

St. Joseph Girl Honored.

Mankato, Kansas, April 28.—Mildred Kaucher, daughter of Mr. and Mrs. L. Kaucher, 3133 Penn street, St. Joseph, was among the twelve girls in the Kansas State Agricultural College elected to the Phi Kappa Phi, honorary senior scholarship fraternity. Election to membership in this fraternity is regarded the highest distinction obtainable by a student of the college. Its membership consists of students who are in the first 10 per cent in scholarship standing for the four-year period of the college course. Miss Kaucher is taking the home economic course in the agricultural college, and will be graduated in June.—St. Joseph News-Press.

Miss Kaucher is a daughter of Lawrence Kaucher, formerly of this city, and now Chief Clerk, R. M. S., St. Joseph, Mo.

Missourians Meet. From a copy of the Vero, Florida, Press, of April 2, we learn that the Missourians down that way, had a real "get-together" time, on March 28, and the occasion was one of the happiest affairs in the history of those meetings, which are regular events down in that section.

The Press tells us that the splendid success of the entertainment is largely due to Miss Wilma, the accomplished daughter of Mr. and Mrs. W. H. Mills, of Clay township, who have the habit of spending their winters in Lucie county, Florida. The program, the Vero Press states, was in the hands of Miss Wilma, who succeeded in giving the people a splendidly arranged musical and literary program.

ADRIAN ONLY ENGLISH POPE is said to have been elevated to High Office Contrary to His Own Inclinations.

Pope Adrian IV was by birth an Englishman, and the only one of that nation who ever occupied the papal throne. He was a native of Langley, in Hertfordshire. He was born before A. D. 1100. His real name was Nicholas Breakspear. He is said to have left England as a beggar, and to have become a servant as lay brother in a monastery near Avignon, in France, where he studied with such diligence that in 1137 he was elected abbot. His merits soon became known to Pope III, who made him cardinal-bishop of Albano in 1154, and sent him two years later as legate to Denmark and Norway, where he converted many inhabitants to Christianity. Soon after his return to Rome, Nicholas was unanimously chosen pope, and he was crowned in London, in November, 1154. Henry II of England, on learning of his election, sent the abbot of St. Albans and three bishops to Rome with his congratulations.

LOST OUT BY SMALL MARGIN Daring Adventurer Played for Millions and Almost Succeeded in Dishonest Venture.

A remarkable rogue, at a time when the competition for that distinction is keen, was arrested recently. By name Surran, before the war he kept a small shop, eking out his legitimate profits by receiving stolen goods. This stage of his life ended in a blaze and he was sentenced to three months' imprisonment for burning down his place of business to get the insurance money.

Since the war he has become the most expert of all the taudils who prey on the immense dumps left behind by the American and British, and by perseverance he got together a large sum. Last August he tried a higher flight. Well dressed and suave, he presented himself at a certain dump in France and bought the whole place, the sum demanded being \$1,000,000 at the present rate of exchange. To arrive at this end with out actually paying a penny to the government he had to distribute \$10,000 in bribes and tips.

He immediately started to cart off his "purchase," but lack of capital was his downfall. He had hardly a cent left over from his gigantic campaign of bluff and bribery, and could not pay the wagon drivers, who complained to the police.—Manchester (Eng.) Guardian.

MILLIONS FOR WAR MEMORIAL Indiana Legislature Appropriated Nearly \$10,000,000 for Legion Structure at State Capital.

A suitable national headquarters building of the American Legion in Indianapolis was assured with the passage of three bills by the state legislature, appropriating almost \$10,000,000 for a war memorial structure, which will house the Legion's main offices.

Five city blocks in the heart of Indianapolis will be used for the memorial project. The building will be erected in the middle block, with the remaining plots transformed into a magnificent city plaza. At one exterior of the memorial site is located the Federal Postoffice building, erected at a cost of \$6,000,000. Facing the outer end of the plaza is the \$3,000,000 city library.

