Educational News.

(BY EARL A. ROCK, CO. SUPT.)

On account of extreme cold weather and sickness a few schools dismissed a few days, but generally the attendance in most of the schools has been good.

Schools that began early have closed the first five months, and pupils who have been neither absent nor tardy are sending in their attendance slips. The following were the first to send in their slips and receive their certificates: John, and General Randall, of North Center; Louise Greenlee, John Carter, Pansy Sipes, Harold Fitzgerald, and George Harper, of Forbes; Raymond Brown, of Harmony; Edna, Mamie, and Dale Nichols, and Mary Kieffer, of Lincoln; and Lester Bowen and Ralph Greenlee, of Wilson.

Miss Mayme Green and pupils, of Ross Grove, are doing excellent work. Many of the pupils have excellent grades on their grade cards. They are greatly enthused in the work and are working hard to keep up grades and if possible climb to the perfect mark. Miss Green is one of our many teachers who work overtime, to complete each day's program, and to do all they can to increase the efficiency of the school.

Miss Bessie Smallwood and pupils, of Marion, are doing good work. The class in Agriculture and Literature are keeping notebooks in each subject. The books are neatly kept, with excellent drawings and valuable information. Much of the information in the Agricultural notebook was obtained through observation.

Miss Julia Kunkel and pupils at Nickell's Grove are greatly enthused in their work, and are doing good work. Her pupils have a good attendance record.

Miss Irene Kelley and pupils, of White, are doing some excellent work in drawing. Each pupil is making a drawing. When these are completed they will be put into a book form. Part of the drawings will be painted or colored.

Miss Byrd Peret and pupils gave a box and oyster supper and cleared \$18, with which they will purchase supplies for the school.

Our next teacher's district meeting will be held at Corning, Saturday, February 3. This is one of the required meetings. Teachers are expected to attend. Patrons and pupils are invited to attend and take part in these meetings. The meetings are for the purpose of discussing school work and school problems, so all who are interested in schools and desire better schools should attend and make your ideas and desires known. Let us all work together. "United we stand, Divided we fall."

The following program will be given:

N.W. Mo. Press Ass'n. Meets.

The Northwest Missouri Press Association held its 20th annual meeting in St. Joseph Friday and Saturday of last week, January 19 and 20, using the banquet room of the Hotel Robidoux for its sessions. Some thirty editors were in attendance and several brought their families with them. It is regrettable that more of the newspaper men of this section of the state were not present, for such meetings are an incentive to better work throughout the year. Here one forms new acquaintances among the members of the profession and picks up new ideas that are valuable to one afterwards.

Not the least part of these meetings is the social side and the association is under obligations to the citizens of St. Joseph, especially Frank Freytag and John Albus, Jr., for the excellent entertainment provided, which included a theatre party at the Lyceum Friday night and lunch at the Robidoux afterwards and the Saturday matinee at the Tootle.

B. C. Higgerstaff, of The Gazette, was also very kind to the visitors and gave of his time in their entertainment.
