County School Notes.

The county superintendent traveled between three and four hundred miles the past week visiting the school districts of Bluff City, Chambers, Schaffner, Burr Oak, Exodus, Consolidated District No. 1 and New Point.

At Bluff City there is an enrollment of 23 pupils—four in the first grade, six in the 2nd grade, seven in C class, four in B class and two in A class. Miss Anna Markt, the teacher, gives evidence of the same degree of enthusiasm and conscientious effort in her teaching as she did in her student life in school. The principal drawback with regard to this school is that the school house is situated on the side of a steep hill, and there are absolutely no playgrounds for the children, with the exception of the road at the side. Some one has told the superintendent that Mr. Davis has offered to give two acres for a school site, provided the school district will move the building. If this is a fact and Mr. Davis will keep his offer open, let's take advantage of his generosity. Let's get busy at the close of the school, and move the house, so that next year our children will be provided with adequate playgrounds.

At Chambers, Mrs. Schaffner is starting out with 28 pupils. A few years ago there were but six or eight pupils in attendance; the past couple of years show a wonderful increase in this respect. The teacher is very enthusiastic in her work. The room is to be papered, sash curtains will be provided, and in a short time things will be in tip-top shape. This is the only school in Holt county which receives rural state aid, (\$158). For a number of years this school was able to give its pupils only six months of school, although a 65-cent levy was made. Now, this is the second year, that with the help of the state aid, Chambers district is able to give its pupils an eight months' school. The district is to be congratulated on having a wide-awake school board, as well as a painstaking teacher.

Schaffner school, with Miss Edna Williams in charge, has an enrollment of 20 pupils; six in 1st grade, six in C class, four in B class, and three in A class. This school has a lovely play ground.

Burr Oak school house is quite near the river. There are 19 enrolled in this school; three in A class, four in B class, six in C class and four in the first grade. Mrs. Lizzie Thornhill is teaching this school for the third time. It is interesting to know that her first teaching was done here 24 years ago.

At Exodus Miss Beulah Bunker is teaching her first school. There are 29 pupils enrolled; ten in A class, five in B class; four in 2nd grade, and five in 1st grade. At this place the superintendent had tire trouble. Master Sidney Butrick gave her very efficient aid, and she was able to start for home shortly after 5:30.

A very interesting Parent-Teacher meeting was held in the Liberty township high school building last Friday afternoon, at which the principal of the schools of Consolidated District No. 1, Miss Miller, presided in her usual graceful and efficient manner. Many interesting and pertinent talks were made by patrons, as well as teachers and superintendent. Another Patrons' meeting will be held September 28, at which a permanent organization will be effected. The superintendent was pleased indeed to see so many patrons present at this meeting. She hopes every family in Consolidated District No. 1 will be represented at the next meeting. There are 28 girls and boys receiving a high school education in this district, three of them being non-resident pupils.

The Teachers' Meeting, on Saturday, was a success in every respect. Misses Miller and Pickett organized what we are sure will be one of the best and most interesting Reading Circles in the county. All teachers of adjoining districts will do well to attend this Reading Circle.

A most enthusiastic Patrons' meeting was held in the I. O. O. F. hall at New Point, Saturday night. Mr. and Mrs. Turpen opened up with a carefully arranged program. Mr. Lum Patterson, who may well be termed the "boys' friend," has organized a school band, and these boys played several numbers very creditably. A number of good, pointed talks were made by some of the patrons and teachers present, all leading up to the matter of securing for this part of Holt county an approved rural high school.

There are several school orchestras now being organized in the live, wide-awake schools of our county. This one at New Point, under the able management of Mr. Patterson; an orchestra in both the Oregon and Forest City high schools, with Mr. Salmon, of St. Joseph, as instructor, and one at Mound City, instructed by Mr. Earl Greene.

The Teachers' Meeting on Saturday afternoon, September 22, will be held at Forest City, at 1 o'clock, in the high school auditorium.

The program will be as follows: Address by Mr. Francisco.

Teaching of Decimals.—Demonstration Lesson by Mr. Hisey, of Kansas City.

Teaching of Beacon Phonics.—Demonstration Lesson by County Superintendent.

Talk on the Teaching of Penmanship with the Steadman Manual as Guide, Miss Dorothy Kurtz.

Penmanship Lesson Demonstration, County Superintendent.

Reading Circle Work.

The Oregon Reading Circle was organized last Friday evening. The next meeting will be next Friday evening at the home of Miss Rowena Pierce. All teachers holding renewable certificates must do this work before the superintendent can renew the certificate.

The Normal schools are adding to the interest in the State Teachers' Reading Circle work by extending credit in their courses on compliance with certain conditions. Many teachers will no doubt wish this credit to apply on Normal School courses. State Superintendent Lamkin makes the following recommendations concerning secondary credit for reading circle work:

One-fourth secondary credit for reading circle work; two of the four

One Thing's Sure

Every item that goes into the making of clothes has gone up in price,—woolens, trimmings and the wages of labor.

This means either—

you must pay more for good clothes
you must pay the same for inferior clothes

OR

you must choose your clothes-maker intelligently

We have done it for you. We have chosen

MICHAELS-STERN & CO.

