Money is now being collected to purchase a bell to be placed upon the Lutheran church of Elliptsburg.

Mr. David Kane has opened a subscription school at Elliptsburg, and a singing school has been kept up all summer at Green Park.

Indians never kiss their wives; kissing is one of the Christian graces. This furnishes another reason why we should be glad we are not Indians.

Mr. John C. Smith has closed the mercantile business in Little Germany, and has removed to Elliptsburg where he is engaged in the same business.

A well-to-do farmer residing near the Oakville camp had the brazen effrontery to charge 15 cents per bucket for water on Sunday to give to horses.

The Airy View Sabbath School will picnic on next Saturday, September 1st, in Moore's woods, along the public road leading from Bloomfield to Newport.

H. T. Swarner will sell at his residence in Madison twp., on TUESDAY, Sept. 25th, 1877, a valuable farm, containing 215 acres.

Catharine Rice, Administratrix of Jacob A. Rice, will sell on TUESDAY, Sept. 18th, 1877, a valuable Mill Property, and a tract of land situate in Saville twp., containing 144 acres.

Indiana is being scoured for emigrants to go to Mississippi. At one meeting in Indianapolis, recently, one hundred heads of families said that they were willing to go.

A Juniata county Exchange says:—Judge Junkin is the inventor of a four-horse plow, that is highly appreciated by those who have used it. The Judge made it for use on his own ground.

The "query" from our correspondent at Marysville in regard to a certain Justice of the Peace is rather personal for publication, although the hints, we are informed, are facts nevertheless.

On Monday of last week while Mr. B. Lesh, of Juniata twp., was plowing, his horses became frightened and ran away. One horse had two legs broken and had to be killed. Mr. Lesh was also some what injured.

Rev. A. W. Decker lost a valuable horse a short time since. He put him in a field with some other horses, and supposed he was kicked by them, as his leg was so badly broken that he had to be shot.

A few nights ago, thieves visited the premises of Emanuel Moyer in Fernmanagh twp., Juniata county, with a spring-wagon, broke open Mr. Moyer's iron-crib and took as much corn therefrom as they wanted and drove away with it.

A few nights since a man was seen stealing chickens from the coop of Mr. David Liddie, in Watts twp. Shot gun proceedings were at once instituted against him, and the young man left with considerable shot in his arms.—That is the right kind of proceeding to take against such chaps.

A team of horses attached to a threshing machine on the farm of Mr. George Ritter, of Loysville, a short time since became unmanageable, and started around the track at full speed. Mr. John Swarner, at the time, was inside the track, leading a blind horse, and narrowly escaped with his life. The horse-power was considerably demoralized, and the horses somewhat bruised and scratched.

Narrow Escape.—On Saturday morning last, Mr. John Briner, who is engaged in sinking a well at the Methodist Parsonage in this place, narrowly escaped suffocation. He made a blast on Friday evening, the well was closed until Saturday morning, and on descending he was overcome with the foul air. On being drawn up, he was helpless and insensible for a short time. He, however has recovered, and is at work again.

Middle Ridge Services.—An open air meeting will be held next Sabbath alongside of the walls of the old Middle Ridge Church, as was promised last summer when the fixing up and fencing of the graveyard was begun. This latter is now accomplished and those interested in the old yard or church are requested to be present at the meeting. Services at 10 A. M., and 1 P. M., by Rev. W. H. Logan and Rev. J. Edgar.

In our issue of last week we noticed the arrest of one named George Gibson, charged with setting fire to Mr. Dunkleberger's barn in Spring twp. There are however, two persons bearing the same name, residents of our county, one of Loysville the other of Shermansdale, and fearing that some persons (who are not as familiar with the character of these gentlemen as we are,) might think it was either of them, we will state that the Gibson arrested, claims to hail from York county, and is a sort of a "turnpike sailor," although he did work for Foster Spotts, of Spring twp., a short time since.

Fatally Shot.—A young man named Riley Arnold was fatally shot by John Moyer, in Snyder county, about seven miles above Liverpool, on Monday night, the 13th inst., whilst entering a melon patch. It appears that Mr. Moyer's water melon patch had been frequently visited by some of the boys of the neighborhood, and that he had threatened to cripple them, if they continued their depredations. Arnold, unaware of the threat, was induced by other parties to enter the patch, when Moyer saw him and fired. The charge entered the side of Arnold, a part of which took effect in his kidneys, causing death on the following Saturday.

