

The Holt County Sentinel.

53D YEAR.

OREGON, MISSOURI, FRIDAY, OCTOBER 12, 1917.

NUMBER 24.

County Court.

The county court was in session for a couple of days, last week, and not having much business, they hiked for their homes.

A petition asking for a new road in Hickory township, running east from New Point, was filed by Elsie Hardman, S. H. Fleener and others. The petition was signed by the requisite number of signers, and no remonstrance was filed, and Wm. Pralwater agreed to give right-of-way. The court believed the new road a public necessity and that vacation of the old road would be justifiable, and that expense of same should be borne by the petitioners. County Highway Engineer Perst was instructed to mark out and survey the new road 40 feet wide and take relinquishments of rights-of-way, and those refusing, to ascertain damages claimed, and to make estimate of cost of bridges, culverts, grading, etc., and to file his report by October 20th.

The state auditor was authorized to draw his warrant in favor of the county treasurer for amount of county foreign insurance tax apportioned to Holt county. Also to draw his warrant in favor of the county treasurer for state's proportion due to the county superintendent of schools for quarter ending September 30.

J. W. Patterson filed his right-of-way for road, 40 feet in width, on the south line of the northwest-fourth of the northwest fourth of 11, 60, 37.

The report of the state tax commission certifying the valuation of all railroad, telegraph and telephone property for 1917, as fixed by the state board of equalization was taken up by the court, and the various tax levies was ordered in accordance therewith, to-wit: State revenue, 15c on the \$100; state interest, 1c on the \$100; state capitol, 2c on the \$100; county revenue, 30c; county road, 10c; county road fund for special districts or other districts, 25c. The levy for taxes of towns in county on this property are: Maitland, 95c; Oregon, \$1.00; Forest City, 50c; Mound City, 85c; Craig, 25c; Bigelow, 25c; Corning, 25c. For school purposes, .5573; school tax for building, .08753; total, .6449 cents for school tax on above property to school districts. In independent school districts having local railroad, telegraph and telegraph property, found that tax for school purposes on said property under Section 11,583, R. S. of Mo., 1907, should be and is now fixed and levied upon as follows: Corning, \$1.25 on the \$100; Consolidated District, No. 3, \$1.50 per \$100. The county clerk was ordered to make the railroad, telegraph, and telephone tax books.

They Help.

County Clerk Kunkel has completed the railroad, telegraph and telephone tax books for the year 1917, and one can form some idea of their helpfulness in a financial way when their total tax accounts to Holt county alone total \$12,868. Now there are 114 counties in the state, and while some of these do not pay so much taxes as is paid in Holt county, there are many that are much larger, and one can see what a help these "cruel" corporations are to the state.

The C. B. & Q. system in the county and its branches are valued at \$1,025,803, on which they pay a total tax of \$18,115.17, divided as follows: School and building fund, \$7,905 County, 4,920 Road, 3,075 State, 2,214

Total, \$18,114. The Oregon Interurban railroad pays a total tax of \$272.87; county, \$68.72; road, \$47.25; school, \$123.66; state, \$34.52.

The telegraph and telephone companies put into the treasury the sum of \$2,383. They pay \$548.35 into the county fund; \$342.78 to the road; \$248.61 to the state and \$1,243.54 to the school fund.

An Early Bird.

We greatly enjoyed a visit from Dr. Dan Guilliams, of Craig, who was here, one day, last week, before the county court on some road matters.

Dan is a native born Holt countyite, having arrived at his father's home in Union township, July 12, 1855. He is the son of the late Calvin M. Guilliams, who located in Union township in 1849, and built the old Guilliams Mill, on Big Tarkio, 3 1/2 miles north of Craig. It was a water-power, with two runs of burrs, and he also ran a saw mill there. Dan was born on the old home farm, one mile west and half a mile south of Craig, and has lived in the township all his life—63 years. He farmed most all his life, but for the past few years has been in the feed business in Craig. He is also a practicing veterinarian.

He married Martha Seabourn, July 23, 1874. She was born in Harrison county, this state, in February, 1857. She is the daughter of Jacob Seabourn, who came from Harrison county to Union township in 1853. They have two children, Mrs. Charles Cies, of Craig, and Emmett D., who farms his father's place. In addition to his Craig business, he keeps his business office on his two farms in that township. He located in Craig in 1892, and engaged in the livery business until 1893. He also owns some good properties in Craig.

Depot Robbed.

The depot at Forbes was entered Sunday afternoon, October 8, and a watch and \$15 in money was stolen. The St. Joseph police department was promptly notified.

A 1-Cent Stamp Placed Here.

Oregon Red Cross Branch.

The organization of the Oregon Branch of the Maitland Chapter of the American Red Cross was completed at the meeting held last Friday night, October 5th. Mr. William P. Schulte, cashier of the Citizens' Bank, was elected chairman; Mrs. E. A. Weitz, first vice-chairman; Mrs. C. D. Zook, second vice-chairman; Mrs. J. G. Ensor, secretary, and Mrs. J. C. Whitmer, treasurer, and no change was made in the personnel of the departments of the work, from those in the work under the War Relief Club. This, with the addition of a business man at its head, leaves the work under the same management as it has been conducted, and means that there will be no hitch whatever in continuing the relief work.

