TEARE & RULEY

Margaret, the little daughter of Fred Snider and wife, aged about four years, residing just east of Oregon, had her right hand severely mashed Tuesday of this week, August 15, by getting it caught in the wringer of a washing machine. Dr. J. L. Hogan was called and rendered the necessary surgical aid, and she is now getting along all right.

Forest City, Craig and Mound City were well represented at our Chautauqua, especially Forest City, for which we are truly thankful, and appreciate very highly.

Mrs. Alice Caskey and Mrs. Poe, of St. Joseph, spent a couple of days here this week, visiting Mrs. Caskey's parents, Mr. and Mrs. G. H. Price, and sisters, Emma and Mary.

News From Craig.

—Ora Scrijner was a business visitor in St. Joseph, Monday.

—Fred G. Anibal was a guest of friends in Mound City during the Chautauqua last week, returning Saturday morning.

—Mrs. Ray W. Carter returned Saturday evening from Mound City, where she has been visiting and enjoying the Chautauqua.

—Mrs. Gus O. Beris is in Kinsey, Kansas, visiting parents and friends. She will be away from home the greater part of the month.

—Messrs. George Browning, Ib. Allen, Andy Haer and Emmett Haer were passengers, Monday, to Oregon, all on probate court matters.

—Arch Sharp is moving this week to his town residence, formerly the Riffe property, which he purchased from C. M. Wickiser last spring.

—William Troxell departed Thursday for DeLand, Illinois, to be absent several weeks, visiting his old home place and seeing his old friends.

—Mrs. Maude LaRue, of Gretna, Nebraska, arrived Thursday evening to visit her cousin, Mrs. A. R. Osborn. She will remain for several days.

—R. H. Kuck and family moved Saturday to the farm of Charles Cies, north of Craig, and will farm the place the coming year for Mr. Cies.

—W. Y. Martin went to Auburn, Nebraska, Tuesday and returned Wednesday with a span of horses he purchased from Judd Odell of that place.

—Miss Ruth Capp, of Dearborn, is the guest of her sister, Miss Inez, this week. She arrived Friday and is not fully decided when she will take her departure.

—Quite a number of Craig people have been attending the Chautauqua, at Oregon, this week. We have heard nothing but praises from those who have been in attendance.

—Clay Hopkins, of Hutchinson, Kansas, arrived in Craig last Sunday to visit with relatives and friends, and incidentally transact a little business with some of our farmers.

—Josephine Anibal was a pretty sick girl last Sunday and Monday, but is now seemingly all right. She had a very severe attack of biliousness attended by a high fever.

—Mr. and Mrs. John Redmon, of Bethel locality, were passengers to Winthrop, Friday morning. They are visiting their son, Byron, near that place. They will return the last of next week.

—William Kee, the aged father of Mrs. R. C. Ball, is at the home of his daughter, in care of the physician. He is suffering with a chronic disorder that is giving him much pain, and his friends much concern.

—Gilbert Butler, who has been helping John Horn this summer in the cafe, left Wednesday for his home in Northern Minnesota. Gilbert makes his home with his brother, George, about 90 miles north of St. Paul.

—Mrs. William Herbst and little daughter, of Tipton, Iowa, are guests of C. W. David and family. Mrs. Herbst will remain for several weeks. Her former friends will remember her as Gertrude David, the adopted daughter of Mr. David.

—Frank Judy, living in the New Liberty locality, is preparing to erect a modern residence on his farm. A car load of lumber was received here Saturday, and with the aid of his neighbors, it was transported to the farm that day.

—Nel Anderson, of Walnut, Iowa, came Monday to visit a short while with his sister, Mrs. Rice Kite, two miles east of town. Mr. Anderson is in the automobile business at Walnut, and reports business good and the road in excellent condition.

—Marion Holcomb, who is farming the old Felix Gumbel farm, was in Kearney, Nebraska, several days, last week, looking for a location, preparatory to moving to that place. Bad health is given as the reason for wanting to make the change.

—An automobile party, consisting of Mr. and Mrs. S. S. Horn and Mr. and Mrs. Guy McCoy, departed Tuesday evening for a tour of two weeks or more through Southern Kansas, to Ness county. They are out for a good time and will visit all the interesting places enroute.

—Dr. Edgar Kellogg and family, of St. Joseph, came in home Sunday, to visit the week with Pa and Ma Kellogg. Dr. Edgar is employed by the government as an inspector at the Swift packing plant in St. Joseph, and is more than meeting with the expectations of the department.

—Mr. and Mrs. Jake Ward, of Leadville, South Dakota, came in home, Wednesday, to visit their mother, Mrs. Frances Ward, and their brother, Frank. Their stay will be indefinite. Jake is conductor on the railroad running out of Leadville and reports himself doing nicely.

