## Epitome of the Week.

INTERESTING NEWS COMPILATION.  
FIFTY-THIRD CONGRESS.  
Regular Session.

**TUESDAY, JAN. 31.**—In the senate a resolution was reported from the committee on foreign relations declaring that the provision of the Hawaiian Islands, having been duly recognized, should be allowed to pursue their course of policy. The federal election law was discussed. In the house a bill was introduced for the free coinage of silver dollars. A joint resolution was presented declaring the sympathy of the United States with the effort now being made to establish a republican form of government in the Hawaiian Islands. The tariff bill was further considered, and it was voted to place coal on the free list.

**WEDNESDAY, JAN. 31.**—In the senate the Hawaiian question came up again and after an hour's discussion went over for the day. The bill repealing the federal election law was further discussed. In the house an amendment to the iron schedule in the tariff bill placing iron ore on the free list was adopted. The income tax bill was reported from the committee on ways and means.

**THURSDAY, JAN. 31.**—In the senate the federal election law was discussed and protests were presented against the placing of coal and lumber on the free list in the tariff bill. In the house an amendment to the tariff measure calling for the free admission of all cotton machinery was defeated. An amendment to repeal the reciprocity act in the McKinley bill was adopted. At a democratic caucus it was decided to attach the income tax bill to the tariff bill.

**FRIDAY, JAN. 31.**—The session of the senate was devoted to a discussion of Senator Call's public land resolution and a general colloquy over the federal election bill. Adjourned to the 29th. In the house the only amendment to the tariff bill adopted was one increasing the duty on diamonds, 10 to 30 per cent ad valorem. The members of the judiciary committee adopted a resolution declaring that the secretary of the treasury has no authority to increase the duty on diamonds, 10 to 30 per cent ad valorem. The members of the judiciary committee adopted a resolution declaring that the secretary of the treasury has no authority to increase the duty on diamonds, 10 to 30 per cent ad valorem.

**SATURDAY, JAN. 31.**—There was no session in the senate. In the house the tariff debate was concluded, so far as it relates to the customs schedules. At least a hundred amendments were shut out. It was expected a vote would be taken on the bill on February 2, the interim to be spent in discussing international reciprocity. A bill was introduced to increase the revenue by a direct tax on land in the United States.

**FROM WASHINGTON.**  
In annual session in Washington the national board of trade declared in favor of foreign skilled labor being admitted and papers barred out. In the United States the exchanges at the leading clearing houses during the week ended on the 29th aggregated \$440,227,507, against \$424,925,925 the previous week. The decrease, compared with the corresponding week in 1893, was \$15,301,582.

**THE EAST.**  
The death of Mrs. John Bradlock occurred at 29 years of age. She was a Russian refugee, escaping forty years ago. The death of Miss Laura Schirmer Mapleson, the opera singer, occurred in New York. She made her debut when but 7 years old. While insane Mrs. Emil Keller shot and killed her husband, her 9-month-old child and herself in Auburn, N. Y. At Danbury, Conn., twelve of the hat factories resumed operations with nonunion men. Joseph Sibley (deceased) of Pennsylvania, forwarded his resignation to the governor as a member of congress. A successful trial of the monster Niagara falls tunnel water power was made. Flames destroyed the old Schuchardt homestead at Newton, L. L. containing the valuable collection of paintings, the loss being \$100,000.

**WEST AND SOUTH.**  
The leader of the Seventh Day Adventists of Battle Creek, Mich., Elder Uriah Smith, says the end of the world is near. One-third of the business portion of Solomon City, Kan., was burned. At Indianapolis Edward Thompson and his 10-year-old daughter were asphyxiated by natural gas. The prize fight at Jacksonville, Fla., between James J. Corbett, of California, and Charles Mitchell, of England, resulted in the latter being "knocked out" in the third round, giving Corbett the title of champion pugilist of the world. Fred Miller, B. B. Campsen and four others were drowned by a boat capsizing near Sullivan island, S. C. The three granddaughters of Frank Higgins were killed to death in his house at Crawfordsville, Ala. Flames destroyed St. Paul's Episcopal church in Louisville, Ky., the loss being \$100,000. Insurance, \$54,000. A snowstorm wrecked the home of a man named Thompson in White Bird gulch, Idaho, and his four daughters were killed. In the natural gas fields around Colton, O., cold weather reduced the pressure and great suffering was the result. Two young women at Freeport, Ill., saw several cords of wood doled by their church by a farmer. A snowstorm wrecked the home of a man named Thompson in White Bird gulch, Idaho, and his four daughters were killed. The loss being \$100,000. Insurance, \$54,000.