Bitten by a Spider.—A few days since, while Rev. J. B. Soule, pastor of the Church of God at Lancaster, was riding in the cars, on the C. V. Railroad, a spider bit one of his hands. Immediately after the bite, Mr. S. experienced a stinging sensation, but paid little attention to it until his arrival home, when his hand became very much swollen and inflamed, and finally broke into a couple of running sores. He is now suffering great pain, and his only relief is found in applying oak leaves to the wound.

Caught in the Act.—The Newport News says that on Wednesday last Sam Albright was caught stealing from the bar of Adam Fortney, at Montgomery's Ferry. Albright reached for the landlord's till, from which he extracted some money, but just as he was feeling richer than a moment before, a daughter who had witnessed the performance through a crack under the door broke in upon the captive child and cried out, "there, Sammy, boy, I caught you this time." Sammy dropped like an aspen leaf, but didn't shake, and replied by saying that he had only taken "a quarter," which he immediately returned. Mr. Fortney thinks differently in regard to the amount, and speaks meaningly as if the light-fingered S. A. will have another case on hand by the time our next regular court comes around. This man was convicted of stealing at the last court, his counsel moving for a new trial. This may add in deciding that application.

A Meeting of Zion's Classis was recently held at Littlestown, Adams county, for the purpose of hearing the report of the committee of investigation in the case of Rev. O. L. Achenfelter, of Carlisle. Twelve ministerial and eleven lay delegates were present at the session of Classis. A lengthy report from the committee was adopted, charging the Rev. Achenfelter with teaching doctrines contrary to the Reformed standard, in that he denies the inspiration of the Bible, and the eternal punishment of the wicked, teaching that men will finally be restored to happiness.

Political.—The Democratic Convention met to-day and nominated the following ticket:

Associate Judge, Samuel Noss, of Duncannon; Sheriff, James A. Gray, of Spring township; Director of the Poor, B. F. Bealor, of Juniata twp.

The proceedings of the Convention will be found in another column.

The Republican Convention will meet next Monday to make nominations. The following persons have declared themselves willing to accept the office of Sheriff—S. A. Peale and Thomas Sutch, New Bloomfield; John Hood, Duncannon; W. T. Dewalt, Carroll twp.; A. B. Grosh, Madison twp.; W. H. Rice, Landsburg; J. T. Robinson, Sandy Hill; H. D. Kopenheffer, Centre twp.; W. W. Beers, Marysville.

The Convention was called to order at 11 o'clock by A. M. Markel, Esq., Chairman of County Committee. William Brooks, Esq., of Penn twp., was elected Permanent Chairman, and Thomas S. Veltman, of Tuscarora, and Joseph Rice, of Saville were elected Secretaries.

ADJOURNED UNTIL 1 P. M., when the Convention met again and proceeded to nominate candidates.

A. M. Markel, Esq., was unanimously re-elected Chairman of the County Committee for the ensuing year. On the fifth ballot Samuel R. Noss, of Duncannon, was nominated for Associate Judge.

On the fourth ballot James A. Gray, of Spring twp., was nominated for Sheriff. On the third ballot B. F. Bealor of Juniata twp., was nominated for Director of the Poor.

Shot His Sister.—We learn that last week one day over in Juniata county, near the Snyder county line a child was allowed to have a gun to go hunting, and staying until after meal time, when he came home and requested his sister to get him something to eat, which she refused to do, stating that it was his business to be home at meal time. He again urged her, as before, at the same time threatening to shoot her if she refused his request, she told him the same as before, when he took his shot gun and deliberately shot her in the face and neck. It is thought she cannot recover. The boy is only nine years old, his unfortunate sister is grown.—Middleburg Post.

Hog Cholera.—The cholera among hogs is becoming an epidemic. From all quarters we hear of hogs dying. Wm. Wertz on R. U. Jacob's farm near Logan recently lost 30. Joseph Miller, Mr. Showalter, and I. Harry Brought, on the turnpike just above town, each have lost from six to a dozen or more. We learn of others every day who are losing hogs by this fell disease. Who knows how to stop it?—Lewistown Democrat.

The Lebanon Valley Branch bridge over the Schuylkill river at Reading was ready for the movement of trains on the 15th inst., since which time through trains and through cars have been running regularly, same as previous to the burning thereof. Trains of the Reading and Columbia Railroad are running over said bridge, and the schedule time is the same as was in force July 22nd, 1877. The transfer coaches have been discontinued.