Tentative plans for the construction of the buildings are now in the hands of a state commission, of which Postmaster General Will H. Hays is a member. Selection of the architect will be made by the National Institute of Architecture, following a contest in

which all architects of America have been invited to participate. The legislature set aside a fund of \$100,000 to defray expenses of the contest and to award the artist whose designs and plans are adopted a prize of \$50,000.

Invitations have been issued to national headquarters of the Grand Army of the Republic, the Women's Relief Corps, Service Star Legion, American War Mothers, Spanish War Veterans and Women's Auxiliary of the Legion to occupy quarters in the Memorial building along with the Legion.

To Dr. T. Victor Keene, national executive committeeman of Indiana, will go much of the credit for making the war memorial possible. Dr. Keene fathered the movement from its infancy and fought for it when other Legionnaires, although supporting the fight, were fearful of success. Dr. Keene was the first officer of the reserve corps of any branch of service called to active duty during the World war. He was a colonel, medical corps, in command of base hospital 70 overseas.

The "MOTHER OF THE BONUS" Friendly Title Assigned to Kansas Woman Member of the Legislature and Called "Legislady."

Mrs. Ida M. Walker, first woman member of the Kansas legislature, is honored by American Legion members of that state with the title of "Mother of the Bonus," for it was Mrs. Walker who drew up and pushed through a state bonus, which grants ex-service men one dollar for each day of military or naval service during the World war.

Although Mrs. Walker cannot qualify for membership in the Legion or in its Women's Auxiliary, she has been a tireless worker for the cause which brought the organizations into existence, and for which they now stand. During the World war she was state director of women's work in the Belgian relief fund and also served as food administrator for her county. The "Mother of the Bonus" also assists her husband in the publication of a weekly newspaper and is a former president of the Kansas Federation of Women's Clubs.

The advent of Mrs. Walker to the legislature resulted in the passing of a new word. At long last distinction between male and female members, the recent session decided to refer to women lawmakers or "legislady."

Victory for the Legion. The closing of the United States public health service hospital for tubercular ex-service men at Markleton, Pa., by order of Assistant Secretary of the Treasury Ewing Laporte, is regarded by American Legion officials as a great victory for the ex-service men's national policy in regard to disabled veterans. This hospital was first denounced as an improper place for the treatment of tubercular ex-service men by F. W. Galbraith, Jr., national commander of the American Legion, in a speech in Philadelphia last November. His stand followed numerous investigations made by government authorities, and a public appeal from 96 tubercular veterans being treated there.

First in Membership Contest. In the first published list of leading points in the Kansas membership contest of the American Legion, Cal Mathewson post No. 280 of Edmond, Kan., takes first place. Next in order are the Legion posts at Sterling, Minn., Weir and Logan. Seventy-eight points in Kansas have already posted their 1920 membership, while 100 posts have no delinquent members.

LEGION LAWMAKER ALL THERE Youngest Member of North Dakota Legislature Produces Results for His Fellow Buddies.

To Robert J. Boyd, a member of Gilbert C. Grafton Post No. 2 of the American Legion at Fargo, N. D., goes the honor of being the youngest member of the house of representatives of the North Dakota legislature. He is twenty-five years old.

A former president of the Fargo Trade and Labor assembly and an active member of the Pressmen's union at Fargo, Mr. Boyd was active in support of several bills advantageous to organized labor. He was also a strong advocate of legislation backed by the North Dakota department of the Legion.

Among the results of his work are: the passage of bills making Armistice day a legal holiday; protecting the Legion emblem and increasing tax for bonus fund from three-fourths to one mill on taxable property. He also led the fight which resulted in the passage of a resolution urging congress to pass the Fordney five-fold compensation bill, a measure backed by the Legion.

Victory for the Legion. The closing of the United States public health service hospital for tubercular ex-service men at Markleton, Pa., by order of Assistant Secretary of the Treasury Ewing Laporte, is regarded by American Legion officials as a great victory for the ex-service men's national policy in regard to disabled veterans.
