THEY SAY

-That if you would know the value of a dollar, try to borrow one.

-That the homlier a girl is the fewer temptations she has to dodge.

-That the man who says he understands a woman fools nobody but himself.

-That the girls are "cleaning up" in their sport clothes on the tennis court this summer.

-That if war is hell it looks as though we are going to have a lot of hell for the next few weeks.

-That if all the June brides will just "stick" things will be booming around here next year.

-That there will be more visitors in Kansas City this year than ever before in its history.

-That a certain girl who is running around with a married doctor should be careful and not talk too much. Well, I should say.

-That when you go on the tennis court and sit with your legs crossed to your knees, exposing money placed in your stockings you are looked upon thereafter with suspicion.

-That Dr. Theo. Smith is the most ingenious and successful advertiser of the race in this section of the country. He knows how to get 'em comin' and gwine.

NOTICE

Those lying, cheating, measly, miserable Negroes to whom we have sent bills and our collectors numerous times asking them to pay what they justy owe us, and who repeatedly lie to us about paying up, may as well get ready to pay somebody, as we have put a white collection agency on their trail, with orders to attach everything they've got or get our money. "Nuf sed."