## MISSOURI STATE NEWS.

An epidemic of measles has been prevalent for some time in Kansas City. JOHN SHANE, a Kansas City butcher, was recently convicted of setting fire to the home of a rival. The people of Shannon county have rejected the proposition to vote bonds to build a court house. The millers of Kansas, Missouri, Nebraska and Oklahoma were recently in session at Kansas City, 150 being in attendance. Their liquor dealers and druggists of Kansas City have been indicted by the grand jury for selling liquor without a license.

ALLEN JOHNSON, 12 years old, was accidentally shot and killed at Fayetteville the other day while carelessly handling a target rifle. Two negroes were arrested at Nevada. It was believed that they were the assassins of Katie Jacques at Verona some time previous. WILLIAM HIGGINS, aged 53 years and a veteran of the civil war, was found dead in bed at Kansas City the other morning. Liqueur the cause.

The recent lawless acts committed in St. Louis county and the lynching of one of the criminals has led to the forming of a vigilance committee. According to the state geologist the production of lead and zinc ores of the state up to the close of 1893 has been 1,043,447 tons of lead and 1,197,593 tons of zinc. One of the school teachers in Kansas City, one month's pay the other day while returning home had her pocketbook stolen, containing the whole amount, \$45.

From January 29 the Santa Fe road has made a flat rate from Missouri River points to Chicago of 2 cents a hundred on wheat and 2 cents on corn. The rates have been 2 and 2 cents respectively. The cold snap at St. Louis was not without fatal results. John Frazee was so badly frozen that he could not recover. An unknown tramp was found frozen to death in a box car on the Iron Mountain railroad south of Carondelet. Mrs. Arentz, a farmer, was frozen to death near his home on the Air Line road a few miles out from St. Louis.

The secretary of state has granted a charter to the Williamsville, Greenville & St. Louis railway, representing a capital stock of \$1,000,000. The road is to be 100 miles long. It will start from Williamsville, in Wayne county, and end at the Mississippi river, St. Charles, Mo., passing through Madison, Bollinger, St. Francois and Perry counties. The gold mines on Pond creek, in Ozark county, are reported to be attracting considerable attention at present. Large bodies of land supposed to contain gold have been entered by a company formed for that purpose, and it is said to be positively known that there is something valuable in the ore taken out. The ore has been assayed and runs \$20 to the ton.

JOHN LYONS and Nevitt, of the St. Clair county court, who returned to the county jail at Kansas City recently after a brief absence, have been granted an indefinite release from confinement by Judge Phillips. They convinced him that their presence in St. Clair county was necessary and he told them to go home and transact their county business as could no longer be deferred. At the late annual meeting in Sedalia of the legislative board of the German-American church of this county, the district of Missouri, which embraces also the states of California and Oregon, reports from the different missions in the district showed that there were twenty-seven churches in western Missouri, five in California and one in Oregon, all having flourishing Sabbath schools in connection with them.

ABOUT 1,000 of the unemployed men of St. Louis were gathered at the St. 21st, closing with speeches in English and German. Resolutions were adopted protesting against the lock-out of the brewery workers and promising them all: demanding that wages shall be provided for all at union wages; the state extending an invitation to the workmen to join the socialist labor party, and denouncing present conditions as the result of degradation of a few days ago. At a meeting of the association resolutions were adopted authorizing the executive committee to fix the time and place of holding regular and special meetings; to suggest needed amendments to the by-laws and constitution and otherwise look after the interests of the association. The executive committee decided to call the next meeting at Kansas City on the second Tuesday in June of this year. It was agreed that Kansas City will be the headquarters of the association. C. A. Young was elected treasurer of the association.

**Burned Perpetually.**  
Wm. Quigley, a driver in the employ of the Missouri Pacific Co. at St. Louis, was badly burned the other day. Quigley delivered some gasoline at a business house, and naturally stepped up to the stove for the purpose of warming his hands. His clothes were set on fire and he was badly burned and caught fire. In a moment the poor fellow was blazing from head to foot. Ernest Hulsler, one of the men in the place, showed great presence of mind by catching Quigley and throwing him bodily through the front door and into a snowdrift. There he rolled him until the flames were extinguished. Quigley may die from his injuries.

**The St. Clair County Judges.**  
The German Methodist church in the suburbs of St. Louis was destroyed by fire the other night. Loss, \$65,000; insurance, \$45,000. The origin of the fire was a mystery. The church was a new one, and as the congregation and officers were in a dispute ever since completion a thorough investigation will be made. The general manager of the Kansas City, St. Joseph & Council Bluffs road states that the total amount received by the robbers at the recent hold-up near St. Joseph was \$317. The other night three men attempted to rob the bank at Parkville, but were frightened away before exploding the dynamite they had taken with them to blow open the safe.

