

Benton.

Mrs. John Magoon is visiting relatives at Bloekton, Iowa. Mr. and Mrs. J. L. Andler and three younger children, and Mrs. Mary, J. L.'s mother, returned Sunday evening from visiting relatives in Horton and Wetmore, Kansas. They went by auto, had a pleasant trip and a most enjoyable visit. The principle of the party being the gathering of relatives on Saturday at the home of Wm. Wischart and wife, to celebrate their thirty-fifth wedding anniversary, which was on the fifteenth, but on account of the rain here on Thursday, J. L. Andler's were unable to reach there until Friday evening.

At the Ralph Emerson home, Sunday, October 17th, after the services, the Emerson and Trimmer families were entertained at an elegant dinner. Twenty-two were present, and ten, who were invited, were unable to be present.

Miss Cora Field, of Oregon, spent the week-end with her sister, Mrs. Dale Emerson, and brother, Lee Field. Miss Elizabeth Field visited in Oregon, last week.

A young people's meetings was organized at the church, Sunday, a few weeks ago, with Mrs. Alta Beavers, president and Gale Emerson, vice-president. We hope much from this. Please come, everyone.

Bert and Grover Internail and nephew, Glen Hutton, came in last week from Haxtum, Colo., to visit their many friends and relatives. They drove through in their car, Grover returning home by train, after a few days' visit.

Paul and Donald Emerson are picking apples at the Glenn orchard, at Mound City.

Ed Evans, wife and son, Fred, "Uncle" Frank Shackelford and Mr. and Mrs. Chas. Evans, spent the day one day last week at the Robert Emerson home.

VERITAS.

Highland Items.

Mrs. Mahola Brock, of Forbes, was here, Sunday, visiting her son, Walter Brock, and family.

Mr. and Mrs. Charles Weiman spent a couple of days this week, with Homer Edwards and wife, of the Lincoln district.

Mrs. Susan Bledsoe, of near Forest City, who was the guest the past week, of her niece, Mrs. Ed Eads and family, returned Monday to her home. There will be Sunday school at the Highland church every Sunday at 10 o'clock. Everybody welcome.

O. H. Clark, H. B. Higham, Ezra Downs and W. Warrenburg, all of St. Joseph, spent a few days at the Highland Fruit Farm, the past week.

Cloid Ashworth, who was badly hurt in an automobile accident, and who has been in a St. Joseph hospital for treatment, has recovered so far as to be able to be taken to his home.

Miss Leah Elder, of Forest City, is visiting with Ed Sipes and family.

Mrs. John Foster left Wednesday for a week's visit with relatives in Cameron.

Bernice Floyd Lease of Forest City, spent Sunday at the Sidney Eads home.

Mrs. Roy Grimes entertained the Highland Ladies' Club. Those present were: Mrs. George Taylor, Mrs. Clarence Bradley, Mrs. Sidney Eads, Mrs. Emma Grimes, Mrs. Susan Bledsoe, Mrs. Harry Hanna, Miss Agness Schulte and the hostess.

Everybody come to the box supper and Halloween social at the Highland school house, Friday, October 29. Andrew Fryman, wife and daughter, Lo, of Woodville, spent Sunday with Harry Hanna and family.

BETTIE BLUE.

First Methodist Episcopal Church, Forbes, Missouri.

Church of the common people. Our services at Amazonia last Sunday were very well attended, and the interest was excellent, fully two hundred having heard the word during the day, and the superintendent of the Sunday school called a workers' conference for Thursday night of which we expect to hear good results. The services for Forbes on Sunday, October 24th, will be at 11:00 a. m. and 7:30 p. m. "Good Literature Day" will be observed at the morning hour, and the theme will be, "What Shall I read?" At night, "The Perfect Agreement of John the Baptist and Jesus." There are seats for two hundred. Let's make it an ovation at the night service. There were seven mothers with babies in their arms, at the last service; let us make it ten this time. Hitch up your forty horse Oakland, Studebaker, Dodge, Maxwell or Ford and come to the house of God. Remember the hour, Sunday school at 10:00 a. m., not one minute later. First and last call, Speed up, this is the twentieth century.

EDGAR O. WELLS, Pastor.

German M. E. Church Notes.

We have greatly enjoyed the revival at Richville, conducted by Rev. Hayden, of Chicago. During these meetings we did not have any Sunday evening service at the Nodaway church, this being done so that our people might attend the above meetings. We will have preaching and communion service at the Oregon church next Sunday morning. You are all welcome.

In the evening there will be preaching at the Nodaway church. Our union revival services will begin November 7th.

The Ministerial meeting will be held at Brother Roberts' residence, Tuesday, October 26th, at 10 a. m.

