JOIN THE CROWD.

The New Northwest is increasing from immigration, by 200,000 people yearly. This region offers a field for farmers, stock raisers, miners, lumbermen, millers, fruit growers, and all classes of labor. The Cody-Wyoming extension into the Big Horn region offers a splendid opening for the live stock and wool business and for farming by irrigation.

The industrial expansion that is now the basis of wealth in the East, will be repeated in the Northwest. Give some thought toward a home in Nebraska or Minnesota, the Dakotas, Montana, Northwestern Wyoming, Northern Idaho, Washington, the Puget Sound and Columbia River region.

NORTHWEST TRAIN TO TAKE.

"The Burlington-Northern Pacific Express" is the only through train into the Northwest territory in connection with the Northern Pacific Railroad. Through coaches, chair cars, (seats free), through tourist sleepers over the short line and time saved to the Northwest. Connecting train from Denver to Alliance in connection with this great through train. You can reach the Northwest either via Kansas City, St. Joseph or Denver, by the Burlington, Route.

TO THE NORTH.

The Burlington has two trains daily to St. Paul and Minneapolis, reaching the valuable territory of Minnesota and the Dakotas traversed by the Northern Pacific and Great Northern Railroads. The Burlington is the main traveled road to the Northwest and No. 10. Investigate the Northwest by addressing either the Industrial Departments of the Great Northern or Northern Pacific Railroads at St. Paul, or the undersigned.

[Frank Twp. Local Union press superintendents are responsible for all statements inserted in this column.]

Our Pledge—I hereby solemnly pledge, God being my helper, to abstain from all distilled and fermented liquors, as a beverage, including wine, beer and cider, and to employ all proper means to discourage the use and traffic of the same.

Banner—A knot of white ribbon.

Watchwords—Agitate, educate and organize.

Methods—Preventive, educational, evangelistic, social and legal.

After months of absence we again have come for a visit in the cozy corner of THE TRIBUNE. Not that we have been sleeping, for we find that we as an organization gather here a little, there a little. When all reports are gathered in one great report, from the local union to the district, state and national conventions, then each one learns wherein their mistakes have been made and where to improve the work for the ensuing year.

At our meeting of Nov. 28, 1902, on Friday afternoon, at the home of Mrs. J. B. Durand, after the regular business was transacted, it was decided to hold the next session under the auspices of the Evangelistic Superintendents. This plan of work will be continued until each Superintendent conducts a meeting, there being only five of the forty-two departments of work taken up in this union, 1st, evangelistic; 2d, press work; 3d, flower missions; 4th, contest, 5th, social meeting and red letter days. At these meetings we are contemplating on instructive and interesting hours. If there is another "white ribboner" who reads THE TRIBUNE that has tried this plan of work in their local union, please give us a report.

On Nov. 21 a very interesting session was held at the home of Miss Sue Barrows. At this meeting a "contest social" was planned, to be given at the home of W. T. Kemper on Dec. 5, which was to be an "apron and hammer" social. Each gentleman was requested to bring a hammer, five nails and a block of wood. Each lady, an apron (completely made with exceptions of hem) needle, thread and thimble. This social proved to be the most exciting and interesting one of the season, there being 50 guests present. The Messrs. Robinson of Sebel City, opened the program with instrumental music, after which each lady proceeded to find her hammer. Then the fun began. The points to be judged were time and neatness. The judges, who were Messrs. La Lyon, A. Seelinger and Ira Nelson, decided that five of the blocks showed a tie, and at this exciting time Misses Anna Sutton, Mary Jackson, Eugene Durand, Olive Seelinger and Sophia Kemper were called back to their task, and oh my, how they lend. Miss Sutton was awarded the first prize, and Miss Avie Kirkman the booty.

After this came the event equal to a circus. To watch the young men sew reminded us of times when mother gave us our first lessons in sewing. Actually some of the boys couldn't thread their needles. The judges for this part of the contest were Misses Blanch Johnston, Lizzie Fix, and Mrs. Lyon. Everett Quiklan of Reynolds was awarded first prize, and Will Keeny of Sebel City, the booty. The prizes were as follows: For ladies, 1, a beautiful book entitled "Girls' Faults and Ideals," for gentlemen, 1st, book entitled "Young Men's Faults and Ideals." Booby prizes were tiny bottles of soap tied with bows of white ribbon and were given with the sincere desire that the holders of these dainty prizes would soon "catch-up."

Misses Blanch Johnston, Mary Kemper and Eugene Durand rendered some comic and choice recitations after which Miss Ruth Kemper sang a solo with guitar accompaniment. To say nothing of the merriment and pricked fingers, an enjoyable evening was spent.

If some of our readers have not read an account of the National W. O. T. U. convention, we will note just here that our sister-state Illinois, gained a membership of 170 last year. This is far better than our own state can boast, but let us all resolve to bring grand old Missouri to a higher membership this year.

The collections at this convention were \$555.45. Our World's President, Lady Henry Somerset, of England, was present during the convention. The delegates numbered 1200. The net gain in membership was 7005.

We are planning for a silver medal contest after the holidays with Mrs. Mae Harper of Adrian, as execution trustee. A success is predicted. Mrs. Harper holds medals of silver, gold and grand gold, won in W. O. T. U. contest.

SOPHIA KEMPER, JACQUELYN HORNBUCKLE, Press Supts.

PROFIT

The matter of feed is of tremendous importance to the farmer. Wrong feeding is loss. Right feeding is profit. The up-to-date farmer knows what to feed his cows to get the most milk, his pigs to get the most pork, his hens to get the most eggs. Science. But how about the children? Are they fed according to science, a bone food if bones are soft and undeveloped, a flesh and muscle food if they are thin and weak and a blood food if there is anemia? Scott's Emulsion is a mixed food; the Cod Liver Oil in it makes flesh, blood and muscle. The Lime and Soda make bone and brain. It is the standard scientific food for delicate children.

Send for free sample. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.