—A catalog and course of study for the Craig public schools is now on the press, and will soon be ready for distribution. It is a well gotten up pamphlet, including all the outlines of study for the several grades and the high school, the rules and regulations, school calendar and roster of former graduates.

—Chas. Wait has rented a room in the Thomson hardware store block, and will fit it up in modern style for an up-to-date meat market. "Competition is the life of trade—the more, the merrier." The friends of Mr. Wait will be glad to see him take this new venture in the business world, and doubtless will aid him in making it a success.

—Mrs. H. G. Bloomfield and son, Ray, of New Hampton, are guests of Frank Guillems and family, this week. They arrived Thursday and will return home the last of the week. The Bloomfields were occupants of the Methodist parsonage five years ago.

—Rev. Bloomfield has been serving the several churches near New Hampton as pastor ever since he left Craig.

—James Gomel and family arrived Friday afternoon from Eureka, Kansas, to visit Mr. Gomel's mother and brothers. They will remain three or four weeks. Mr. Gomel has disposed of his fine improved farm, eight miles

—A letter from our old friend, Geo. Everett, who has been in British Columbia, for the past several years, tells his friends that he is prospering in wealth and health. He has lost 67 pounds of his surplus flesh and with it his rheumatic pains. No more Missus for George, so he says. Well, all his friends rejoice in his prosperity, but they all think that he should at least make us a visit just for old time's sake.

—Wednesday afternoon, the 9th inst., Riley Pearce and good wife were returning home from a visit with their daughter, Mrs. Frank Rodins, and on approaching the bridge over the Little Rock ditch, they suspected that it was not so safe as it should be. Mrs. Pearce got out and let Riley drive across alone. The result was as they feared. The bridge gave way and precipitated team, wagon and Mr. Pearce into the ditch. No one was hurt, save a few bruises to Mr. Pearce and horses. The horses were gotten out with much difficulty with the aid of George Rodman, who lives near the place.

—The detail arrangements for a most successful Chautauqua in Craig, beginning the 27th this month, are being strenuously worked out. The several committees for service have been appointed, plans for advertising, seating, ticket selling, entertaining, are in the care of the correct persons, and no efforts will be spared to make this year the greatest in the history of Craig. With a grand Fourth of July celebration, followed by one of the greatest Reunion meetings, and now with everybody working harmoniously and joyfully, we predict the Chautauqua occasion to eclipse all former efforts. The program is one of the very best in the country, the grounds all that could be desired, and the time the best of all the year. Everybody working and praising. Why not? And again, there are plans being laid now to pull off the greatest Stock show ever held in Holt county this fall. Sure, it can be done, and done successfully without great effort on the part of any particular one. Just keep together and not knock. Hurrah for Craig and her people!

BURRIER & SCHULTE.

—Everybody was more than glad to see Jim Wickersham at our Chautauqua. Jim is a former resident, and has as many friends in Oregon as the "next one," and everyone was glad to welcome him back to the old home. He is now located at Strahan, Mills county, Iowa. He was accompanied by his son, Charley, wife and their little son. They drove down in their car. They are engaged in farming, and are prospering.

Cleaning Up Would Destroy Mosquitoes' Breeding Places

"SWAT THE FLY" has long been a rallying cry among the workers for better sanitation purer hygiene and cleaner streets, but its position as a slogan is threatened by a new cry of "Slam the mosquito!"

A bulletin issued by the Philadelphia board of health deals with the mosquito question and tells how to make the clean up campaign most effective, if not eliminate, the dangers in separable from the presence of mosquitoes in numbers. It lays stress on the importance of killing as many as possible of the mosquitoes in the early spring, because "every mosquito killed now will mean thousands less in the summer."

"By far the best way to deal with mosquitoes," says the bulletin, "is to destroy their breeding places. As soon as the warm weather comes the female mosquitoes, which are the only ones which survive the winter, will emerge from their winter quarters in our cellars, vaults and other damp, dark places to seek food and to hunt a place to lay their eggs. The breeding mosquito must find standing water in which to deposit her eggs. If she falls in this she soon dies, without offspring. Therefore no stagnant water no breeding places for mosquitoes; no breeding places, no mosquitoes."

"People do not realize that any puddle of water, no matter how small nor how foul, is an acceptable breeding place for mosquitoes. Where it is necessary to have water standing in tanks, barrels or other such receptacles, keep them tightly covered with fine wire screens. Keep cesspool covers perfectly tight and the vents tightly screened. "Where drainage of pools is not possible or covering of receptacles is not practicable all standing water should be covered with a film of kerosene oil which prevents mosquitoes from breeding in it. One ounce of oil is sufficient to cover fifteen square feet of water. The oil should be renewed once a week during the mosquito breeding season."

The bulletin admonishes all householders and residents to take full advantage of clean up time, so that neighborhoods and individual premises may be made "mosquito proof, fire proof and disease proof."
