—Word has been received here, announcing the marriage at Pawnee City, Neb., Oct. 16, of Charley Overly and Miss Lenore McMahon, of Falls City, Neb. Charley was born and raised here and has many friends here to wish him much happiness. We did not learn where they expect to make their home.  
—It is said the Burlington Railroad Co. and the government are contemplating strengthening the rock wall in the Arkansas neighborhood, east of the Fred Binder place. It is thought the excessive rains during the past summer might have weakened the wall, and the railroad company don't want to take any chances on the proposition.  
—Some of our sports who like to hunt will have to cut out this hunting on Sunday, as it is reported that the shots are heard as far away as Oregon, where it costs twelve dollars

and eighty cents to square the meter. It is said of one of our old-time sports that he showed the game warden around, one Sunday, and to show him his heart was in the right place went hunting with him. Better cut it out, boys.  
—Miss Sybil Tibbels, teacher in the second primary department, gave her pupils a little Halloween party, last Friday evening. The story of the origin of Halloween was told, and there were short stories by Prof. Skelton and Miss Weightman, and ghost stories were told by the children. "Hobbling" for apples furnished quite a lot of amusement for everybody, after which refreshments were served, cider, candy and doughnuts, the doughnuts being brought in by little ghosts on broomsticks.  
—Our old friend Goody, of Triumph fame, made us a very pleasant call, one day, last week, and we sure enjoyed the visit. One thing we're very glad to find out was that Goody's good wife is to have a new pair of rubber boots to do the chores in this winter, having received a new pair from Chicago, the gift of Goody's cousin. Come again, Goody, a few more visits like that and we will get pretty well acquainted with "Billy Jim," Lum, Grumpy, and a few more of the old timers in Triumph neighborhood.  
—Prof. S. W. Skelton moved last Saturday into the schoolhouse property and W. M. Maier and family, of Mound City, moved into the W. L. Catron property, vacated by Prof. Skelton. "Dutch Bill" said he was mighty glad to get back to Bigelow, and that it was just like getting back home. "Dutch Bill" gets around over the country quite a lot, buying horses and mules for the market, and never misses an opportunity to boost for his home town, and we join their many friends in welcoming them back home.  
—L. P. Heckathorn returned from Quinn, S. D., one day, last week, where he sold a carload of apples to long advantage for first Bridgman. Lew says he's very nice trip and that crops in that country are first class—lots of wheat, and people complaining about not being able to secure the help they need in handling their farm work, and farmers are paying three dollars and fifty cents per day for single handed men. Lew left the first of the week for Northern Iowa, where he will dispose of another carload of apples for Mr. Bridgman.  
—The little folks in the primary department, Miss Carrie Snell, teacher, were agreeably surprised last Friday afternoon, when they were told they were to have a Halloween party. The following games were played: Peanut hunt, first and second grades; Josephine Jessup; marshmallow eating contest, third grade. First prize, Vera Gresham; second prize, Clarence Worley; third prize, Della Coats. Placing: tall on black cat, correct, first, second and third grades, Edith Walker. The remainder of the evening was spent in telling stories and making jack-o-lanterns. Refreshments, consisting of peanuts, popcorn and apples were served.  
—We have heard a story about a real live newspaper editor who took his friend out for a ride in his Hummobile, and when about half way between two towns had a blow-out, hustled out and put on a new casing and inner tube and went to get the pump out from under the rear seat, to discover he had left the pump at home, and then sit down and wait one hour and twenty minutes for some one to come along with a pump, but imagine our surprise to hear of this same editor (and he is considered a pretty good editor, too) getting out in the country with this same Hummobile and running out of gasoline and having to walk to town to secure a supply. What do you think of that fellow, Deacon?  
—The basketball game between Maitland high school team and Bigelow high school on the home court, last Saturday afternoon, resulted in a score of 35 to 29 in favor of the Maitland boys. The line up for Maitland was V. Hardin, C. C. Zachary, L. F. O. McGrew, R. C. A. Cowan, H. G. R. Hunter, L. G. D. Marlon, coach. Prof. S. F. McCrosky, of Maitland schools, accompanying the boys. We did not secure the Maitland score. The line-up and score for Bigelow was Catron, B. F. G. G. G. Asher, C. S. F. G. G. Cluning and Wilson, guards. This was an excellent game, fast from the start to the finish and showed excellent work on the part of each team. Bigelow succeeded in getting 15 field goals to Maitland's 11, but lost out on fouls.  
—Mrs. Celia Gresham, assisted by Mrs. Ethel Osborne, entertained the Excelsior class at her home, west of town, last Saturday evening, from 7 p. m. to midnight. The evening was spent in outdoor and parlor games and music. The house was decorated with the class colors, red and gold and purple and jack-o-lanterns. During the evening refreshments were served—apples, popcorn, doughnuts, pumpkin pie (like Ma used to make) and cider. This is the first of the series of classes, and all report an extra pleasant evening. Those who were present were Misses Gertrude Walker, Bessie Hunt, Lorena Grasty, Elsie Bridgman, Grace Hull, Mildred Dodson, Jean McKee, Clara C. utts, Rowena Conaway and Wilda Gresham. Messrs. Russell Wilson, Nelson McKee, Robert Will, Evert Catron, Julian Wilson, Frank Haigler, Robert Asher, Paul Gresham, Thomas Duncan, Frank Chuning and Orville Schoover. The invited guests were Murray Catron and James Larabee.  
—There was a large crowd attending the box supper at the Cottonwood schoolhouse, last Friday evening, and there was not room for everybody to get inside the building. Prof. Jackson, in his usual good style, made a nice little talk, outlining the purpose of the supper, and that the proceeds would be used for bettering the conditions at that school, as also did Clerk of the School Board Frank Walker. Hobson Wilson started the ball rolling by speaking a piece, entitled, "My Rival," that was enjoyed very much by the crowd, and by the way, Hobson knows how to make these speeches, too. Pard Wilson sold the boxes and did the work just like an old timer, and he certainly secured a good price for all of the boxes, the price averaging about one dollar and seventy-five cents. Miss Maude Grier won the box of candy, as the most popular lady, and Runt Gallop won the pipe

