Mr. Weaver has also secured the services of an instructor who has been instructing in one of the leading Automobile Schools for the past seven (7) years. He will have charge of the classes until Negro men and boys can be trained for instructors.

Mr. Weaver has decided to incorporate and sell a limited amount of shares at \$100 per share, with a guarantee of 6 per cent interest on every dollar invested. Parties who are interested, and have some money to invest, can get further information by seeing Mr. Weaver personally.

The following is a few extracts from a catalogue that is being sent out by the thousands every week from Mr. Weaver's office, and the return mail brings back hundreds of letters from glad hearts who have been looking and longing for this great opportunity. Some of them do not wait to write, but just get on the train and come to the school; others write and send in their enrollment fee, or say that they will be here as soon as they can get things arranged to come.

### AFRO-AMERICAN AUTOMOBILE TRAINING SCHOOL, KANSAS CITY, MISSOURI

The only Automobile Training School for Negroes in the World.  
Agents wanted in all Negro Districts. Free Scholarship to anyone who induces ten students to enroll.

There is a great opportunity for our men and boys to go into the various communities, open general repair shops and garages, and become independent business men. The school is located at 1420-22-24-26 Woodland avenue, Kansas City, Mo. A modern steam-heated brick building with 13,200 square feet of floor space, formerly occupied by the Sweeney Auto Training School for Whites which has since become the largest in the West.

#### QUESTIONS AND ANSWERS.

The following are a few questions that you may wish to ask before taking out scholarship in our school, also the answers. These are questions that are commonly asked by persons who are interested in taking a course:

- Q. In what kind of neighborhood is your School located?  
A. Our School is located in a high class Negro Resident District just three blocks from the Negro Business Center, and about five blocks from the Y. M. C. A. Building, fourteen blocks from the heart of the city, one block from the famous Paseo or Parade ground, as it is commonly called, where the city has provided lawn tennis, basketball courts, baseball and football grounds for the Negro citizens' use.
- Q. Does your regular tuition fee cover all the expenses of that course?  
A. It does. There are positively no extra charges. We furnish you tools and you have no books to buy. Everything in our School is for your use.
- Q. Must I have more than an ordinary education to make good in the Automobile business?  
A. By our method of teaching it is not even necessary that you know how to read and write. We teach you by real experience. Of course, the more education you have, is bound to help you.
- Q. Do you assist your graduates in obtaining a good paying position?  
A. It is a pleasure to assist our graduates at all times. For this purpose we maintain an employment department which keeps constantly in touch with private owners of all makes of cars, sales companies, factories, wholesale houses and other people who need competent mechanics and chauffeurs. We exert every effort to place graduates whose references are good and who, we are satisfied, are competent to hold positions with people who want and pay for competent help.
- Q. Is there any way in which I can reduce expenses while in school?  
A. In order to assist the student who demonstrates that he is thoroughly ambitious and still his finances will hardly pull him through the School, here in our city we can find employment for you so that you can work before and after School hours and earn your room and board.
- Q. What will be my total expenses while attending School?  
A. Your expenses will be as follows:
- |  |          |
|--|----------|
| Board and room, \$4.00 and \$5.00 per week, 8 weeks..... | \$40.00  |
| Tuition.....   | 75.00    |
| Laundry, spending money, etc., 8 weeks.....              | 8.00     |
| Total.....   | \$123.00 |

The above is the amount of money necessary to complete a course in the A. A. A. Training School. This pamphlet is gotten up for the purpose of giving prospective students an idea of what they may expect to find when they come to us, and what it will cost you to take out a scholarship in this School. We have arranged to have competent instructors in all departments, men who are experts in their particular lines. When you enter this Automobile Training School you come at once under the care of master experts whose sole business and duty is to see that you learn the Automobile business fully and completely, and know the why of every move you make. No "guess work," no "I think so," but plain straight proven facts told you in a way you can understand. As soon as you have completed the work in the demonstration department in the School, you are put to work on practice motors with your tool kit, under the care of an expert instructor who shows you how to make adjustments, repairs, rebuild, overhaul, etc. When you have finished the course you will be capable of overhauling, repairing, adjusting and driving any make of Automobile.

#### OUR SPECIAL OFFER TO STUDENTS UNTIL OCTOBER 15.

We are in communication with 200 boys and men from all parts of the country, mostly people from the rural district. They are interested in learning the Automobile business. Many of them have arranged to come as soon as the crop is harvested, others as soon as cotton picking is over. We want to give the fellow who can come now a chance to get in and out before the rush comes and therefore the following cut rates are offered:

To any student who enrolls now and makes a payment of ten dollars (\$10.00) on his tuition fee and comes to the school within the next thirty days prepared to pay forty dollars (\$40.00) more, will be given the complete course at the reduced price of fifty dollars (\$50.00).

#### GOOD POSITIONS WAITING.

There are lots of good positions waiting for competent chauffeurs and mechanics. Why not prepare yourself and get paid for what you know. If you haven't got all the money we will help you. We have an employment department that will assist you in getting a job to help pay your expenses.

To the Baptist Sisterhood of Missouri. Dear Sisters:—  
The Woman's State Convention will convene in Springfield, Mo., on Tuesday, October 16, 1917. This will be one of the most important meetings ever held by our women, as the need of our school is more pressing at this time than ever before. We are called upon to make greater efforts to meet those needs and every circle should do its best to send the largest offer-

ing it has ever sent up. If you cannot send a messenger, send a letter with your offering. This work belongs to the baptist and to allow it to fall will be a lasting disgrace as well as reproach upon us as christian women whom God has so signally blessed. Every sister who reads this should send us some article for a bazaar. Send your contribution to the corresponding secretary, Mrs. C. R. McDowell in care of the Washington Ave. Baptist Church, Springfield, Mo.

large crowd attended the funeral of Mrs. Frances Grant Myers last Saturday, September 30, at the First Baptist Church, of which she was a faithful member. She had been ill for some time. She was highly respected and had taught in the public schools here for a number of years. She leaves a husband, sister and a host of friends to mourn her loss.
