Selling Books by Subscription.

The method of selling books by subscription
has many advantages over any other, and is
daily growing in importance and popularity. By
this method the attention of the purchaser is
called to valuable books which he might re-
main in entire ignorance if they were sold in
any other way. It is the most direct and al-
together the most economical way to buy books.
Books purchased at a retail book store have
generally passed through the hands of from two
to four middle men, each of whom must have a
profit. The Riverside Publishing Co., St. Louis
Mo., offers profitable employment to all who
wish to engage in the business. Experience is
not necessary, but any lady or gentleman with
intelligence and industry can make a success of
the work. Their publications are first class,
just such books as our young people and our
older people should read—books that tend to
make intelligent men and women; books that
teach people things that they ought to know;
such books as a splendid Family Bible, which is
in itself a perfect encyclopedia of biblical know-
ledge; Ripley's History of the United States
is another splendid book in sale of over 300,000
copies speaks loudly in favor of its great worth.
The People's Encyclopedia of Universal Knowl-
edge is another work that has carried its way to
a wonderful success; 100,000 copies of this splendid
encyclopedia, made and edited especially for
the masses, have been sold, and the sale is still
very large. They also handle the Red Letter
Life of the Republic, Stanley Explorations in
Africa, The Pioneer History of America, People's
Farm and Stock Encyclopedia, The Physi-
cal Life of Both Sexes, Courtship, Love and
Wedlock, and History of the Great Army of the
Republic. Another splendid book, averaging a
fifteen hundred sets a month, is Ripley's Cyclo-
pedia of Universal History, a book that is
bound to be read by tens of thousands of schol-
ars, and by those who lay no claim to schol-
arship, and who yet love a clear, straightforward,
unmistakable record of the great events of
the world's history. The popularity of this book
is something wonderful.

Why call a ticket composed exclu-
sively of democrats a "citizens'

has been done?

COLEMAN, Mo., March 15, 1890.
—With this date the publication of
the Weekly Weather Bulletin is re-
sumed and will be issued hereafter
each Saturday during the crop-grow-
ing season.

The weather during the winter, up
to about March 1, was unusually
mild, causing vegetation to start.
This, followed by the low tempera-
ture of the present month has been
injurious in some instances. It is
feared that the peach fruit buds are
all killed.

The outlook for winter wheat was
flattering up to March 1, but since
then considerable injury has been
reported, particularly in the eastern
and southeastern sections. Heavy
rains in the latter section have been
the damaging cause. The condition
is on the whole favorable.

LEVI CHUCK,
Secretary State Board of Agriculture.

CORRESPONDENCE.

SCRUGGS.

Do some kind soul lift the veil and
give us some news items.

Between lagrippe, bad colds and other
diseases, a number of our citizens are on
the sick list.

Mrs. Stehline, wife of Joseph S., died
at her home in the vicinity of Elston
Thursday of last week. We extend our
sincere sympathy to all the bereaved
ones left to mourn her loss.

Mr. John Stokes, formerly of here, but
now a resident of Morgan county, met
with a serious if not fatal accident one
day last week while at work around his
saw mill. Further particulars we failed
to learn.

After an absence of two weeks we will
again join the corps of REPUBLICAN cor-
respondents in sympathy with all un-
bounded citizens. There has been quite a
diversity of opinion among our people
as to the most direct road to market, the
bottom of the bottom road or the rail-
road.

Mrs. Francis Ogden, wife of Wm. Ogden,
residing near Scott's Station, died
February 8, after a painful illness of 10
days at the age of 53 years, and a mem-
ber of the M. E. church. Mrs. Ogden
was a noble woman and will be sadly
missed not only in her home, but by all
who knew her. She leaves a husband,
four sons and two daughters to mourn
her sad departure.

The gentle spirit has passed away,
Has left its earthly home of clay
For another home beyond the skies,
Where health, and peace, and plenty,
Lies.

Where sorrows of earth can never come
in,
Not trampled and bruised in busy
strife
But kindly released from sorrows of life,
Her spirit is free and at will to roam
Through the starry vaults of her father's
home.