and sack of smoking tobacco for being the laziest man and had the misfortune to lose the pipe on the road home. About thirty dollars was cleared for school purposes, and this amount will help out considerably to ward papering the schoolrooms and purchasing some library books, and there is no doubt but what Prof. Jackson and Miss Matilda Selkman will invest the money to the very best advantage of all concerned.

—C. C. Catron, of Bigelow, was in Craig, last Wednesday, inspecting several cars of apples with the expectation of buying, but because of the apples being loaded in ordinary cars and not in refrigerators he did not make a deal.  
—The fame of Craig's pretty girls has gone as far as Chillicothe, and Clarence F. Powelson, of that city, has been here verifying the statement. He was in the city, Sunday, and as he left stated that the story was no dream.  
—R. B. Stewart, our old friend and for a short time our popular station agent, was shaking hands with his old friends, Saturday. "Old Sport" was the happiest dog in town when he saw Ray, and it seemed just as tickled to see S. Fort.

—Judging from the number of indictments found against parties in and near Craig by the grand jury, and the number of arrests that have already been made in Craig by the sheriff, you will not have to go as far as Denmark to find something rotten.  
—Misses Mildred and Nannie Taylor were in Kansas City, over Sunday, to visit Miss Mildred's father, R. J. Taylor, who is in a local hospital there. Robert is doing well and it is thought by his friends that he will recover readily and soon be restored to his family.  
—Mrs. Sarah Stokes, widow of the late John W. Stokes, has been very sick at her home in this city. Her children are very anxious concerning her. She is subject to very severe heart spell, of some kind that it seems impossible to find relief for. We learn that at present she is getting better.  
—The Men's Wesley Bible class, of the Methodist church, held their first annual "possum roast" last Thursday evening. About fifteen of the class were in attendance. John Horn had

