

Osage Valley Banner. Thursday, January 16, 1879.

LOCAL AND PERSONAL.

Notice To the subscribers and advertisers to and in the Vidette, during the time I was proprietor, from 1st Oct. 1875 to Nov. 26th 1878.

—Again. —We come! —Let the BANNER wave. —Look out for high water as the heavy snows begin to melt.

—Chew Jackson's Best Sweet Navy Tobacco. —We will receive wood or any kind of produce for subscription.

—New and fresh goods received almost daily at Joe O'Connell's. —Learn a Mill is running day and night to fill orders.

—It is the happy father of a Jr. Johnson, a ten pounder. —Mr. M. E. Challes is one the BANNER's appreciative friends; a two years pay-up is evidence.

—Hon. J. Ed. Helch was elected speaker of the House of the XXXth General Assembly. —The struggle for United States Senator appears to be between Thos. Allen and Geo. G. Vast.

—Our St. via over land route on "Dolly Varden," went to Jefferson City last Saturday, to be absent a week. —Milburn, son of Mr. Newton Scott has been very ill for several days with pneumonia.

—Farmers are rejoicing over the prospects of a good wheat crop and better times generally. —Mr. J. O. McDaniel was in town last Sunday. His tile works up on the Gravois are in a moving condition.

—Eqr. James Johnston is in town and as the iceburgs and freeze-to-death weather is passing away, he will resume work on the bridge. —The Collector is sending out his notices to delinquent tax-payers. It is the duty, in accordance with law, to make collections if such can be done.

—The Spring-like rain, commencing Tuesday evening and lasting until yesterday noon, settled down and took off a great deal of the "beautiful" snow. —We are in receipt of Vol. 1, No. 2, of the Wayneville Tribune, J. C. Speer, editor and proprietor. It is a neat and complete little paper; may it be triumphant.

—We may get use to the bumps by falling down and slipping up, on this "slip-ice," but if its to last much longer some propheticator should advise some kind of roughness for human soles. —A buggy whip belonging to Mr. Sam Sons, of this place, was lost between here and Locust Mound last Saturday; the finder would do Sam a favor by sending the same to him.

—The Jefferson City Tribune says the Missouri Tug Company reorganized by electing Phil. E. Chappell, president; and W. G. McCarty secretary and treasurer; and John Greenough superintendent, who will have charge of the steamer Phil. E. Chappell next season. —The congratulations received on the success, make-up, &c., of the BANNER has been innumerable, by friends who have called on us during the past week. The BANNER is only \$1 per year, give us that support and we will work to your interest that you may receive ten fold the amount, if in our power to do so.

—Last week and the week previous several houses were burned in this county: one belonging to Mr. James Prock, while himself and family were absent, the house and entire contents, including all his wheat and pork, was a total loss. Also the house of Mrs. Wyrick, in the vicinity of Mr. Pleasant, with its contents. —We notice in several of our exchanges accounts of drunkenness, fights, murders, &c. on Christmas and the first day of '79. In our town and county, not even a quarrel, drunken spree or anything of the kind occurred during the entire holidays, but quiet, and sobriety reigned.

—DIED—Near Iberia, January 11th, 1879, of apoplexy of the brain, Mary M. Arnold, daughter of Squire Arnold, aged 12 years 11 months and 4 days. Her funeral was attended by a large circle of friends who deeply sympathize with her disconsolate parents, and deplore her untimely departure, but trust she is with the Saviour in the better world. —DIED—Mrs. Eliza J. Wood, consort of Mr. Tol. Wood, on last Tuesday morning, 15th inst. in her thirty-first year. Mrs. Wood's illness was brief, she leaves a husband and several children with many friends to mourn her loss.