**The Tubercular Congregational Church at Joplin,** was recently destroyed by fire, together with the residence of Rev. E. H. Willey, the pastor. Mr. Willey lost his library and household goods.

## MISSOURI LEAD AND ZINC.

The State Geologist's forthcoming Report Very Valuable and Complete. A Description of All the Important Deposits in Each County. The report on the lead and zinc ores of Missouri, which State Geologist Winslow is busily engaged upon, will be the most complete so far issued by the geological survey of the state. It will include a description of all the important deposits in each county of the state, accompanied by a discussion of the geology, of the mode of occurrence of the ores, their distribution, extent and origin. A chapter will also be included relating to the metallurgy of lead and zinc ores, and to the manufacture and utilization of these metals in the arts. Brief descriptions of deposits of lead and zinc ores elsewhere will be included for comparative purposes, as well as statistics of lead and zinc in the world over. A full chapter will be devoted to the history of lead and zinc mining in Missouri, for which a great amount of original material has been collected. The geologist has extracted from this chapter, it presents for the first time a complete statement of the production of lead and zinc ores by counties, and will be of interest to all. If the approximate average values at \$40 per ton for lead ore and \$20 per ton for zinc ore be applied, it will be seen that the value of the state's output to date is over \$50,000,000.

**LUMBER MEN.**  
Dealers of Missouri and Kansas meet and take important action. The lumber dealers of Missouri and Kansas met at Kansas City a few days ago. A resolution proposed by a special committee to determine the rights of wholesale dealers and settle questions of conflicting rights, inasmuch as the lumber trade has been fully discussed. The organization includes both wholesale and retail dealers, and the object of the resolution was to protect the retail dealers who are members of the association against those who are not, without injuring the wholesale dealers. The instructions as finally adopted are for the direction of wholesalers in determining the jurisdiction of retailers. Those retailers who are not members of this association, and who order lumber shipped to any point where they do not own yards in the territory of a member of this association, shall be considered as outside of the territory. To enlighten the wholesale dealer further as to the territory of members of this association making shipments in carload lots, to stations or switches where they are not members of the association, the dividing point shall be midway between themselves and the next nearest dealer. Orders for the coming year were elected as follows: President, B. T. Whaley, of Albany, Mo.; vice-president, E. M. Adams, of Mound City, Kas.; secretary, J. L. Lane, of Kansas City; treasurer, Geo. D. Hope, of Kansas City; directors—E. M. Minor, Bethany, Mo.; R. J. Hurley, Butler, Mo.; Jess Childs, Richmond, Mo.; L. D. Hope, Kansas City; J. H. Hatch, Seneca, Kas.; Frank Lanter, Olathe, Kas.; J. A. Nuttman, Lawrence, Kas.; C. P. Ives, Baldwin City, Kas.

**Missouri Winter-Wheat Mills.**  
The Southwestern Winter-wheat Mills' association held its 10th annual meeting in Kansas City on the 29th inst. The resolutions of the association resolutions were adopted authorizing the executive committee to fix the time and place of holding regular and special meetings; to suggest needed amendments to the by-laws and constitution and otherwise look after the interests of the association. The executive committee decided to call the next meeting at Kansas City on the second Tuesday in June of this year. It was agreed that Kansas City will be the headquarters of the association. C. A. Young was elected treasurer of the association.

**Burned Perpetually.**  
Wm. Quigley, a driver in the employ of the Missouri Pacific Co. at St. Louis, was badly burned the other day. Quigley delivered some gasoline at a business house, and naturally stepped up to the stove for the purpose of warming his hands. His clothes were set on fire and he was badly burned and caught fire. In a moment the poor fellow was blazing from head to foot. Ernest Hulsler, one of the men in the place, showed great presence of mind by catching Quigley and throwing him bodily through the front door and into a snowdrift. There he rolled him until the flames were extinguished. Quigley may die from his injuries.

**The St. Clair County Judges.**  
The German Methodist church in the suburbs of St. Louis was destroyed by fire the other night. Loss, \$65,000; insurance, \$45,000. The origin of the fire was a mystery. The church was a new one, and as the congregation and officers were in a dispute ever since completion a thorough investigation will be made. The general manager of the Kansas City, St. Joseph & Council Bluffs road states that the total amount received by the robbers at the recent hold-up near St. Joseph was \$317. The other night three men attempted to rob the bank at Parkville, but were frightened away before exploding the dynamite they had taken with them to blow open the safe.