Though forcibly parted on earth
From the image who gave us our being
and birth,
Our crowning object in life shall be
To meet her there in Eternity.

ELSTON ITEMS.

Ell Steely made a trip to the capital
city Saturday.

Simon Bondalier shipped a car load of
stock from this place Monday.

Dan Wade went up to California last
week on business connected with circuit
court, now in session there.

The shipment of wood from here has
been lively all last week, a car load
having been shipped nearly every day.

The Elston Sabbath school was re-
organized on last Sunday by the election of
Wm. E. Cleghorn as superintendent,
Samuel A. Pace, assistant, John E. Gar-
man secretary and treasurer, and Miss
Maggie Thomas librarian. Means were
also secured for supplies and literature
for the use of the school.

Mrs. Staibline, wife of Joseph Staib-
line, died at her home south of Elston
last Thursday. She had been sick for
quite a while. She was a good and kind
woman and leaves a husband and several
daughters to mourn her loss. Her fu-
neral took place at the Catholic church
Saturday.

Additional ground was contracted for
from Judge Elston Saturday for the use
of Elston cemetery. An estimate of
about \$200 was made of cost of ground
and fence. As soon as the funds are se-
cured contract for letting out the build-
ing of fence will be given. Cedar posts,
2 planks below and 5 wire above is the
kind of fence wanted.

We are sorry to report the death of the
youngest child of Geo. and Rebecca
McKinney. It died on last Thursday,
and was buried Friday in Elston ceme-
tery.

We learn that Mrs. S. M. Elston ne-
gated with parties for the sale of her
farm near or adjoining the Catholic
church last Saturday. The farm was
formerly owned by James S. Plummer.
We did not learn the consideration paid.

We are pained to report the accidental
death of John Stokes, who has been run-
ning threshing machines and saw mills
for many years in this part of the county.
After the threshing season last fall he
moved his engine and saw mill to Morgan
county, near the Osage river, where he
has been engaged in saving lumber up
to the time of the sad accident. It seems
he was engaged in fixing some part of
the machinery while in motion, and by
some means thrown in contact with the
ring wheel, striking him in the head, kill-
ing him instantly. Mr. Stokes was a
very useful man in his line of business.
He was a hard-working, industrious citi-
zen, and will be greatly missed by the
farmers in this part of the county. He
leaves a wife and several children who
have our sincere sympathy.

Mr. Geo. Leach, the business manager
of the new coal diggings on Dr. Elston's
farm, reports that they have struck a
regular bonanza at a depth of 130 feet.
They struck 10 feet in the coal and no
indications of bottom. The coal is of a
superior quality of any ever found in this
section, and he undoubtedly will have
very little trouble to find a market for
such coal, and indications are, that he
has struck about the center of the
pocket, and if so, it will prove to be the
biggest thing ever found in coal mining
in this county. We are glad to report
his good success. We hope before long
to report Elston to be booming as a regu-
lar mining town. All the country
needs is money, brains, muscle, The coal
and mineral is here.

CENTRETOWN ITEMS.

Uncle Sam Peters went to California
City, Mo., last Monday.

Capt. Johnson Glenn of Marion, was
in town last Monday.

only a great benefit, but very convenient
to our citizens.

Thursday. They were here to attend the
funeral of Thomas Freshour, who died
the 9th of this month.

Mr. Geo. Elliott of the dry goods firm

day. We understand they are doing
quite a lively business in the way of sel-
ling goods.

Mr. Wm. C. Thornton of Jefferson
City, was in town last Sunday, and made
the boys at the coal chutes a very pleas-
ant call while here. Thornton is a good
fellow and the boys appreciate his com-
pany very much.

Mr. Geo. Pope, owner and proprietor
of the City hotel, is giving his house a
general fixing up in the way of painting,
caulking, etc. Mr. Wm. Pope of
your city is doing the work. Billy is an
expert, and when he gets it finished and
George takes that Jefferson City girl in,
she will be mistress of one of the finest
houses in our city.

Louis dental college last week.