—Dr. McGee was called to visit her on Tuesday morning, but upon his arrival the spirit had flown. —If our merchants want to begin the New Year with bright prospects let them send

their invitation, to be sent by the BANNER, to every household in the county, asking and giving inducements for those that do not patronize you to call, examine prices, &c. —Pinckney S. Miller Sheriff of our county has been, during the cold term, going almost daily, attending to official duties. Pinckney bids fair of making one of the best Sheriff's Miller county ever had, nerve, energy and perseverance: that's what's the matter.

—We were informed a few weeks since of the death of Isaac Buster, but as we did not get full particulars, we delayed making publication, we have learned, however, that his death has been affirmed by his relatives who received a letter from a Mr. Hackney, giving particulars of his death. —The following persons have script due them which can be had by calling at the Clerk's office.

WITNESS SCRIPT. J. M. Flaugher, \$1 96; Wm. Bond, \$2 92; Woods Blinds, \$2 12; Joseph Barr, \$2 00; J. C. Ube, \$2 04; A. Brockman, \$2 28; A. W. Govor, \$3 65; B. F. Cotton, \$1 00; I. Workman, \$1 00; Louisa Cooper, \$1 00; T. E. Lougue, \$3 40; T. D. Shelton, \$1 00; Henry J. be, \$1 00; W. T. Hill, \$3 64; J. H. Woods, \$1 00; B. W. Taylor, \$3 08;

JURY SCRIP. M. Jones, \$3 00; J. W. Walte, \$1 60; Jas. K. Groff, \$3 20; Jos. Hume, \$1 50; J. W. Bumage, \$4 70; J. B. Beard, \$3 00; John Mayfield, \$5 00.

T. B. ROBINSON, Sheriff.

Uimon's Ridge Locals.

There was one of the largest gatherings at No. 4 school house on Sunday 12th inst, that has been known for many a winter. After having gone through with the service of the day, the Rev. J. M. Darby announced that on the 1st Sabbath in Feb'y, he would take up collection's for benevolent and missionary purposes—would here suggest that charity begins at home.

Wm. Coburn, P. M. at Uimon's Ridge, has taken good advantage of the snow, and hauled on it eighty-eight two horse loads of wood—let us hear from those who can beat it.

The Rev. J. M. Darby, Methodist, is holding protracted meetings at the Uimon school house—a cordial invitation is extended to all. The Rev. J. M. Darby will hold service at No. 4 school house on the first Sabbath in Feb. at 3 1/2 p. m.

The Rev. J. M. Darby held divine service at the Uimon school house at 11 a. m. at No. 4 school house at 4 o'clock p. m. and at 6 1/2 o'clock p. m. at the residence of A. W. Vawgoner's 12 inst, a large attendance in all cases.

Old Jack Frost has been to work out this way and has accomplished it well in several cases—one of Mr. Coburn's children had her feet frosted while attending school, and a young man at one of the Martin's had his feet badly bitten.

We would say it would look very becoming in our young men attending church out our way, if they would first see that the old ladies attending church are first put on their horses before assisting the daughters. By doing this you will gain their respect and also get into their good graces, and besides it may only secure you a good wife as well as a good mother in law; for we know, boys, it is more for the daughters you attend church than for the religion you expect to gain thereby.

Notice.

The ferry across the Osage River at Tuscumbs, will be publicly lot at the Court House in Tuscumbs on Wednesday the 5th day of February 1879, for such time (not to exceed five years) and at such rates of tollage as may be determined by the County Court of Miller County.

ORDER OF PUBLICATION.

STATE OF MISSOURI, COUNTY OF MILLER, ss. In the Circuit Court of Miller County, before March Term, 1879, vacation January 8, 1879, Sarah F. Salter, plaintiff, vs. James W. Salter, defendant. At this day comes the plaintiff herein by her attorney, and files her petition and affidavit alleging amongst other things that the above defendant is a non-resident of the State of Missouri; whereupon it is ordered by the Clerk of said Court that said defendant be notified by publication, that plaintiff has commenced a suit against him in this court, the object whereof is to obtain a decree of this Court, dissolving the bonds of matrimony, heretofore contracted between the plaintiff and defendant, and for the care, custody and control of the infant child born of said marriage, and that unless the said James W. Salter do and appear at this Court at the next term thereof, to be begun and holden at the Court House in the town of Tuscumbs, in said County, on the 24th day of March, 1879, next, and on or before the sixth day of said term, answer or plead to the petition in said case, the same will be taken as confessed, and judgment will be rendered accordingly. And it is further ordered that a copy hereof be published according to law in the OSAGE VALLEY BANNER.

