—After an extended visit here with her sister, Mrs. A. R. Coburn, Miss Tina Cash left Tuesday for her home in Bowling Green, Mo. She made many warm friends while here, who will look with pleasure to her return, which they hope is not so very far in the future.

—St. Joseph now claims a population of 112,176 and requests the city at the mouth of the Kaw to notice the fact. It is to be hoped that the figures are correct says the Kansas City Star, as this increase will mean much to Kansas City, where St. Joseph people love to do their shopping.

—An evidence of what the drag will do for the dirt roads, we ask our people to look at those roads that James Milne, Peter Raiser, Henry Siekmann, Claude Petree and Claude Meyer have been dragging. This progressive spirit speaks well for these gentlemen, as well as for any other who will show this interest in making good roads.

No Trespassing.

Notice is hereby given that all persons are forbidden to hunt, fish, swim, or in anyway trespass on the Samuel Watson farm, and any person or persons caught trespassing on these premises will be prosecuted to the full extent of the law.

—All estimates of the number of killed by the tornado at Snyder, Oklahoma, May 10th, make the total at least 125. The tornado traveled a distance of thirty five miles, cutting a path from a quarter to a half mile wide. The farm houses in the path were demolished and the occupants killed or injured. Statements that four hundred were injured seems correct, but of course many of these suffered only slight bruises, but many are receiving hospital treatment.

—The Burlington has imported 10,000 French screw spikes for experimental use on its railway. The screw spike is used generally on most of the European roads and is applied with a wrench instead of being driven with a maul, as the American spike. The American method injures the fibre of the wood and does not offer as much resistance to loosening of the spike. The results will be watched with a great deal of interest by those studying the maintenance of way problem.

—A pleasant letter from Albert Kunkel, now of Anadarko, Oklahoma, to a friend here, states that he and family as well as the Kunkel colony are enjoying the best of health as well as a good big slice of prosperity. They send a copy of their local paper giving an account of the Snyder tornado, which unfortunate place is not far from Anadarko. He says the prospect for full grain and fruit crops were never better. Their many friends here will be glad to hear this bit of news, trusting that it may ever be well with he and family, as well as every former Oregonian down at Anadarko.

—If you know what we don't know and don't tell us, how do you expect us to know what you know, so as to tell your neighbors what you know and what we don't know? Let us know what you know and then everybody will know what you know and what we know, don't you know.

—Mrs. Carrie Sommers, of New York, and Mrs. Lou. Rogers, of St. Joseph, made their rounds here visiting old friends, winding up their happy visits at the home of Dr. C. L. Evans, on Sunday of last week, then pulled out for St. Joseph—and then Mrs. Sommers left for her home in New York.

—At a joint session of the Missouri Conferences of the two branches of the Methodist churches, held in Caillicothe recently, it was decided to merge the two branches of the church in Cameron and Mexico. It is believed to be only a question of time until a similar union takes place all over the United States.

Special for Saturday—Four cans best Sweet Corn, 25c. Four brands to choose from at Kreek & Hasness.

—Hicks has a theory that causes the fisherman, in particular to Kick. Hicks says the sun has spots on it, which is the cause of this eccentric weather; that extraordinary electrical disturbances will continue until Saturday of this week. We hope Hicks will charter a flying machine; go aloft, and wipe the spots off.

—Kierie Bruner and family and Miss Leah Kaucher will leave next week for Okmulgee, Ind. Ty. We are sorry to lose these people; both Mrs. Bruner and Miss Leah are daughters of the late Captain William Kaucher, and were born and raised in our city. We trust that their lot may ever be cast in pleasant places.

—Our school board has chosen the corps of teachers for our school for the school year of 1905-6. The entire High School corps has been re-employed—Prof. A. R. Coburn, superintendent and mathematics; Miss Gertie Bennett, principal and languages; Miss Edith Dungan, English Literature; Miss Louise Johnson, sciences. The primary department will be in charge of Mrs. Alberta Green; 2d primary, Jesse Schulte; 3d department, Myrtle Peret; 4th department, Lulu Marsh.

—Asto how or where women should carry their money, that, obviously, is a matter on which men probably have no right to entertain an opinion. It may be argued with an entire semblance of justice that men do not hold out their pocketbooks to the passing throng in no reason why women should not adhere to that practice. All the same, the police records of Kansas City show that since the early part of January, thirty-eight women have had their purses snatched on the streets and—if you can bear to think of it—in several instances the thieves secured as much as twelve dollars.

—The Braymer Bee brought suit against a delinquent subscriber the other day in a justice court for several years back pay. The case was tried before a jury, with eminent lawyers representing both sides. The defendant's plea was that he had notified the postmaster to discontinue the paper and refused to take it from the office. The jurymen were out but a few minutes when a verdict was rendered in favor of the plaintiff together with amount of the costs, making a total of \$22. The way to stop your paper is to pay all arrears if you are in debt, and notify the publisher either in person or by letter.

"I AM NOT LOUSY"

I Have Used Instant Lice Killer.

When setting the hen, dust both hen and nest. In two weeks, repeat. For young chickens, dust the hen after the chicks are a week old. When ten days old, dust the young. Young chickens die of lice when you think they are diseased. It will destroy bugs on cucumber, squash and Melon vines—kills cabbage worms, slugs on rose bushes. Horses—it will kill the lice on them. Fleas on dogs—it will kill them. It is positively guaranteed. If not satisfied, we will refund your money.

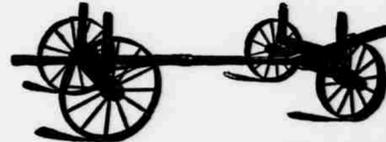

Hess Chicken Panacea will cure Gapes, Cholera and Roup—makes hens lay. It is a tonic for young chickens.
