John E. Price of Versailles was at his old home near here and in Olean the first of the week attending to some business. Sam Musick says that Uncle John will hardly notice his former associates.—Olean Independent.

Peter Harms, of R. F. D. No. 2, made us a pleasant call Saturday and set his subscription up for two years. He is one of our substantial German farmers and we hope his laudable example will be followed by many others.

Senator Crewson is erecting a neat 5-room cottage, corner of Lafayette and Fisher streets. It is now in the hands of the plasterers and painters and will soon be ready for occupancy, and will be a pleasant home for the fortunate renter.

A party of young folks composed of Misses Mary Beale, Georgia Hayes, Nettie McCann, Clara Dumpee, and Doran Bakewell, Roy Stockton, Robert Stephens and Vaughan Briscoe, held a pleasant outing at Collins' lake on the Gravois, last Sunday.

Ed Kavanaugh, of Gainesville, Texas, was here on a visit to his parents the past week. He left Monday for New York to purchase fall goods for the mercantile company for which he is general manager; and like all Missouri boys, "he's gettin' thar."

Ellsworth Gwynn, who had been on an extended visit with his father in Cincinnati, Ohio, returned to his home in this city last Saturday to be here at the opening of the fall term of our public schools. Ellsworth says he had a fine time in the Ohio city.

Jim Hubbard went to Cole Camp last Sunday and played third base for the ball team of that place against Windsor. The game was a spirited contest, Windsor winning out by a score of 4 to 1. Laudel pitched for Windsor and Joe Harvill twirled for Cole Camp.

The rains last week insure a good corn crop in this section; put the ground in good shape to finish breaking for wheat and sowing, and will put the fall pastures in good shape, and a smile on the faces of the horny-handed sons of toil that won't come off for quite a while.

W. S. Morris and family, of St. Louis, are now residents of our beautiful little city, and Mr. Morris has assumed the duties of section foreman for the Rock Island in place of Geo. Morrow, who, with his wife, left last week for a sojourn in Colorado for the benefit of Mrs. Morrow's health.

Brought Here for Burial.

The remains of Mrs. Catherine T. Cleary, wife of J. J. Cleary, arrived in this city on the early train last Monday morning, and were interred the same afternoon at the city cemetery, Rev. E. K. Wolfe, of the M. E. church officiating at the grave.

Deceased died at her home in Avon, Colorado, in May, and her body had been preserved in a vault until last Friday, when her husband had the casket forwarded through to this city, preferring that her last resting place should be at the home of her girlhood. She was born and reared in Versailles, being a sister of Gen. R. F. Walker of St. Louis, and Mrs. W. C. Neville of Olean, and had many relatives and old time friends here who mourn her untimely death and offer sympathy to the bereaved husband, who accompanied the remains to this city.

Sheriff Willson is visiting the old folks at Proctor, and will use his spare time in fishing and squirrel hunting.

F. D. Harrison was in Cole Camp Tuesday and Leon Schwald, the real estate boomer, walked him all over Benton county.

Ground was broken Tuesday for the foundation for the new M. E. Church South, which will cost, when completed, \$7,000.00, or more.

Mrs. B. S. Walker, of St. Louis, step-mother of Mrs. Kate Cleary, attended the funeral here Monday. She is visiting this week with friends.

Rev. M. C. Hofer, the German Evangelical minister, will preach Sunday at the Presbyterian church. In the morning he will preach in German and at 8 p. m. in English.

The Real Estate Trust Company of Philadelphia went under Tuesday for \$10,000,000. The trustees of the Presbyterian general assembly of the United States had about \$1,000,000 on deposit, most of which is probably lost.

Why is it that everybody in a county seat town wants to eat watermelons and throw the rinds in the court house yard?—Ex.

Don't do it in Versailles, you bet, and got a nice court house yard for the purpose too.

Gen. Hudson returned Friday last from a trip to Calloway county, where he went to look over his big coal lands, adding another 2,000 acre tract to his holdings, giving him access to two railroads and the Missouri river, and when his mines are developed he expects to furnish freight for all of them.

Messrs. W. K. Burton, B. P. D. Nichols and W. S. Bond, Millionaire Mine and Plantation owners of Memphis, Tenn., came in Sunday to look over their coal properties and the new railroad being built to Richland, six miles northwest of Versailles, in which they are heavy stockholders. They were so well satisfied with the outlook they invested in more coal lands.

Harrison, the real estate man, claims to have the greatest invention of the age, a patent peach seed extractor, which requires a simple twist of the wrist when out comes the seed as clean as a whistle. For morning exercise recently he claims to have seeded forty bushels of peaches before breakfast. A newspaper man is supposed to be somewhat of a liar, but "our sign is down."

Jefferson City Tribune declares that the tomato crop is so large this year that many of the large canning establishments have decided to use tomatoes in tomato catsup in place of rotten apples. Perhaps the apple butter manufacturers may conclude, in view of the enormous apple crop, to use apples in place of pumpkins in making apple butter. These are only a few of the prospective blessings of a large fruit crop.

Our New Broom Factory.

Small industries of a legitimate character are the class that help to build up the town, and Versailles is already making a showing in that direction. Last year J. T. Shore of this city started a broom factory and during the street fair last fall displayed as fine a lot of brooms as was ever shown in the city. This was the starting point for a good business proposition which is to be pushed to the front.

Mr. Shore found broom corn scarce and during last winter distributed enough seed in Morgan and Camden county to insure a yield of 1,000 acres to draw from, and some excellent broom corn has been raised by farmers who secured this seed, and the crop will prove profitable.

With these facts at hand Mr. Shore has gone to work to take care of the entire crop. He has purchased the soda factory and is erecting a building 18x40 two stories, for a broom factory adjoining, and will carry on both lines of business. He is organizing a stock company, to be known as the J. T. Shore Manufacturing Co., with a capital stock of \$3,000 or more, in shares of \$5.00 each. Mr. Shore has an order of large proportions to supply the Rock Island Railway System with a fine grade of brooms for car purposes and coarse snow brooms, which means work in the institution for twelve to fifteen employes, possibly more, and this will be an important addition to the manufactures of Versailles.

BETTER THAN THREE DOCTORS.

At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. BUT CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY CURED HIM.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam. H. Gwin, Concord, Ga. Globe Drug Store, C. D. Hunter, Prop.
