Joseph Shepard, who was recently elected to the office of judge of the county court of DeKalb county on the democratic ticket, has resigned his position, for the remon that he is satisfied that he was not elected to the office. His republican opponent was L. D. Miller, but in printing the ballots in one precinct the name of L. D. Williams was printed by mistake as the republican candidate and for that reason 63 votes were cast for Wil-Hams and this elected Shepard. He fit quite certain that the 63 votes were intended for Miller and they would have elected him. He tendered his resignation and asks Gov. Folk to appoint Miller to the vacant place.