been elected "Chief" for the occasion, and proved himself an expert in preparing the feast. It is decided to make this an annual affair.  
—A. L. McGee and wife, of Kansas City, father and mother of our veterinary doctor, have moved to the city and will keep home for their son. They rented the Nauman property in the north portion of the town. Mr. McGee is a very sociable gentleman and a Freemason. He will be welcomed by the brethren of that order.  
—James Lamar is the proud father of another boy, born Tuesday, October 26. This makes ten boys in James' family. One more than the necessary base ball nine, but then there is usually a need for a substitute before the game is played out, so it is probable that James would not be willing to part with him after all.  
—Mose McCoy is erecting a beautiful six room cottage on the premises he owns between E. L. Redmon and Dr. Nauman on the west side. When finished it will be one of the prettiest spots in town and will add greatly to the street on which it is located. It will be finished in time for the family to eat their Christmas dinner in their new home.  
—Word came to friends, this week, that Mrs. T. R. Burns was at her home in Willow Springs, again a little weak, but able to sit up and write to her friends in Craig. The many friends of Mrs. Burns here are glad to know that she has recovered from what seemed to be death's final call, and will remember her soon with a shower of post cards.  
—The Royal Neighbors, of this place, have been looking forward with delight and interest to the district meeting of that society in Corning, Thursday of this week. They will attend in a body and will exemplify the work at that time for the edification and entertainment of the assembled ladies of the district. We will try to report the details of the meeting next week.  
—B. Stokes and Miss Ruth Hubbard, of St. Joseph, were visitors with Mr. Stokes' mother, Mrs. Jeannette Stokes, over Sunday. It is rumored that these young people are soon to be married. Miss Hubbard is the daughter of a Methodist minister who is preaching some where in Kansas. Rev. Hubbard formerly occupied the pulpit in the Methodist church at Chillicothe.  
—Lucien Lovell, of Maywood, Neb., came in Tuesday of last week to visit his mother, Mrs. Chas. Carpenter. Lucien is doing well in his Nebraska home and likes it much better as the years go by. No more Missouri for him, so he says. That's all right, Lucien, but chickens come home to roost, and we are looking for you back at eventide.  
—Workmen have finished the cement walks running to the depot from both sides of town, and it looks a hundred per cent better than the old board walks that were there. The town now is in a good condition to receive visitors. The side walks and residence property is looking fine, and will compare in beauty and cleanliness with the best towns in the state. Let us keep it looking so.  
—Conyer Stokes and wife, of Kansas City, came up Saturday evening to superintend the packing of the remainder of their household goods preparatory to shipping them to their new home in Kansas City. Con has a lucrative position in one of the large grocery and meat markets there, and is prospering to the delight of his many friends here in Craig.  
—The revival meeting at Elk Dale school house, closed Sunday morning. There were five additions to the church organization and many renewed their former vows to the church and God. Rev. Cooley proved himself a fine revivalist, and has done much to encourage the church at that place. He will commence a meeting at Bethel Wednesday evening, and will continue at least two weeks and perhaps longer should the interest developed demand it.  
—Elder Puckett, of Fairfax, was visiting his many friends in Craig last Monday. He was on his way to New Liberty neighborhood to meet with the church people there. New Liberty people are making an effort to remodel their church house, this fall. The community is able to build a very substantial structure, if they could decide to do it. Nothing speaks so well for a community as a modern up-to-date house of worship, good schools, good roads and good church workers in the community.  
—The younger set of married folks and quite a number of young people of the town held a "Halloween" party at the Phillips building, Friday night. The evening was occupied in playing old fashioned games, drinking cider, and conversation. Before the party dismissed, it was organized into a permanent club for social and spiritual entertainment. We have not learned if the officers-elect, but understand that another meeting is to be held in the near future to determine the name, adopt rules and regulations, and choose permanent officers.  
—Wednesday, while loading some shingles and other building material at the lumber yard, the team of J. J. Comb, became frightened by the spring steel falling on their heels and ran west across Main Street and into the brick house that is used as a reforming station by the electric light company, breaking the tongue into several pieces and injuring one of the animals about the head. There was no one in the wagon, consequently no one was hurt, but several pedestrians going to the post office were given a close call on the same crossing that David Lambert was run over last week.  
—The Craig schools will not be dismissed for the State Association meet in Kansas City, the past three days of this week, but the superintendent, Prof. Butts, will be permitted to attend the meeting and bring home the good things he heard and saw. The fact is, the majority of the teachers are so in love with the work in the schools that they nearly cried when it was intimated that the school would be discontinued for the association meeting. The board didn't have the heart to trifle with their feelings, so decided that those who wanted to teach could stay at home, and those that wanted to attend the meeting could go. None but the superintendent wanted to go.  
—Mrs. Anna Fields and three little daughters, living near Oregon, moved last Wednesday to Craig, and are