**The Tubercular Congregational Church at Joplin,** was recently destroyed by fire, together with the residence of Rev. E. H. Willey, the pastor. Mr. Willey lost his library and household goods.

**FROM RIO DE JANEIRO.**  
A Landing in Force and Capture by the Insurgents. The latter May Aguirre Bombard the City. An Unparliamentary Affront to the American Admiral. Revolutions in a Straggling Continuity. The Role of Peacemaker. RIO DE JANEIRO, VIA MONTREAL, Jan. 28.—Early on the morning of the 24th inst. a strong force of insurgents landed on Ilheus Island, under cover of a fire from their launches, and captured the breastworks built by the government troops. One field gun and a quantity of ammunition were taken into their hands. Knifing provisions to load one of the launches were taken by the insurgents. It is reported that twenty-five were killed and seventy wounded. These men, however, were carried off, and it is stated along the shore that they were destroyed. The government forces are engaged in mounting heavy cannon on the coffee docks. It is believed that this action may provoke the insurgents to again bomb the city. There is no basis whatever for the reports that Rear-Admiral Benham, commanding the American squadron here, is in an official capacity in the attempt to bring about a settlement of the troubles by arbitration. That he is seeking to bring the troubles to an end is a strong force of insurgents as a private citizen in the negotiations. Admiral Sublimin da Gama, the commander of the insurgent fleet, has been in Rio de Janeiro for some time, and yesterday Gen. Jose Carvalho, an intimate friend of President Peixoto, called upon Admiral Benham, who has been fully discussed. Admiral Benham's opinion is that Admiral da Gama asks too much, and that Peixoto will concede too little. It was considered probable that Admiral Benham would see Peixoto yesterday. There are renewals of the reports that the insurgents have made further gains in the state of Parana. It is said that there is an excitement in the state of Sao Paulo. The best informed sympathizers with the insurgents say that reinforcements for those fighting the government here will not come overland from Parana, as to do so they would have to cross high mountains and a wilderness. The insurgents have not landed at Niteroi since they failed to hold their position there.

**EXCHANGE OF COMPLIMENTS.**  
President Vasquez of Honduras, had pressed with him from without and within in fear of death. NEW ORLEANS, Jan. 30.—Andras Anaya and Santiago de Vincent, office holders in San Salvador, reached the city last night from Honduras on board the steamer Brooklyn. The two in the 1st of January they narrowly escaped assassination at the hands of a corporal's guard of President Ezeta's soldiers at their home in the capital city. They made their way to Honduras, and then came through to the coast at Puerto Cortes. In speaking of the revolution in Honduras they stated that it looks very much as though Bonilla would triumph. About Gen. Bonilla (the chief of the revolution) against Vasquez, and are now siding with Bonilla, and the city is now under orders of Bonilla. Vasquez, at the time of their departure, was in Tegucigalpa with a few men, and was surrounded by a much larger force, was surrounding the city and was preparing to make an attack on it. Bonilla some days ago sent word to Vasquez that if he (Bonilla) captures the city he will have Vasquez shot. Vasquez sent back word that he would return the compliment should he be victorious.

**Manual Training School Burned.**  
LINCOLN, Neb., Jan. 30.—The Haish Manual Training school building, of the Nebraska Wesleyan university, was destroyed by fire of unknown origin yesterday morning. The building was a four-story structure of pressed brick, handsomely constructed. Loss, \$60,000; uninsured.

**A Murderer Repeated.**  
JEFFERSON CITY, Mo., Jan. 30.—Gov. Stone yesterday granted a reprieve from February 1 to March 1 in the case of Philip Martin, under a sentence of death at Kansas City for murder.

**Father and Son Fight to the Death.**  
LOS ANGELES, Cal., Jan. 30.—John B. Johnson and his son George Sunday, involved in a drunken quarrel Sunday, in which revolvers were used. Both men received injuries from which they died within a few minutes. The father was at church except a 10-year-old son who witnessed the fight.

**The Outrage Apologized For.**  
ROME, Jan. 30.—Baron Ilanc, minister of foreign affairs, has sent Mr. Potter a message expressing his sincere regrets for the acts of vandalism done in the legation Sunday night.

**Burned to Death.**  
Mrs. Clara Cassel, of 918 Mitchell avenue, St. Joseph, while lighting a gasoline stove, was so badly burned the other day that death resulted from her injuries. Her clothes caught fire, and before assistance could arrive she was enveloped in flames. Her limbs and part of her body were burned in a frightful manner. She soon died.

**Bully Burned Rescued Horace.**  
The livery stable of Charles E. Gill, at St. Joseph, caught fire and was damaged to the extent of \$2,500. In rescuing horses Mr. Gill was badly injured.
