**United States Civil-Service Examination--Rural Carrier**  
 At Mound City and Oregon, for Holt county, Saturday, December 13, 1913.

The United States Civil Service Commission announces an open competitive examination on the date and at the places named above, as a result of which it is expected to make certification to fill a vacancy in the position of rural carrier at Mound City, Mo., and other vacancies as they may occur on rural routes at postoffices in the above-named county, unless it is found to be in the interest of the service to fill any vacancy by reinstatement, transfer, or promotion. The usual entrance salary for rural carriers is from \$600 to \$1,100 per annum.

Age, 18 to 55, on the date of the examination. The maximum age is waived in cases of persons honorably discharged from the United States military or naval service.

An applicant must have his actual domicile in the territory supplied by a postoffice in the county for which the examination is announced.

The examination is open to all male citizens of the United States who can comply with the requirements.

Application Form 1341, and full information concerning the requirements of the examination, can be secured from the secretary of the local examining board or the postmaster at any of the places named above, or from the U. S. Civil Service Commission, Washington, D. C.

Eligibles on registers established prior to March 1, 1912, can be considered for appointment only at the office for which they were examined. Such eligibles may be examined within one year from the date of their former examinations upon filing applications showing that they meet the requirements of the new examination, their old eligibility for their home offices not being canceled.

Applications should properly executed and filed with the Commission at Washington. As examination papers are shipped direct from the Commission to the places of examination, it is necessary that applications be received in ample time to arrange for the examination desired at the place indicated by the applicant. The Commission will therefore arrange to examine any applicant whose application is received in time to permit the shipment of the necessary papers.

An eligible register for the position of rural letter carrier for each county will be maintained. A person must be examined in the county in which the postoffice that supplies his home is situated. As a result of such examination he may become eligible to appointment as rural carrier at any postoffice in such county. A rural letter carrier after one year's satisfactory service may be transferred to the position of clerk or carrier in a first or second-class postoffice, to the position of railway mail clerk, or to other positions in the classified service, subject to such examination as may be required by the civil-service rules. JOHN A. McILHENNY, President.