H. A. FIELDS, Pastor.

When Swallows Fly Low.

It is a sign of rain when swallows fly low. When the atmosphere gets saturated with moisture all insects make for shelter and come to earth. As the swallows hawk for insects on the wing it naturally flies low in search of its prey.

FARM BUREAU NOTES.

(W. C. Swarner, County Agent.)

Live Stock "Committee of 15"—A committee of 15, corresponding to the joint grain marketing committee of 17 will be appointed by President Howard of the American Farm Bureau Federation.

The live stock marketing committee, called by President Howard, met last week in Chicago and were in session one day. They decided that the best way to solve their problem was to have a committee appointed that would go after the matter in the same way as the joint marketing committee.

The following report was presented to, and accepted by the conference.

"The committee recommends that a permanent committee, of not to exceed 15 members, be appointed by J. R. Howard, president of the American Farm Bureau Federation, this committee to be composed of representatives of the various live stock organizations, to investigate live stock marketing problems; the members of this committee to report to the various organizations which they represent and to a conference of all interests to be called by the president of the American Farm Bureau Federation."

In the discussion following the reading of the report, it was brought out that this committee was intended to be entirely separate from the grain committee.

Farmers are Organized.—An idea of the rapid spread of the Farm Bureau movement can be gathered from reports from other states. Michigan now has 84,398 members and 59 organized counties. The Michigan State Farm Bureau is just a year old. A year ago the state officers were in two small rooms rented over a bank at Birmingham; today they own their own office building and warehouse combined.

In Illinois the 86 County Farm Bureau and their state organization have a membership of 99,302. In Missouri the membership is steadily increasing; the membership is now well past the 50,000 mark.

Calling Saves \$2000.—A report from the College of Agriculture, estimates that the culling campaign conducted in Bates county saved the farmers of that county not less than \$2000.

Thrashed Soy Beans.—Perhaps the first soy beans to be thrashed in Holt County were thrashed last week by Kennish & Claypool on Mr. Kennish's farm, in Liberty township. The beans were planted soon after the corn was planted last spring. They have approximately 100 bushel of seed, most of which will be for sale. It is the Morse variety of bean and one that is well adapted to this section of the state. They were thrashed with an ordinary thrashing machine owned by Chris Smith. By taking out the concaves and slowing down the speed of the cylinders, they were able to do a very good job of threshing.

The Holt county farmers who expect to plant soy beans in the corn next spring, should remember Kennish & Claypool, when buying their seed. More and more farmers in the county are growing soy beans in their corn. Leonard Botkin, New Point, has grown them with corn the last two or three years. This fall, after taking a bunch of fattening hogs out of a corn and soy beans, which he hogged down, brood sows and pigs were turned into the field to clean up the corn and soy beans. They relish the soy beans and apparently are doing well on them.

Russell Benner, one mile east of Mound City, had soy beans in corn this year. The beans were inoculated with bacteria obtained by the County Agent from the U. S. Department of Agriculture. An examination of the roots of the beans showed them to be well inoculated with the nitrogen gathering bacteria. These bacteria are excellent soil builders. Soy beans inoculated in this manner will help greatly to maintain the soil fertility, in addition to providing a lot of valuable feed.

Certified Flocks.—T. S. Townsley, poultry specialist, Columbia, spent two days in the county recently, selecting breeding flocks for the poultry co-operators who will have their flocks entered on the certified poultry list this year. Mr. Townsley went through each flock and picked out the hens that were the best egg producers and truest to type, for the breeding pen next spring. These hens were marked with leg bands. The intermediate hens were kept or the general laying flock. The low producing hens were culled out for the market. Each owner of a certified flock will get pedigreed male birds that are the sons of 200 egg laying hens and will keep a record of all expenses and income from the flock. Next fall, Mr. Townsley or someone appointed by him, will visit each of these farms and select the best cockerels and pullets hatched from eggs laid by the breeding flock selected this fall. These pullets and cockerels will then be listed for sale, provided the owner wishes to sell them.

Mr. Townsley thinks this is one of the most important poultry projects undertaken by the poultry department. That is, it will do more to improve the poultry of the various communities than anything else. He says that there is a very big demand for pedigreed pullets and cockerels of this kind.

Mr. Townsley selected breeding flocks for the following persons in Holt county: Fred Spring, Benton township; E. L. Bush, Liberty township; Mrs. Clyde Kuhn and Mrs. Shan Hardman, Hickory township; and Mrs. Nelson Noland, Lewis township.

Time to Select Seed Corn.—Now is an excellent time to select seed corn for next spring. A couple of days spent in the corn field before we have a hard freeze, selecting the best types of ears from the best types of stalks will be very profitable to any farmer. Of course, the corn selected, should be hung up in a dry place where the ventilation is good.

