad that he could hardly see to get around. We believe he was nicknamed "Blinky" Smith on account of this infirmity.

—W. E. Everhart was a caller recently and informed us that he and Ed. Hart had come down from Maryville to sell their shares in the fair association. He said the transaction was closed up that day and they had closed out all their interest in the association to a company of which G. F. DeFord was spokesman. Mr. DeFord this morning stated that the purchase had been made and the plan is to buy all the shares, reorganize and have the fair continued. The organization is not complete yet, but definite announcements will be made in the near future.—Maitland Herald.

—The smallpox scare has struck Mound City, and all sorts of rumors will doubtless be circulated. Already the report has gone abroad that a number of cases exist in the city, and that one child was sent home from school with it. This is erroneous. While it is true two cases of smallpox in a mild form exist a mile southeast of the city, there are no cases in the city, and as a rigid quarantine has been made on the homes where these cases exist, and also on the few neighbors who have been exposed it is thought by the officials that the disease is not liable to get into the city. Those affected by the disease in the Brush College neighborhood are Martin Mendonhall and an infant child of Mr. and Mrs. L. L. Houston—Mound City News.

—The Young People's Society of Christian Endeavor was organized February 2, 1881, 20 years ago by Rev. F. E. Clark. It was then a single society of one denomination, and a membership of 57. It now comprises 60,750 societies more than 40 denominations, per se, and has a membership of 3,500,000, having societies in every county on the face of the earth. In 1881, the young people were much neglected in the church life, but now the religious training of the young is among the foremost purposes among every church. The Oregon societies met in union meeting last Sunday evening at the Presbyterian church, and rendered the Christian Endeavor day program which had been prepared for Sunday, February 3, but not carried out on account of the fierce snow storm. The meeting was called to order by Miss Etta Caskey. A song and prayer service was held. Judge G. W. Murphy spoke very entertainingly upon his topic, "Twenty Years of the C. E. Society." Miss Carrie VanBuskirk gave a brief history of the Oregon society, and Miss Ella O'Fallon spoke very feelingly on "The Outlook for the Future." One feature of the meeting were the bright, cheerful letters from Rev. T. D. Roberts, Mrs. Gertrude Seelig, Mrs. Horace Siberell, Elders A. G. Alderman Clyde Darsie, T. W. Cottingham and Horace Siberell. The Oregon society was organized by T. W. Cottingham and Horace Siberell 11 years ago this winter. It's first president was Miss Lulu Medsker, then a teacher in our public schools. The meetings were held Friday nights, alternating with the different churches. The meeting was brought to a close by a song of consecration and uterpath.

—The attendance of Oregon Camp, No. 656, M. W. A., last Tuesday evening, was very well attended. One stranger was found in the woods by the foresters and brought out in the clearing and instructed in the mysteries of woodcraft in a royal manner. There will be two candidates for next meeting night.

—All Christian workers should attend the Willard memorial service next Sunday at the Presbyterian church. Each union is asked to contribute \$2.00 to the memorial fund to be used in spreading the W. C. T. U. work. An "open hour" will be given so that all who desire may pay tribute to her memory and give suggestion for the best way to perpetuate the work.

—By reason of failing health, Clarence Hamsher has been compelled to sever his connection with the Bank of Mound City, and will go to Phoenix, Arizona. His place will be filled by Wes. King, who has been the assistant postmaster at Mound City, for the past three years.

## Our Sixth Anniversary.

I feel as though I am indebted to my friends and patrons for the liberal share of the trade I have received, also for their assistance in informing their friends where to buy good goods at the right prices. While we have had some obstacles to overcome which I will not mention here for lack of space.

There never has been one moment during the six years that we have been caught napping on duty, always ready and willing to make you prices on merchandise that has been a puzzle to our oldest merchants. When we commenced business we saw lots of days that our sales would not reach \$20. This last year we have sold in round numbers \$25,000 and have not lost \$10 in bad accounts.

We can serve you better in the coming years than in the past, our knowledge of business is greater and our expense account is less. You can always depend on buying your goods right of us for we can't afford to sell them any other way.

Thank You for Business and True Friendship.
