## R. S. Keeves,

OREGON, MO.

—Uncle Thomas Miller is enjoying a visit with his son in Duluth, Minn.

—John France, Jr., of Forest City left last week, for Hot Springs, Ark. with the view of receiving benefit from the waters at that place for rheumatism.

—Dr. Hamblin, of Westboro, was called here one day last week in consultation with Dr. Simmons to see Mrs. Dohrer, who has been quite ill. She is now some better.

—Mrs. Nellie Morris is in Chicago, at the bedside of her mother, Mrs. Ed. Muxlow, who, while visiting there was taken seriously sick. We are glad to report that she is now improving.

—M. D. Walker, our public administrator, went to Ottawa, Kan., this week, to look after the interests of Mattie and Leona Tabor, wards, whose estate was put into his hands last week by an order of the probate court.

—The many friends of Mrs. Minnie Kellogg, who several weeks ago received a slight stroke of paralysis at her home in Skidmore, will be glad to learn that she has greatly improved. Miss Fannie Price, of this city, who has been at her bedside for some time, will return home this week.

—Wm. German, a farmer residing on the Johnson farm, five miles northwest of Maitland, was adjudged insane by our county court in special session Monday of this week, August 17, 1902. He is about 42 years of age and married and has seven children. Intemperance and hereditary are the causes attributed to his present condition.

—Charley Peret and George Gentry, who are at Gardner, Oregon, went out for bear a couple of weeks ago, and report comes to us that they had better luck than either Jones Hostetter or Leigh Dobyns ever had. They secured two bears, one panther and a deer, as the result of one day's hunt. Charley sent the panther hide to his wife and George sent a bear skin to his father, Alf. Gentry. They are nicely tanned and they will use them for rugs.

—While Henry Johnson was cutting weeds with a small sickle, near the river, last week, the blade struck the back of his hand, inflicting a severe wound. The leaders were severed and likewise some veins which caused profuse bleeding. He came to town, had the wound dressed and stitched, after which he went on with his work. When he stooped to untie his shoe that night the vein began bleeding again and it was necessary to call a doctor in the night. For a few days afterward he experienced much suffering and was unable to sleep night or day.—Maitland Herald.

—J. R. Kelsey, something over two years ago, forged his father's name to a pension check for \$30, and skipped out for parts unknown. His father, G. W. Kelsey, resides in Mound City, and the Exchange bank at Mound City cashed the check. The necessary proof was filed, a duplicate was sent him, and the bank made good the loss to the father, but the story did not end there. Uncle Sam has been wanting to put his hands on the young man, and yer Uncle Samuel usually gets what he goes after, so on Thursday last, young Kelsey was brought back to Missouri from Montana, where he was located and arrested by a United States marshal. The offense is a penitentiary one, and it looks dark for the young man.

—Miss Anna Fiegenbaum, of St. Joseph, accompanied by her cousin, Mrs. Mary Kratz, of Evansville, Ind., were here for a few days last week, the guest of her sister, Mrs. Mina Curry.

—The annual meeting of the W. C. T. U. will be held this Friday afternoon, Aug. 22, at 3 o'clock at Mrs. Winnie Ramsay's. The meeting will open with prayer service for the New Point convention. Visitors welcomed.

—Gov. Morris, of Kansas City, was in town this week. He was just returning to his home from a business trip to Chicago. Gov. is looking well, and from what we hear it rumored that he has been offered for his coal mines in Randolph county, Mo., he is rapidly getting rich. We are glad to hear of your prosperity, Gov. Here's our "Shake!"

—Mrs. J. W. Kelly and children have returned from their visit with relatives in Howell county, this state. She had intended remaining a few weeks longer, but it was so dry there and so much typhoid fever, that she considered it best to come home. She says there is lots of sickness, especially typhoid fever, and everything is drying up like it did last year. She has our thanks for a couple dozen fine peaches.

—John G. Cowan has purchased the handsome A. VanBuskirk residence in this city, the price being \$2,575. Mr. VanBuskirk will at once put up a new residence on the property he recently purchased from Mrs. Maple. Mr. Cowan will take up his residence as soon as Mr. VanBuskirk vacates. We are glad to know that Mr. Cowan will become a resident of our city, for any town can afford to be thankful to have such people locate among them.

—Our local candidate, J. A. Williams, and our city fully appreciate the laurels won. It is not to be forgotten that our candidate had strong men against him and his field was a class of fast movers. Since Forest City has her new hall, presented to her by Geo. Weber, she is the best convention town in Holt county. Railroads connect her with the four corners. The people of Forest City proved themselves to be delightful entertainers. Mr. and Mrs. Vine Hovey treated the newspaper men of the county to a delicious dinner at their cozy home. While Mr. and Mrs. Hovey are royal entertainers they impress their guests with the fact that such is the spirit of Forest City people.—Maitland Herald.

