**Obituary.**  
 James Quick was born March 22, 1849, in Buchanan county, Mo. He moved with his parents to Holt county, Mo., the same year and there grew to manhood. In 1873 he was united in marriage to Miss Alvira Hahn, a daughter of Richard and Catherine Hahn, of Forest City, Mo., and to this union were born four children, two of whom passed on before him. On December 18, 1881, his wife passed away, leaving him with the care of three small children. His only sister, Rebecca, assisted him in housekeeping and reared his three children to womanhood.  
 He passed away in the hospital at Falls City, Neb., January 19, 1920, at the age of 70 years, 10 months and 27 days. He leaves to mourn his departure his only sister, Rebecca Quick, and two daughters, Carrie Quick and Mrs. Chas. F. Sipes, four grandchildren and one great-grandchild.  
 His religion was the Golden Rule. He was a good neighbor. He was baptized a few days before his death, and died in the saving power of Jesus Christ. His remains were laid to rest in the Maple cemetery, Salem, Neb. The funeral services were conducted

in the Congregational church, by Rev. Frederick, Thursday, Jan. 22.  
 Mr. Quick was a brother of the late Judge, of this county.

**County School Notes.**  
 There is a drive now in progress to bring the army into close touch with civil life. Educational and vocational schools are now in operation in the camps, and if the people will interest themselves in the matter, each camp will soon become a great Military Academy with all the advantages such schools confer upon the individual, the community and the government.  
 In order to familiarize the people with the government's new military policy, the school children of the country have been asked to write an essay on "The Benefits of an Enlistment in the U. S. Army."  
 The teachers of the United States are thus called upon to perform a great national service which is vital not only in establishing a secure peace, but further civic advancement.  
 The rules of the contest are as follows: Essays are to be written in school on Friday, February 20, 1920, from notes if desired. No essay to be over 400 words in length.  
 Write only on one side of the paper. Essays to be judged strictly on basis of originality, expression and sincerity.  
 A board of three persons will select the best essay from each school—in the rural schools, the teacher will make the selection, and send it to the Army Recruiting Officer, Kansas City, Mo., who will appoint a board to select the best of those received by him to be forwarded to Washington, where another board will select the best three for prizes.  
 Then on May 5, 1920, the three winners, accompanied by parents or guardians, (railroad and all expenses paid to Washington and return for both winners and parents), will be presented with medals by Secretary Baker himself.  
 Gold medal, suitably engraved, to winner of first prize.  
 Silver medal, suitably engraved, to winner of second prize.  
 Bronze medal, suitably engraved, to the winner of the third prize.  
 In addition, three beautiful silver cups, suitably engraved, will be presented to the winners by Secretary Baker to be carried back home as prizes for the school they attend.  
 The essays must be forwarded not later than Feb. 27, 1920, to the Recruiting Officer at Kansas City.  
 Now teachers, help your children to get to work. It may mean a free trip to Washington for some Holt county boy or girl.  
 In the Harmony school, Hazel, Esther and Lawrence Brown, Leonard Gallagher, Ray and Margaret Crist and Glen Appleman were perfect in attendance for the first half of the year. The pupils are greatly enjoying their hot lunch each day, and the patrons are well pleased over it. Miss Meadows, the teacher, who had been trying to drive back and forth from her home during the first part of the school year, has at last been able to secure a pleasant boarding place in the home of Mrs. Ross Appleman.  
 The Kinsey school, according to an

interesting letter from the teacher, Miss Pauline Wright, will have eight months of school this year. Sickness is depleting the ranks of the attendants. It is to be hoped that every one will soon be well and back in his place at school.  
 The new teacher of the Minnesota Valley school writes: "I just know that I have the nicest school in the county." That is certainly a splendid attitude to have with regard to her school. The receipts from a recent box supper made it possible for the school to buy a Victrola. The Farmers' Club meets in this school room every week or two, and the members are so pleased with the new music machine that they have offered to help buy the records.  
 In the Blair school those perfect in attendance for the first half of the year are: Mary, Denzil and Alvin Kinney, John, Dorothy, Daisy and Willis Long, Alta Munkres, Daisy Pierson, Rex and Helen Shunkwiler, Beattie Price, Ruth and Thomas Lawrence, Edna and Geneva Hickman. This school has an enrollment of 47. The menu for their hot lunch last week was: Monday, vegetable soup; Tuesday, chicken; Wednesday, noodles; Thursday, pudding; Friday, beans. That certainly sounds appetizing. Blair's report for the Christmas seals sale is \$7.37.  
 We are so pleased that a number of Holt county school children were able to go to Columbia for Farmers' Week and participate in the various contests which form part of the week's program. Ralph Walker, of Consolidated District No. 2, won first place and Wesley Shunkwiler, of the Blair school, fourth place in the state. A letter just received in this office from Wesley Shunkwiler describing his trip will be found in another column of this paper.
