The Ox Calf Shoe

The World's Greatest Work Shoe

For Men and Boys

It is one of The Brown Shoe Company's greatest creations. It will stand the test.

Recently the United States Government has been conducting some very severe experiments—mostly with ships and shoes.

The Monitor Florida was detailed as a target boat and bombarded for hours with the heaviest kind of cannonade. She stood the test. The Government then turned her attention to ★5★ shoes.

They underwent the most rigid inspection by the Government Experts. They stood the test, and Uncle Sam bought over thirty-seven thousand pair of ★5★ shoes on one order. ★5★ Shoes are built to withstand the wear. For a work shoe, ask for the OX CALF.

TARKIO COLLEGE QUESTIONS

II. WHAT ARE POINTS FOR TARKIO?

In twenty-five years the mortality record for twenty-three hundred students has been but three. Local option insures county prohibition for years to come, a public gaming room is unremembered, and three-fifths of the population are in the churenes. Of the half hundred "colleges" in the state ten constitute the Missouri Union; Tarkio is one. Dormitory system, low tuitions, few incidentals, student sentiment make possible the year for two hundred dollars.

Death of Mrs. Denslow.

Mrs. Elizabeth Graham-Denslow, dropped dead in the yard of her home in Kansas City, Mo., about three o'clock in the afternoon of Wednesday, July 23, 1908, from which place she was buried Saturday morning, July 25th; she remains being placed beside those of her husband who died July, 1880.

She was apparently in her usual health, having on Monday at noon that day of a slight indigestion and nausea. She was alone through the day except at meal time, so it is only conjecture as to whether she felt the attack coming on and went into the yard for fresh air, or to call help, or whether she only went out to spread a piece of table linen which was found on the grass.

She was the second child of Rev. Francis H. Graham, a former pastor of the M. E. church of this place, and Rebecca A. Graham, who nineteen years ago died a similar death.

She was the mother of five children, two daughters who died in infancy and three sons who survive her and live in Kansas City: Edgar E., manager of a department in Burlington, a former pastor of the M. E. church, and a leading officer of the Third Regiment; George G., a successful real estate dealer, and Frank M., a rising young physician.

She also leaves one sister, Mrs. Kate G. Holtz, who was visiting relatives in Indiana at the time of the death, but who reached Kansas City in time for the funeral. Her brother are George S. and Joseph H. Graham, real estate dealers of Kansas City; William A. Graham of the Huntley Dry Goods Co., of St. Joseph, and Frank H. Graham, rural mail carrier, of this place.

Mrs. Denslow moved to Kansas City in the early days of its existence; was familiar with every nook and corner of it; had watched its growth and development, and was thoroughly devoted to its interests. She was a great lover of nature, held the love and confidence of all children, and left, besides a large relationship, a wide circle of friends who mourn her loss.

—Mrs. M. E. Crowell, Mrs. Grace Castle and daughter, Neil, Lloyd and Gerald Kunkel were visiting in the country, Wednesday, the guests of F. A. Crowell and wife.