—A very happy occasion was that caused by the double wedding at the home of our esteemed friend, Earl Cooper, Esq., on Wednesday of this week. The happy contracting parties were Willis A. Sipes and Miss Bessie Cooper, and George E. Stroud and Miss Grace Cooper. These are all amongst Holt county's very best young people, and THE SENTINEL bids them all bon voyage upon life's most pleasant and tranquil matrimonial seas. The young ladies are both daughters of Earl Cooper and wife, at whose pleasant home the ceremony was performed, and the young gentlemen are both splendid young men of that neighborhood. The ceremony was performed by Rev. Hardman, pastor of the Christian church of that vicinity, in his usual happy style, and all went indeed "as merry as a marriage bell." Again we extend our congratulations.

—Miss Carrie VanBuskirk is the guest of Miss Minnie Roberts, of Parkville, this week.

—Miss Amy Hasmess, of this city, is entertaining her friend, Miss Belle Chadwick, of Craig.

—Albert Kunkel, wife and little daughter, attended the Mound City carnival, on Thursday.

—It is estimated that fully one-fourth of all of Oregon's population visited Mound City, this week—attended there by the Harvest Carnival.

—Immense quantities of splendid corn, as well also as a good many loads of choice tomatoes, are now being received at the Oregon cannery.

—Mrs. Netherland, who is making her home with her parents, Mr. and Mrs. Charles Anselment, was taken alarmingly ill Wednesday of this week. —Ira Alkire, and two sons of Mr. Watta, all of Napier, are seeing the sights of Colorado, this week, and they may extend their visit into Wyoming and Montana.

—On Monday of this week the lightning completely shattered one of our electric light poles, also struck four other poles, and the front screen door of Albert Kunkel's residence.

—A marriage license was issued on Wednesday of this week to Elisha C. Lease and Mary E. Cotton, both of the Fortescue neighborhood. Mr. Lease is a son of John M. Lease, Esq., and Miss Cotton is a daughter of Frank Cotton and wife. We extend THE SENTINEL'S congratulations.

—B. M. Beesley and wife have just sold off twenty acres of their farm for \$3,000. This is \$150 per acre, and is the highest price that we now remember of ever having known of Holt county farming land selling for. The land lies immediately adjoining Fortescue, how ever, and it is quite likely that a large part of same will soon be laid out in town lots, as we understand there is a movement on hand to materially enlarge that town very soon.

—It is reported that most all the orchards in Holt county are full of fruit this year, and that the fruit is of an unusually good quality too. Apple buyers from the east are already beginning to alight down at Forbes and elsewhere in their annual flight of purchase, and a good price is already fully assured. In the light of all this, isn't it just a little wonderful that thousands of acres of the very best fruit land in the United States is allowed to stand idle and vacant from year to year right here in Holt county, when a single crop of either apples or peaches therefrom will bring from \$100 to \$150 per acre? Hon. N. F. Murray and others who know, say that this ridge of bluff land running through the center of Holt county from the north to the south, is unsurpassed for fruit, and yet, in many places this same land (in a raw state) can be bought at from \$20 to \$30 per acre—though it is now rapidly growing scarce at these prices. We were told just this week of one land owner near Oregon, who bought his place but three years ago, and has already sold off enough fruit from the same to pay for the land, and will now use this year's crop for buying more land. Why not a number of our young men and others, who need homes go and do likewise before prices get too high?

Craig.  
—The infant son of Ed. Heaton, which has been very low, is improving at this writing.

—Craig was well represented at Mound City in their Harvest Carnival, this week.

—Mr. and Mrs. E. G. Cox have gone to California for an outing, and will be gone about a month.

—On last Saturday a message was received by Perry Smirl, stating that a grand-son had been killed by a train at Rocky Ford, Colo.—no particulars.

—Craig's 6th Annual Reunion of Blue and Gray has passed into history. It was a grand success, and was entered with great spirit by both Blue and Gray. It is admitted by every one that the boys in Gray took more interest in this reunion than they ever did before. They were represented by speakers, who showed them up in proper light, and made them feel that they had indeed been brave men. Craig's reunions are becoming famous and have come to stay. We feel that really we ought to give a synopsis of each address and each speaker, but for the present will not do so, but we must praise the Humboldt band. They gave the most excellent satisfaction and everybody said, what an excellent band. JANET.

—Paul Acton, of Napier, while fishing in the lake, Saturday, had the misfortune of getting a fish hook caught in his finger. He was brought to Dr. Bullock, who took the hook out successfully, and the little fellow's finger is getting along nicely—and he still "goes fishing."
