—A brilliant surprise party was given to Wm. Baker, Sr., at his home, Sunday, April 22, twenty being invited. Entertainment was given by 21 present, and all brought well-filled baskets, and an un-forgotten dinner was spread. They all reported a fine time, and wished Mr. Baker many more happy birthdays.

—On last Thursday night burglars entered several places in our city. The person or persons broke into the warehouse of the Cotten & Lyons Hardware Co., where they found a Ford truck, and ran it outside, but evidently it was not the kind of Ford they were looking for. They also broke into the C. C. France Furniture Store, but nothing was taken. The door of the H. W. Fuchs garage were opened. The hood of an Alford Norton was stolen, and the hood and the hood were taken to Oregon, Thursday night, and returned home about 10:30 P. M. Saturday. Albert went to Oregon and took the hood to his home in Oregon. There was an old pile of oil in the barn, where he has a house. They pulled the car out in the back yard, where the hood is hanging and the hood would be used in a garage near the house, where W. R. Keaster lives. Two cars were seen by Mrs. Nelson driving on country roads and a lot of noise making the engine started, but finally stopped. The car and two men were seen heading towards Oregon. After Albert found his car was gone, he went over to his neighbor, Fred Landers, and got Fred to go with him, and they followed the tracks towards Oregon. Albert then telephoned to the chief of police in St. Joseph to look out for his car and notified all of the other towns and cities around close. After dinner there was a searching party formed, and six cars went around to different places, the car finally being found near St. Joseph, but no trace of the thieves.
