Peter Sidebottom, of Gladstone, was a pleasant caller while taking in the street fair last week.

King Stanley the new editor of the Mid Week Star, Boonville, was a fair visitor Thursday, and made this office a friendly call.

Bunceton is talking a new band and canning factory. Wonder if she will beat Versailles to both of these important enterprises.

Representative R. A. Norfleet, of Excelsior, head of the county Republican ticket, was in this city Tuesday, looking after business and shaking hands with friends.

Chas. Goodman and family left Monday for Denver, Colorado, where they will take up their residence for the present, the move having been made for the benefit of Mrs. Goodman's health.

Wm. Lewis, who had been conducting an express and transfer business in this city for years, this week sold out to W. E. Gold, and we understand, will move with his family to Oklahoma, where his oldest son resides.

For the best and freshest goods, go to the "PALACE GROCERY." We have no old goods on our shelves to offer you at half price, but can always furnish you with the best and freshest that money can buy, at reasonable prices and the best is always the cheapest. Come and be convinced.

Mrs. John McMinn has our thanks for a sample of her fine prize cake. It was so good we guess it was angel cake—anyway it would soon make an angel of the editor, for he would keep on eating it, if he had asupply, until he crossed the river, and then look back longingly for another piece.

J. C. McManma, of Springfield, who has extensive interests along the Rock Island, was in Versailles on business Wednesday of last week and made the REPUBLICAN a fraternal call. He is an old-time acquaintance and friend of the editor, also a newspaper man, and a town boomer on the side.

Ralph Desmond, of New York, and bright little son, who makes a claim of being the original "Buster Brown," were in Versailles part of the past week, the guests of Dr. J. W. Boles and family. Mr. Desmond is an old newspaper man, having done reportorial work on prominent journals both in the North and South.

Ira Butterfield, whose headquarters are in Boonville for the present, was in this city this week and made the REPUBLICAN a social call. Mr. Butterfield is agent for the American Electric Telephone Co., and he expects to compile a registry of all the telephone lines in this part of the state, which will take several months to complete.

Regular communication of Versailles Lodge, No. 117, A. F. & A. M., next Saturday night. There will be work in the 3d degree, and a full attendance is expected.

Dr. E. P. Varnell and family left Sunday for Sedalia to visit the State Fair. The Dr. had to be there early to see that everything was right before turning the old thing loose.

E. A. Crewson's name has been certified to the Secretary of State as the Republican candidate for State senator for this district. It seems as if they are going to compel E. A. Crewson to be Senator in spite of himself.

Rev. E. K. Wolfe and family left last Friday for Gilliam, where they will reside, Rev. Wolfe having been assigned to Gilliam and Cambridge charges by the recent conference of the M. E. Church, South. The many friends in this city of this splendid family will wish them well in their new field of labor.

Rev. S. W. Emory, the new pastor of the M. E. Church, arrived here last week, with his wife and son, and they now occupy the parsonage of that church. Rev. Emory preached his first sermons last Sunday to good sized congregations, and impressed all who heard him very favorably. He is an able minister, and with a new church building now just started, will have plenty to occupy his time in his pastoral work. We welcome this good family to our city.

The REPUBLICAN force were treated to a third of a fine home-made cheese which took the blue ribbon at the Art Hall, under the supervision of the ladies. The cheese was manufactured by Mrs. Henry Tipton, of Walnut Grove, and judging from the promptness and dispatch with which the "sample" was masticated, it would take a small sized cheese factory to satisfy our "devil," especially if the article was as good as the product made by Mrs. Tipton. The lady has our thanks for this first bait of Morgan County cheese.

J. G. Briggs, President of the Morgan County Fruit Growers' Society, who was chairman of the committee having charge of the fine fruit exhibit at our street fair last week, selected a special display from the general exhibit and took them to the State Fair at Sedalia, where they are entered as the "Morgan County Fruit Exhibit." While this display is only a fraction of the splendid show here, we doubt if there is another county in the state able to beat it, and any county that does beat it, deserves high honors, as the fruit show here was beyond description, and the exhibit at the State Fair contains none but the best that good judges could select from the 300 plates shown at the court house. This fruit display will do more to advertise our county favorably, than any other step that has been taken here, and the committee who carried it into effect, are deserving of the plaudits of our entire people for the wisdom exercised in this matter.

Many from this county are taking in the State Fair at Sedalia this week, the weather being ideal for the big Fair.

M. Joachimi, the wide-awake merchant of west Newton street, occupies a page in the Republican this week to tell the people of this county of the good things which he has to offer them in the different departments of his big stores. It will pay any buyer to carefully look over the many bargains offered by Mr. Joachimi, as he makes it a point to give them reduced prices on his goods and quotes the value and the reduction in nearly every instance. Read the adv. and profit by what he tells you, as he stands by every word he says.

**The Presbytery Pleased.**

But little has been said with reference to the meeting of the Kansas City Presbytery in this city last week, but Rev. Boaz has promised to give us the names and addresses of the ministers present and other details of the sessions, for next week, and handed us a copy of the following which was adopted by the Presbytery.

The Committee on Resolutions present for adoption by the Presbytery, the following resolution:

"That we give our best thanks to the pastor elect and members of this church, and to the other good people of Versailles, for the unstinted hospitality we have received at their hands, for the hearty welcome they have made us to experience, and for the many efforts they have put forth so to accommodate us in our work and to make our stay amongst them so pleasant."

Adopted by unanimous vote.  
 WM. B. CHANCELLOR,  
 Stated Clerk.

If the members of the Presbytery felt justified in adopting the above resolution, at a time when the attention of our people was diverted from the sessions, owing to circumstances over which they had no control, it is evident that their cup of happiness would have overflowed ordinarily. Versailles people are hospitable, but this was a case of too many irons in the fire at a time. Come back again, brethren.
