

**D. L. WILLIAMS,
THE DENTIST.**

Office in corner rooms on second floor over First National Bank, Versailles, Mo. Prompt service and first-class work to all patrons. Phone 37.

Rev. J. L. McKee of Kansas City and J. E. Stephenson of Parkville were here this week on business. These two ministers are seeking a site for a Presbyterian College and several towns are bidding for the institution. This is to be quite an extensive college and if a proper effort is made on the part of our public spirited citizens it is possible Versailles can secure it. They were in consultation with E. A. Crewson and others here during the week but no definite action so far has been taken in the matter.

John H. Snorgrass, one of the progressive farmers living near town, has our thanks for a box of potatoes which are hard to beat. They were of the Burbank variety and the box contained nearly a peck which had been dug out of two hills. Every potato was large, smooth and perfect in every particular, and were calculated to take the premium in any company. With such beauties Mr. Snorgrass should select a box for the street fair exhibit, as they are above the ordinary. We fully appreciate the donation as there is considerable Irish in us when it comes to potatoes.

From clippings of the Quincy, (Ill.) Herald we are informed that the Midland Lyceum Bureau, who will furnish the lectures and entertainments to be given by the Ladies Progress Club of Versailles this fall and winter have given a high class of entertainments in that city. The ladies of the Progress Club, under whose auspices our citizens will be favored with this high grade class of entertainments, deserve the highest praise for their effort, and we feel that there are enough citizens interested to make a grand success of the course in this city, it being of higher order than the ordinary traveling combinations.

Jas. E. Clark's Trouble.

"OKLAHOMA CITY, Ok., Aug. 18.—J. E. Clark of Sedalia, Mo., a dealer in fancy horses, is in jail here charged with the killing of I. S. Deford, a traveling salesman. Both had been drinking and upon reaching the top of the stairway at the Stewart hotel a quarrel ensued. Clark is said to have struck Deford with his fist. Deford fell down the stairway and his neck was broken."

The above dispatch was published in last Sunday's daily papers, and as Jas. E. Clark was formerly a citizen of this city it created no little surprise, from the fact that both Mr. Clark and his family were considered among our best citizens during their residence in Versailles, and many could not believe that he would be implicated in a murderous affair as indicated above without just cause. The following dispatch in Tuesday's dailies exonerates Mr. Clark:

"OKLAHOMA CITY, Ok., Aug. 20.—A coroner's jury today rendered a verdict exonerating J. E. Clark of Sedalia, for the death of I. S. Deford, who fell down a stairway while the two men were scuffling, Saturday night, Clark's preliminary examination is set for tomorrow."

Jim Clark lived here for a number of years, and was considered a well-to-do citizen. He was a local politician of some note and was for a time chairman of the democratic county committee and during the session of the Missouri House of Representatives in 1903 he was door-keeper and filled the position with credit to himself. That he had a temper was demonstrated during the time he held this position. While in charge of the door Senator Self of St. Louis tried to run a bluff on him and the result was that Clark knocked him down, and the act was one among the famous things which occurred during that memorable session. His friends will hope to hear that there is some reason other than a mere brawl behind the present trouble, and that the disgrace of murder may be lifted on account of Mr. Clark's good family.

At the preliminary hearing held Tuesday Mr. Clark was exonerated of the death of Deford.

The Bunceton Fair.

Next week, August 29, 30 and 31, the Bunceton Fair is to be held. The Board having charge of the Fair have made wonderful improvements on their grounds during the past year, and as they own the land on which are located their buildings the Cooper County Fair has passed the experimental stage and is now a fixed institution of which the people of Bunceton may feel justly proud.

The premium list is thoroughly revised, the speed ring is fine, the exhibits will be greater than ever and the eleventh annual meeting this year promises to be the best the association has ever presented to the patrons.

Our people have always liberally patronized the Bunceton Fair and this year will be no exception to what has been the rule. It is understood here that our splendid base ball team will play the fast Bunceton team during the Fair. If this be true, the attendance from Versailles will be larger than during any previous year. Everybody goes to have a good time and they always have it and Bunceton may expect a good crowd from Versailles.

If your stomach troubles you do not conclude that there is no cure, for a great many have been permanently cured by Chamberlain's Stomach and Liver Tablets. Get a sample at C. D. Hunter's drug store and give them a trial. They also cure constipation and biliousness.

H. L. Ray who had been to Barnett on a visit with his mother, Mrs. Phillips, passed through here Monday afternoon on his way to Clarksburg to visit relatives of his wife, M. F. Nelson and R. P. Richards. Mr. Ray resides in Tulsa, I. T., having left this county twelve years ago. He is a blacksmith by trade and is doing well in his western home. He left on our table two editions of the Tulsa Daily World, both of which are boom editions profusely illustrating the business and industrial interests of Tulsa. The men behind the scheme are spending much time and money to keep their hustling city to the front, and the example could be imitated to advantage here in Missouri.

For Sale or Exchange.

I wish to sell my farm and business combined—55 acres of good rich land, all new buildings, and a small stock of general merchandise on a big public cross road, two rural mail routes and telephone. Four miles from R. R. station, close to church and school. This stand will clear \$800 a year besides all expenses. This land will bring from 50 to 75 bushels of corn per acre, is clear of all incumbrance. Farm and stock can be bought for \$4,500 cash or exchange for a 120 or 160 acre well improved farm, good soil wanted.
