Last Thursday, Decoration Day, was a dark, drizzling, damp day, and the rain put a veto on the exercises at the cemetery, for which a speaker's platform and seats had been provided. Mr. W. W. Noyes, the old reliable real estate man of Olathe, Kansas, was here Tuesday with several land seekers, and was shown over Morgan County's fertile plains by H. A. Young. Having drank Morgan County water for a number of years, it is hard for Mr. Noyes to stay away from Missouri.

We suppose the W. C. T. U. has concluded to take a rest for the summer, as we failed to receive any program for June. If they could induce their enemy to also take a vacation would even things up somewhat, but the liquor traffic is busy 365 days in year, and a good part of the nights.

It is no pleasure to make a trip south during week days any more. In the forenoon one is having constantly to turn out of the road for tie teams, and in the afternoon, for tiff teams; but then we are glad to see these products coming on to Versailles, and this immense tonnage may result in bringing about a better state of public roads.

Died, at the home of her son, Cyrus Woods, Thursday night, May 30th, of old age, America Woods, aged about 85 years. She was a slave in the olden time, the property of Dr. Samuel H. He will preach each evening during the week, and every citizen of Versailles should hear him—if he steps on your toes he will give you permission to squeal just as loud as you desire.

REV. LEWIS E. MITCHEL,

The Versailles Steam Laundry.

We visited the Laundry Wednesday, and found the entire force busy. This is a home institution, and should be patronized by every citizen of Versailles, as by so doing you keep your cash at home, and help build up a home institution. They have up-to-date machinery, expert operators, and do the best of work. The way they do their work is absolutely no wear on the clothes, and this item alone will save you the cost of the bill, for it is a well known fact that the old style of washing destroys clothing more than the wear does. In addition to thoroughly cleaning, starching and ironing, they do neat repairing, clean and press all kinds of clothing, and make a specialty of cleaning lace curtains, and doing family washing. They can relieve the women folks of their greatest drudgery at a small cost. We would advise you, if interested, to visit them and see for yourself.

President Bradford, of the Ouachita Company, came in Tuesday morning. Mr. Bradford reports everything concerning the big plant progressing in a satisfactory manner.