JOEL B. CLARK, Clerk. D. M. WREAT, Attorney at Law. (1-4)

DR. C. McLANE'S CELEBRATED LIVER PILLS. FOR THE CURE OF Hepatitis, or Liver Complaint, DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver. PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder-blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weakness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all Bilious derangements and as a simple purgative they are unequalled. Beware of Imitations. The genuine DR. C. McLANE'S LIVER PILLS are never sugar coated. Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS. The genuine McLANE'S LIVER PILLS bear the signatures of G. McLANE and FLEMING BROS. on the wrappers. Insist on your druggist or storekeeper giving you the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., Pittsburgh, Pa. Sold by all respectable druggists and country storekeepers generally. To those wishing to give Dr. C. McLANE'S LIVER PILLS a trial, we will mail post paid to any part of the United States, one box of Pills for twenty-five cents. FLEMING BROS., Pittsburgh, Pa.

THE TIMES-JOURNAL. Bold, Fearless and Independent.

THE LEADING PAPER OF ST. LOUIS. The leading year bids fair to prove one of unusual interest to the general reader, and of great prosperity and usefulness to the St. Louis TIMES-JOURNAL. Free salt is from all entangling alliances, being under no obligations whatever to rings or combinations, political or otherwise, it is at liberty to discuss any and all questions from an unprejudiced and unrestricted standpoint. The purpose of the publishers of the TIMES JOURNAL will be first, to continue it as a medium for presenting to its readers all the news of the day, and second, to present such comments on the various political and business movements throughout the country as will enable the reader to arrive at a correct conclusion regarding them, to the end that he may act understandingly. And while doing this the TIMES-JOURNAL will not hesitate to assail wrong wherever found, or to oppose corrupt combinations that have for their purpose the despoiling of the robbing of the public, and for their tendency the debasing of public morals. It will use plain language in talking of men and measures. A thief shall be known as a thief, and a swindling scheme or measure shall be denominated as such. It will not go to party platforms, framed by trimmers and tricksters, for its political views or opinions. It will rather rely for its guide in this particular on the Constitution of the United States, the laws passed thereunder, and whatever may clearly appear to be for the greatest good of the greatest number.

THE DAILY TIMES-JOURNAL is an eight-page paper, seven columns to the page, or fifty-six columns in all. Its columns are presented all the news of the day, foreign and domestic while due attention is given to literary, scientific and in fact to all topics of general interest. Its market reports are especially full and complete. The WEEKLY TIMES-JOURNAL is also a fifty-six column paper clearly printed, presenting a handsome and most attractive appearance. In preparing matter for the Weekly the wants and interests of the country reader are kept constantly in view. Beside furnishing a large amount of miscellaneous reading matter, an epitome of the news from all parts of the world and whatever is fresh or new in relation to agriculture or the household, a carefully prepared review of the market for the week is given, making it of incalculable value to the farmer, the mechanic and, in fact, to all classes of readers. The WEEKLY TIMES-JOURNAL, the same as the daily, contains fifty-six columns. In it the principle news of the two days preceding each issue is published, making it a very instructive and valuable publication.

TERMS. [Postage prepaid on all editions.] DAILY. Seven times a week, per annum \$10 00 Six times a week, per annum 8 00 TRI-WEEKLY. Tuesday, Thursday and Saturday (Saturday with supplement.) By mail, per annum 4 00 WEEKLY. Per year, with map of Mississippi Valley 28 by 40 inches, on rollers 1 50 AGENTS. Agents wanted in every town and county, to whom special rates, on application, will be given. Remittances may be made by draft, money order or registered letter, at the risk of the publishers. In ordering papers care should be taken to give post-office address in full, including State and County. Address TIMES-JOURNAL, St. Louis, Mo.