living with Mrs. Fields' father, N. D. Merrill. Mrs. Fields thought that she could not content herself to leave Uncle Nick, as every one here knows him, to live alone through the winter. This arrangement will certainly be a most happy one to everybody, because Uncle Nick is getting along in years and many have thought that he should not be alone. He persists that he wants to live in his own home, and so Mrs. Fields has consented to leave her well arranged home and farm in the care of her son-in-law and come to live and care for her father. The good ladies of Craig will find Mrs. Fields a very sociable lady and worthy of their friendship.  
—Tuesday night witnessed the second number of the lecture course, "The Killarney Girls." They were many more out than at the first number. Mound City was well represented in the audience. "The Killarney Girls" were equal to all that has been written or spoken of them, and our people were more than pleased with the number. The number cost the local bureau \$125. It was worth it, but many of our people do not seem to appreciate this winter's series of high class entertainments just well enough to lend their support. The best is yet to come. When Nels Darling comes to town, we will be listening to one of America's best platform orators, who has a real message for just such places and people as Craig. No one should fail to hear Nels Darling, but he does it so nice, and you don't care whether he apologizes or not, for you will say, "Well, he told the truth about it anyway."  
—We are called on to chronicle the sad news of the death of our esteemed and honored citizen, John L. Wright, who passed away, November 1, 1915, at the hospital in Savannah, where he had gone several weeks ago seeking relief from a malignant cancer. Mr. Wright was born in Hickory county, Mo., February 18, 1848, and came to Holt county in 1848. He was married toholt county Bluffs, Iowa, to Miss Martha Owens, December 28, 1868. Those who are left to mourn his departure are four brothers and one sister as follows: W. L. Wright, of Neshabota, Mo.; Mrs. Samuel Nelson, of St. Joseph, E. B. Wright, of S. P. Wright, of Fairfax. Those of his brothers and sisters who have gone on before are Austin M. Melvina Taylor, and a sister baby. Mr. Wright was the oldest of nine children. His sons and daughters living are Eva, wife of F. B. Strickler; Lizette, wife of Herman Kruse, and John L. Jr., all of Atchison county; a son, Bruce E., of Strawberry Point, Iowa. One daughter, Bessie, died in infancy and six grandsons. Mr. Wright was a good citizen and prospered in the community where he has lived all his life since he was three years old. His neighbors of the olden days grieve to know his demise, and the youth of the community will weep to lose a friend and counselor. The funeral service was conducted from the family home in Craig, Wednesday morning at ten o'clock and interment was at the beautiful Tharp cemetery, four miles north of Craig. Many friends and acquaintances accompanied the remains to their last resting place. Good Enough.

**A Narrow Escape.**  
Mrs. J. L. Riffe, of Mound City, on Sunday last, Oct. 31, took a drive to Craig in her Buick run-a-bout, and on her return home, met with an accident that might have proven serious, but fortunately she escaped being injured. Just as she drove on to the bridge, crossing the Tark ditch, the radiator caught, on some projection from the bridge guards, and so twisted the car around, as to come near going over into the ditch. Her wonderful presence of mind is what saved her, no doubt, from a serious accident. The machine, however, was badly damaged.  
**Bazaar and Mum Snow.**  
The Ladies' Aid society of the M. E. church, will conduct a bazaar and Mum show, Thursday, Friday and Saturday, Nov. 11, 12, and 13, at the Strrett opera house. —The "Cleo" ladies' club, of Mound City, entertained Friday, Oct. 29, at the home of Mrs. W. F. Vance, in honor of their husbands. An elegant dinner was served, and enjoyed by all present. The evening was pleasantly passed in playing "Progressive Book." The home was beautifully decorated in Chrysanthemums and Halloween emblems. The out of town guests were: Mrs. Dr. Hutt, of Kansas City, and Harvey Evans and wife, of Oregon.