OF ROCHESTER, N. Y.

because this is the firm which we know
has the capital
has the experience
has the skill and will
to buy right—to manufacture right—and to sell right.

And here's the result—

We can sell you the same high grade of MICHAELS-STERN Clothing this season at the same moderate prices as last season.

Don't you think we deserve your business this Fall?

DAWSON-CAMPBELL CLOTHING CO.

Treats Both Acute and Chronic Diseases.

Office Southeast Corner of Square.
OREGON MISSOURI

Kindly Words.

J. W. Hill and wife, of Fortescue, Mo., motored to White Cloud, on Wednesday. They are very proud of our new ferry and say it means much to the people on the Missouri side as well as on the Kansas side. They think our ferryman a most obliging personage, and know he will draw the traffic this way. Mr. Hill has the Silver Moon theatre at Fortescue, and he now feels that it will pay him to patronize the White Cloud paper. He subscribed for it while in town and also left a contract for regular advertising space. Read what he says in our advertising columns. He can do a business now which was not possible without our local ferry.—White Cloud, (Kansas), Globe, Sept. 13, 1917.

M. E. Church Notes.

There will be no preaching service next Sunday morning. Sunday school will meet at the usual time.

The Epworth League will meet at 8:45 p. m., with Morty Dobyms as leader.

Annual conference will be held at Braymer, Mo., beginning Wednesday of this week.

C. F. HAND, Pastor.

Attention, Comrades!

Members of Meyer-Post will be the guests of Mr. and Mrs. George Seeman and Mr. and Mrs. J. A. Kreek, at the home of the former, on Saturday, September 22d, at 2 o'clock, p. m. All comrades are urged to be present.

G. W. CUMMINS, Commander.
F. S. MORGAN, Adjutant.

—A good blind team for sale. Will sell one or both.

H. S. HANNA.

books must be studied before credit is received, and provided further that the total credit given in any one year shall not exceed three-fourths secondary unit.

2. It is recommended that two books be studied simultaneously.

3. Reading Circle work for secondary credit must be done in a reading circle center composed of not less than five nor more than twenty teachers, including the leader.

4. Each reading circle must hold not fewer than nine meetings.

5. A maximum of 60 minutes in each book must be spent at each meeting of the reading circle center, or a total of 120 minutes must be spent on the two books at each meeting.

6. The final examination for reading circle work will be given by the county superintendent at the time and place of the March examinations for teachers. The examination questions are to be furnished and the papers graded by the institution in which credit is desired.

The spelling words for next week are: review, hearth, bachelor, said, apology, annual, foreign, sleigh, machine, telephone, automobile, wrote, laughable, intelligent, lovable, obedience, community, missionary, recognize, caught, phonic, cough, tyranny, twilight, athletics.

ALBERTA GREEN-MURPHY,
County Superintendent.

Narrow Escape From Fire.

Bruce Bullock, of the Monarch school district, with his car had a close call from being destroyed by fire, Friday evening of last week, September 14. He had started for Nodaway to catch a train for St. Joseph, having shipped some hogs, but being low on gasoline, stopped at Mr. Jesus Chilcutt's to replenish his tank, and using a lantern for a light, the gas reached the flame and soon everything about the car, and Bruce also, were in flames. Bruce, with rare presence of mind, grabbed the cap of the barrel, screwed it on, but not before he received a few burns on his hands, but fortunately not serious. The upholstery of the front seat and arm rests were burned off, before the fire was checked. The loss will not be great. But say, it was a very close call for all concerned, and also the car and barn in which the gasoline was stored.

FOR SALE.

40 acres, 1 1/4 miles northeast of Forbes, Mo. Seven-room house, small barn, with cow shed and crib on side; hog shed, hen house, smoke house, 4 cisterns; 8 or 10 acres in orchard; 7 or 8 acres in timothy; balance in meadow and pasture. All new strong land. Will trade for good 80. See me for price.

CLYDE McWILLIAMS,
Forbes, Mo.

—Circuit Clerk Dunham and Henry Dankers were St. Joseph visitors, one day, last week.

ZEPHYR FLOUR

—a lesson in food values.

It isn't accidental that bread and butter, or meat and potatoes, have a daily place on every table.

These two food combinations, more nearly than any others, contain all the elements needed to nourish and sustain the human body. Either combination is a perfect food in itself.

Scientifically chosen for pure nourishment, ZEPHYR bread (with butter) is by far the best balanced and most nutritious of the two—the very cheapest food known.

	Cost of 2500 Calories	Fats	Carbohydrates	Protein
Zephyr and Butter	19c	86.0%	75.1%	12.4%
Meat and Potatoes	44c	16.2%	14.7%	18.3%

At one-half less cost ZEPHYR bread and butter yield five times the fats and five times the carbohydrates of meat and potatoes combined.

Ten cents' worth of ZEPHYR bread and butter provide over ten times the energy, together with more tissue-building protein, than the same amount of meat and potatoes. Choose food scientifically. Use more ZEPHYR—the heartiest, sturdiest, cheapest food in the world.

Fats and carbohydrates sustain and operate the body; proteins repair it.