Retailers of Tobacco.—Many grocers and other dealers in tobacco, are in the habit of cutting plugs up into small pieces and retailing them from cases, jars, etc., which is a technical violation of the Internal Revenue laws. The law allows retail dealers to sell only from packages properly stamped. Tobacco can only be retailed from stamped packages, and to sell it otherwise than from the original stamped packages renders the goods liable to seizure. Peremptory orders are issued to Revenue Agents and Deputy Collectors of Internal Revenue to seize all tobacco not found in stamped packages. Penalties are inflicted for not destroying stamps on cigar boxes and tobacco packages as soon as emptied. If all engaged in the sale of tobacco and cigars read this and comply with the requirements they will save money and trouble.

Cumberland County.—We copy the following from the Cumberland county papers of last week:

Henry Smith, colored, of Carlisle, had four hogs poisoned recently. It is not known by whom the poison was given.

Samuel Davidson, living on the farm of Wm. Kettle, in Millin twp., has probably the largest calf for its age ever born in the township. Two hours after its birth it weighed 125 pounds.

On the farm of W. Steret Woods, a short distance west of Carlisle, stands the largest haystack in the county. It is over 500 feet long, 16 feet high, and contains 148 tons of the best hay. Ell Bushman is the tenant on this farm.

Elisha O. Webb, a native of Adams county, while at work at one of the ore

banks at Bolling Springs, had his leg so badly crushed between the knee and the hip, by a large stone rolling on him, that he died on Thursday last, the second day after the accident.

Early on last Wednesday morning, the large brick barn on the farm of Mr. Bitner, on the State road, 3 miles west of Carlisle, together with all this year's crops, 7 head of sheep and 1 horse, was entirely destroyed by fire. The loss is heavy with no insurance. The fire was the work of an incendiary.

At a congregational meeting of the members of the Reformed church of Carlisle, on Sunday last, Rev. A. H. Kreamer of Lancaster, was chosen pastor by an almost unanimous vote to succeed Rev. O. L. Achenfelter, whose resignation takes effect on the first of September. We learn Mr. Kreamer will accept.

On Monday last, as Mr. Wm. Drawbaugh, of Frankford twp., was cleaning out his well, which is about 18 feet deep, he found a live eel in the bottom. The eel is fully two feet and a half long. How it got there and how it manages to live and thrive so well are questions for the fishologists to answer.

According to the Star the barn of Elias Barrick, in Millin township, was struck by lightning some time since. Mr. B. at first thought the lightning spent itself upon the earth near the barn, but noticing signs of fire at the barn he made a hasty examination and found some cobs and straw burning in the granary, within a few feet of the hay. He promptly extinguished it.

The nineteenth annual exhibition of the Cumberland County Agricultural Society will be held on Tuesday, Wednesday, Thursday and Friday, October 2, 3, 4, and 5, 1877. The Cumberland Valley Railroad has kindly consented to transport articles intended for exhibition to and from Carlisle free of expense. Excursion tickets from all points along the road will be issued.

WIDE AWAKE FOR SEPTEMBER.

The literary world has a rare treat in Wide Awake for September, it is remarkable for the twelve pages of delightful gossip it gives concerning the poet, R. H. Stoddard. Mrs. Thayer has a charming story of "My Summer Boarder," and there are many other attractions, poetical, pictorial, musical and enigmatical, chief among them being the ninth "Adventure of Miltiades Peterkin Paul," by John Brown-John.

Only \$2.00 per annum. Ella Farman, Editor. D. LITTLER & CO., Publishers, Boston.

THE SURVIVORS OF THE "CHANCELLOR."

This delightful new volume by Jules Verne has just been issued as No. 98 of "The Lakeside Library" series. It details the adventures of the passengers and crew of the good ship Chancellor, lost in mid ocean on the Atlantic. When the ship was destroyed its people found refuge on a raft, and encountered great privations, and were subject to imminent dangers. But few survived the hardships of the long contest with the fierce elements. The interest of the story is enhanced by 36 fine engravings. Landlords and Liquor Dealers,

and any one wishing to engage in the business would like to manufacture their own liquor but, it takes too much capital to start a distillery and if you have not a distiller, how can you manufacture liquor? On receipt of price I will send you a recipe to manufacture whiskey, rum, gin, brandy and all kinds of wines. All you need is a good well of water and some barrels. You put what my recipe calls for in your barrels, pump them full of water, put them in your cellar, and in a few weeks you will have the best and purest liquor you ever drank and it only costs 20 cents per gallon. If you have not analyzed you will find it contains no poison or acids, but is strictly pure like liquor of olden times. With my recipe you can make 4 kinds of whiskey, 3 kinds of rum, 2 kinds of gin, 5 kinds of brandies, 9 kinds of wines and a recipe to make apple cider at the small cost of 20 cents per gallon without use of apples. This is no humbug, but solid truth, any one using my recipe once would not trade it for the best distillery in the United States any man can see his fortune in this.
