A great many persons of this city and surrounding country will take their leave to enjoy the Fourth in other places.

Col. John T. Price of Slater, has announced himself as an independent democratic candidate for congress in the Sixth district, against John T. Heard. As we remarked before, there's trouble in the democratic camp, and the breach cannot be healed.—Ex.

The fact that the Missouri democrats are renominating their congressmen goes to show that they think it perfectly proper for men in such positions to bear false witness against the state whose interests they are sworn to protect and promote.—Globe-Democrat.

Aurora Springs is again booming her Fourth of July celebration. It is commendable in the people of that town to show such enterprise every Fourth. Several thousand people congregate at Aurora each Fourth, and generally enjoy the day sufficiently to return on the next Fourth.

A good farmer or a good, strong, independent candidate for the legislature—one pledged to keep out of the democratic caucus—can secure republican support. We intend to make this a bad year for democrats who belong to Vest.

It would appear that the democratic managers have palpitation of the heart about Missouri, when they send foreign speakers here to do campaign work. It is announced that Hon. W. C. P. Breckenridge of Kentucky, and Roger Q. Mills of Texas, will speak at various points in Missouri in July.

Rev. Pope Yeaman of Boone county has imposed upon the democratic party of this state "the duty of suppressing the Grand Army of the Republic." This Christian preacher and pulpit pounder of Columbia is very benighted or he would realize that he had let out a most stupendous contract to be filled by the democrats of Missouri. There are too many republicans in Missouri for the democratic party, even at the suggestion of the Rev. Mr. Yeaman, to successfully inaugurate "night raids," organize kuklux-klans, or in any way inaugurate the Mississippi plan of suppressing votes and carrying elections. The monument that marks the remains of sixty or more massacred union soldiers at Centralia, Boone county, the reverend gentleman's own county, stands as a rebuke of his desire and demand that the days of bill Anderson shall be revived in Missouri.—Kansas City Globe.

The case of Wm. Spohn against the Mo. Pacific has been reversed and remanded again by the supreme court. This case has been in court nearly 10 years, and is now sent back for another long delay. Where does a poor man stop when he gets into court?

The young people's society of Christian Endeavor at their recent meeting expressed themselves strongly on the temperance issue. "Resolved, That we condemn intemperance in any form; that we stand for total abstinence, for the suppression of the saloon and for the annihilation of the power of the whiskey ring in the politics of this nation."

What an impetus the temperance cause received by the supreme court. In speaking of it the Central Christian Advocate says: "There can be but one outcome to this conflict. We must surely throttle the liquor traffic as we did slavery. It was a decision of the supreme court that made the anti-slavery party national. It has rendered the same service for prohibition, and it has our thanks. We no longer fight in the dark. This new line of battle is one which we can win earlier and more certainly than any other."
