—The alarm of fire called out the department on Friday afternoon to the home of Henry Marker, in the east part of town. It was quite a long run and the house, which was a one story frame, was pretty well gone before the fire company got there. The furniture was pretty well taken out but in a badly damaged condition. The house was nearly a total wreck. We understand there was an insurance of \$100 on the house, but \$100 does not go very far toward building a house in this day of high priced lumber—Mound City News.

—We are sorry indeed to learn of the death of Mrs. Ernie Baird, which occurred at her home in Denver, Colo., some two weeks ago after a lingering illness. Prior to her marriage she was Miss Ernie Young, of Mound City, and for several years was a popular teacher in the northern part of our county, and was deputy recorder under C. C. Moore. She married H. R. Baird, of Dodge City, Kas., and shortly after removed to Denver, Colo. She leaves a son two years of age. She was a most excellent lady and made many friends while acting in her official position.

—Miss Ellen Barnes, the young lady artist so heroically rescued from fire by the burning of the Pepper building in Kansas City, by a fireman, is a Holt county girl, being a daughter of C. F. Barnes, an early day merchant of New Point, a niece of Frank K. Allen, of Craig, and a niece of Mrs. Joseph Hobbittell, of Mound City, and also a niece of John M. Frazer, of St. Joseph. She formerly resided in Oregon, with her parents, and has attained quite a reputation as an artist. She will doubtless be remembered by many of the older residents of our city, and this remembrance will doubtless be pleasant for she was a most attractive and winsome little Miss when here. The Kansas City paper making of the fire said: "The most sensational incident of the fire was the thrilling rescue of Miss Barnes from the top floor by Chas. Braun, a fireman, with an aerial ladder." "Down on the streets after the rescue Miss Barnes' name was on every lip. An agonized and cheering crowd had watched her rescue and everybody was eager to know her name. Everybody asked everybody else and two or three minutes after she was taken to the Denmore hotel there was not a man, woman or child who did not know it. The story of her bravery and her heroism and her wonderful stoicism was told and retold to all newcomers. Everyone who had known the young woman at all declared it was 'just like her,' because 'she is the pluckiest girl in the town.'"

—According to a new law any county, by order of the county court, can impose a tax on dogs—male one dollar and female two dollars. Where dogs are taxed those suffering loss, such as sheep owners, may recover the amount of their loss from the dog tax. The act gives county courts the power to adopt in counties desiring it.

—Members of the 1907 class of our High school received handsome presents from relatives and friends, but we thought Corbin Markland is the proudest over his present, as any one in bunch. It will not be necessary for his girl's papa to inform him the time of night; all he will have to do now, is to reach down into his vest pocket and pull out his handsome gold chronometer and know the time himself—it came as a graduating present from his Grandpa and Grandma George Colvin and Aunt, Jessie Colvin.

—Geo. Meyers, a wealthy farmer living seven miles northeast of Craig, was taken last Sunday to a private sanitarium in Kansas City for treatment. Mr. Meyers is well known and universally respected throughout Holt county. Physical aches and pains are hard to bear but nothing as compared to mental ailments that dethrone the reason. It is said that at times past the afflicted man had a sort of presentment that something of the sort might come to him and had given instructions to his family as to what to do in such an event. Through the Leader the people extend their sympathy and all unite in the hope that he may return to his family restored to health.—Craig Leader

—The late enumeration shows Mound City to have 269 boys and 267 girls of school age, a total of 536. This is a loss of 31 as compared with the enumeration of 1906, and 100 as compared with that of 1900. Oregon's enumeration for 1907 shows a total 345—a loss of 5, as compared with 1906. Maitland, for 1907, 252—gain, 12; Craig, 1907, 248. No loss or gain; Forest City, 1907, 207, a gain of 10; Bigelow, 110, a gain of 4; Corning, 1907, 145, a gain of 10. The levies for school taxes for the coming school year will be: Mound City, \$1.20; Oregon, 70c; Maitland, 85c; Craig, \$1.15; Forest City, 65c; Bigelow, 85c; Corning, 40c. To maintain the Mound City schools, \$8,782 will be required; Oregon, \$6,135; Maitland, \$2,912; Craig, \$3,515; Forest City, \$1,400; Bigelow, \$1,260; Corning, \$540.

—The will of the late James Ramsay was filed for probate on May 14th. Geo. H. Allen and J. R. Callow were witnesses to the will which was made in February, 1907. After providing for the payment of his just debts, he bequeaths to his wife, Sarah Orrick Ramsay, the home place in Oregon and his lands in Smith county, Kansas, in fee simple, and a life estate in his farm lands in Holt county in 59, 37. The residue of his property he directs to be sold and the proceeds divided equally between his heirs—John, Mary Gelvin, Nancy Mahan and James Orrick.

—The Bank of Corning will be a new institution for Corning in a few weeks. Eighteen of the best farmers from Niwabotna to the lower bottom west and south of Craig have taken stock as shareholders. The capital is \$15,000 and they will begin business July 1st with F. W. Walter as president; John A. Buck, vice president; R. F. Buck, cashier; John D. Ahrens, assistant cashier; A. J. Roselius, secretary. The first board of directors are: F. W. Walter, J. D. Ahrens, Conrad Ideker, A. J. Roselius, John A. Buck, L. W. Bungenstock and Emmett Haer. The new bank will do business in the Water building where the People's bank is now located. The People's bank will probably build further up the street. The Bank of Corning will be a solid institution, backed up by our very best citizens. The cashier, R. F. Buck, is well liked and will command a good patronage from the very start.—Corning Mirror.

—It is with keen regret that we learn of the death of Louis C. Fries, which occurred at his home, four miles northeast of Mound City, on Thursday last, May 16th, 1907, in the 42d year of his age, after a long struggle with a complication of diseases. And after all that the best of medical care and nursing could do, death claimed him at last. Louis was born in Sullivan county, New York, October 13, 1865, and came to this county in 1872 with his parents, Uncle Geo. Fries and wife, who settled on a farm near Oregon. Later he located near Mound City, and on March 30th, 1904, he married Kittie, the eldest daughter of the late Ed. Gillis, no children having been born to them. He leaves a wife, father, three sisters and four brothers to mourn his death. Funeral services were held on Saturday last from the residence, and were conducted by Rev. Allard, of the Christian church, the interment being in Mount Hope cemetery near Mound City.