The committee for soliciting membership reported varied results. Their work was at a disadvantage, for when the drive was made last June to secure subscriptions to the \$100,000,000 Red Cross War Relief Fund, many thought their subscriptions entitled them to membership. But this was not true, unless they made special request that one dollar of their donation should go to the membership fund. Everyone waived that here, during that campaign, as the desire was that all subscriptions should go for relief purposes. The campaign for membership will be continued. What the society wants is membership. And it is necessary that one dollar be accounted for for every member. When everyone understands how the misunderstanding came about, we feel sure that they will want to give another dollar for membership in the home society, as they know that their first dollar went to a good purpose and that this one will also. The Oregon Branch should have a large membership. First, because we want everyone to be interested in its work, and second, there is inspiration in a large membership. If you are not already a member, send in your name to Mrs. J. G. Ensor, secretary. We especially wish those residing in the country to send in their names. We will see all we can outside of town, but will ask everyone interested to send in their name now, without waiting for a call on them.

Another meeting of the Branch will be held in the court house, this Friday night, October 12, at 8:00 p. m., and every one is cordially asked to attend.

Public is Warned.

Notice to the public to make its war tax to the government, under the new revenue law, was issued Friday last, October 5, by the internal revenue department in an interpretive statement of the law's operation. Warning was given that in no case would the government take the initiative in getting in returns, although all returns would be verified, and that everybody concerned should communicate promptly with the nearest revenue officer.

Persons failing to make returns, according to Revenue Officer Roper, will be regarded as tax "slackers," and penalties will be enforced against them. SEED CORN CAMPAIGN.

Beginning October 15th, 1917, a three-day seed corn campaign will be held in Holt county, through the efforts of the United States Department of Agriculture, the State Agricultural College, the Holt County Council of Defense and the Holt County Farm Bureau.

Mr. Carl Gillespie, of the Agricultural Extension Department of the State Agricultural College, will hold meetings in Holt county, as follows: October 15, Maitland, Field Meeting, 10:00 a. m.

At the field meetings, Mr. Gillespie will go with the farmers into the corn field and explain seed selection by practical illustrations. Every farmer should attend one of these meetings. Actual experiments show that the yield of corn can be increased from ten to eighteen bushels per acre by scientific seed selection. CHARLES D. ZOOK, Chairman. Holt County Council of Defense. FRANK PETREE, Secretary.

It Is So.

There's a baby in the family now, which confers upon Jonathan J. Lukens the distinction of "grandfather," and he acts as if he was the only one of the kind on earth, but we guess it is just that way when folks become grandparents for the first time—after a while you know, it gets to be old; but we don't blame him, only we ask him not to "jesticulate" so, for he is liable to strike some one.

You see affine baby boy was born to Mr. and Mrs. Clarence Stevenson, at Cadiz, Ohio, Tuesday, October 9, 1917. The young mother was formerly Miss Florence Lukens, and Grandpa L. says his name is Jonathan.

Well Pleased.

John Dreher and A. E. Keley have just returned from Nemaha and Marshall counties, Kansas, where John bought 160 acres in Marshall county. John Dreher and A. E. Keley have already bought 80 acres near Centralia, in Nemaha county. They will both move there in the spring. They were well pleased with the country. They brought back some fine corn and millet, raised by Arthur Hibbard and Henry Crider, both former Holt county citizens. It can be seen at this office. We are sorry to have these citizens leave us, but wish them health and prosperity in their new homes.

Leg Broken and Badly Bruised.

Friday, Sept. 28, Vince Crider was applying liniment to the neck of a horse, and in some manner the animal became uncontrollable and struck Vince, bruising the right arm, chest and right cheek bone, and breaking the right leg, just above the shoe top.

Doctors McFall and Kearney rendered the necessary attention, and at last reports Vince was doing nicely, but it will be some little time before he will be up and around again.

Of course, the school house can not be moved now, but could there not be a speed limit placed on our school grounds before some of these dear little children are killed. Let us see what can be done.

ONE WHO WAS THERE.

From Lieutenant Munn. Camp Doniphan, Okla., Sept. 29, 1917.

Oregon Sentinel:—Well, boys, I want you to send The Sentinel to me here, as we are always glad to get the paper from home. My wife is here, and snugly housed at Medicine Park, which is a great place to fish and enjoy life. Lieutenant Dr. Sam Simpson called on me this morning.

He is about three miles from here. Harry Smallwood, Mercer Hinde, and the Allen boy are all here, although I have not seen Harry Smallwood since we left Nevada. The camp begins to assume the proportions of an army camp, and I want to tell you, Brother Dobyns, we have a great deal better accommodations than you had in '61 in every respect. We are enjoying good health, and all who take care of themselves, and are also taking up training in modern warfare. We have six and one-half hours' drill per day, and 1 1/2 hours school. We are working out plans for consolidation with the Third Kansas Regiment, making 250 men in each company, six officers, 1 captain, three first lieutenants and two second lieutenants. The officers of Co. I, all outrank the officers of L from Kansas. Regards to all the Oregon people.

Yours very truly,

C. E. MUNN, Co. I, 139 U. S. Infy.