MYTHOLOGY. The Grecian Gods. The ancient Greeks believed their gods to be of the same shape and form as themselves, but of far greater beauty, strength, and dignity. A fluid named "ichor" supplied the place of blood in the veins of the gods; their meat was "ambrosia," their drink "nectar," and they undoubtedly dressed their hair with Carboline, which stimulates the glands of the scalp into healthy action, prevents the hair from falling out, and promotes its luxuriant growth, rendering it soft, youthful, and glossy. It is prepared from natural petroleum, thoroughly deodorized and delightfully perfumed. Sold by all dealers in drugs and medicines.

A WONDERFUL DISCOVERY! CARBOLINE.

A DEODORIZED EXTRACT OF PETROLEUM. The only Article that will Restore Hair on Bald Heads.

WHAT THE WORLD HAS BEEN WANTING FOR CENTURIES.

The greatest discovery of our day, so far as a large portion of humanity is concerned, is CARBOLINE, an article prepared from Petroleum, which effects a complete and radical cure in cases of baldness, or where the hair, owing to disease of the scalp, has become thin and tends to fall out. It is also a speedy restorative, and, while its use secures a luxuriant growth of hair, it also brings back the natural color, and gives the most complete satisfaction in the using. The falling out of the hair, the accumulations of dandruff, and the premature change in color, are all evidences of a diseased condition of the scalp and the glands which nourish the hair. To arrest these causes the article used must possess medical as well as chemical virtues, and the change must begin under the scalp to be of permanent and lasting benefit. Such an article is CARBOLINE, and like many other wonderful discoveries it is found to consist of elements almost in their natural state. Petroleum oil is the article which it is made to work such extraordinary results; but it is after it has been chemically treated and completely deodorized that it is in proper condition for the toilet. It was in fact first discovered by a Government officer, having noticed that a partially bald-headed servant of his, when trimming the lamps, had a habit of wiping his oil-smeared hands in his scanty locks, and the result was in a few months a much finer head of black, glossy hair than he ever had before. The oil was tried on horses and cattle that had lost their hair from the cattle plague, and the results were as rapid as they were marvellous. The manes and even the tails of horses, which had fallen out, were completely restored in a few weeks. These experiments were heralded to the world, but the knowledge was practically useless, in the prospectively bald and gray, as an oil in civilized society could tolerate the use of refined petroleum as a dressing for the hair. But the skill of one of our own chemists has overcome the difficulty, and by a process known only to himself, he has, after very elaborate and costly experiments, succeeded in deodorizing petroleum, which renders it susceptible of being handled as delicately as the famous rose cologne. The experiments made with the deodorized liquid on the human hair were attended with the most astonishing results. A few applications where the hair was thin and falling gave remarkable tone and vigor to the scalp and hair. Every particle of dandruff disappears on the first or second dressing, and the liquid, so soothing in its nature, seems to penetrate to the roots at once and set up a radical change from the start. It is well known that the most beautiful colors are made from petroleum, and by some mysterious operation of nature the use of this article gradually imparts a beautiful light-brown color to the hair, which, by continued use, deepens to a black. The color remains permanent for an indefinite length of time, and the change is so gradual that the most intimate friends can scarcely detect its progress. In a word, it is the most wonderful discovery of the age, and well calculated to make the prematurely bald and gray rejoice. We advise our readers to give it a trial, feeling satisfied that one application will convince them of its wonderful effects.—Pittsburg Commercial of October 22, 1877.

Give the utmost satisfaction as a Hair Renewer. Has a magical effect on gray hairs. Is free from irritating and poisonous chemicals. Is the natural nourishment for the hair.