Many farmers of the county are selecting their seed in this manner. They have learned from experience that seed selected in this manner has a much

high germination, and usually comes up quicker and makes a much better growth than the seed selected from the crib in the spring of the year. Those who have weighed their corn know that they are able to increase their yield several bushel per acre by planting seed selected in the field.

Anyone doubting the advisability of selecting seed corn at this time of year can prove to his own satisfaction, the value of field-selected seed corn by selecting enough to plant several rows in the field along the side of crib-selected seed next spring. Suppose you try it once.

Club Pigs Win.—At the Woodville Community Fair, held at Oregon, the prize winning Duroc pigs were those owned by Murray Kunkel, son of E. A. Kunkel, Lewis township. Murray has a splendid type of Duroc pigs.

In visiting the Pig Club members over the county it is generally observed that the pigs grown by a club member are better than those grown by his father, provided his father does not have pure bred hogs. In most cases, the pigs belonging to the boy have had the same attention as those of his father. When one club boy was asked what his father had to say about the boy's pigs being better than his, the boy replied that his father did not have much to say.

Price for Husking Corn?—The County Agent has been asked many times regarding the price to be paid for husking corn, this fall. Not having any general opinion on the subject we have sent out a circular to every farm bureau member, asking for the general opinion of each community as to what would be a fair price for husking corn this fall, everything considered. He is also asking members who want corn huskers, to list their names and the number of hands needed and the time employment will be provided. Efforts will be made to supply these hands as needed through the co-operation of the Farm Bureau office and the U. S. Employment Bureau. Corn huskers who are looking for work would do well to leave their names at the Farm Bureau office.

A Surprise Dinner.

Mrs. Will Hurst and Mrs. Louis Hoffman planned a surprise dinner for Fred Hurst, Sunday, October 17, that being his birthday, at the home of his brother, Will Hurst. Will Hurst, Louis Hoffman, and son, Will, took Fred out to look over the farm. While away the crowd gathered. There were eight auto loads of them. When they returned to the house, Fred was sure surprised to see 68 people gathered to help him celebrate his birthday. A bountiful dinner was served to all. Those present were: Mr. and Mrs. Will Noellach and family; Mr. and Mrs. Louis Noellach and family; Mr. and Mrs. Charles Wright and family; Mr. and Mrs. John Wright; Mr. and Mrs. Louis Hoffman and son, William; Mr. and Mrs. Uly Weigel and family; Mr. and Mrs. Fred

Hurst and family; Miss Cora Noellach; Mr. and Mrs. Robert Noellach and family; Mrs. Lizzie Burns; Miss Helen Buringer; Mrs. Hannah Kramer; Mrs. Louisa Noellach; Mr. John Hurst; Mr. and Mrs. Wyck Greene and son, Gwynn; Mr. and Mrs. Will Hurst and family. The afternoon was spent with music and talking. Fred received many nice presents. The guests all returned home, wishing Fred many more happy birthdays. XXX

To The Sunday Schools of Holt County. Is your Sunday school report in? Are the reports from all the Sunday schools in your district in? If they are you live in Nodaway or Lincoln-Union districts. Is it your school that is holding your district back? Please find out. The secretary's report must be mailed out October 30. Nodaway schools now grade 50 per cent on the International School Standard; Lincoln-Union 72 per cent. The first fifty per cent on the County Standard is organization, convention, and county board work. We have this unless some district does not complete her list of divisional superintendents or district officers. If your list is complete you live in Forest City, Liberty or Lincoln-Union townships. Please remind your district or township president that you would like to see the list complete. Supposing our list is complete and reported, we then have 50 per cent on our County Standard. The other 50 per cent depends on our school standing on the International S. S. Standard. The average standing of the schools in the two districts reported is 61 per cent. Half of this, thirty and one-half per cent, is added to the 50 per cent earned on the first half of the County Standard, making eighty and one-half per cent. A Standard county is one grading 75 per cent. Seven counties reached this standing last year. Holt will this year, unless some district fails to complete its list of district officers and divisional superintendents, or some district is terribly low. If any school has earned any credits since reporting, please notify the county secretary. The offering raises your school standing three points. Has your district reached its apportionment on the county budget? Remember individual gifts are credited to your district. The schools and district superintendents will please fill and return at the very earliest date possible, the reports to the county divisional officers: Children's Division Superintendent, Mrs. R. E. Terhune, Mound City; Young People's Division Superintendent, Mrs. Leigh Wilson, Corning; Adult Division Superintendent, S. A. Coffman, Forest City; Administration Division Superintendent, W. C. Swarner, Mound City.
