

GREAT FURNACE HERRICK NOMINATED

MAN'S STOMACH IS LIKE ONE

So Say Rickert & Wells, Our Well Known Druggists.

"There is no need of your going about with that woe-begone expression on your face," said a member of the drug house of Rickert & Wells to a reporter who called on him yesterday.

"You are not going to die, man," said the druggist, when our correspondent had related his woes and told how late hours, hasty lunches, changes in the weather and other conditions had brought him to the state where life had lost all happiness and he was feeling miserable all over.

"I can fix you so that you will feel better in twenty minutes," said the druggist.

"Your whole trouble is your stomach. You abuse it,—neglect it,—forget it,—and pay no more attention to it than though it did not exist, until in indignation and revolt it reminds you of itself. Don't you know that this stomach of yours is the most important organ in your body? It is like the furnace that drives the palatial steamship across the ocean. It is the center of vitality of your entire system. Into it is taken the fuel that maintains your life—that is, the food you eat; when it works properly this food is converted into bone and tissue and pure, new blood.

"You cannot run a furnace without paying some attention to it. If you neglect it, it will become filled with cinders and foreign matter and will not only fail to heat properly but will eventually go out. It is the same with your stomach. You cannot abuse it, you must pay a little attention to it, you must help it digest the food you put into it and you must try and see that the right kind of food is employed. You would not throw granite paving stones in place of coal into a furnace, and yet I would guarantee that you even put almost as bad in your stomach.

"Now take my advice and try Rexall Dyspepsia Tablets. They will help your stomach digest the food which you eat. They will enable it to better obtain the nourishment from that food.

"I know what I am talking about," concluded the druggist, as he handed the newspaper man a package of the little tablets about which he had been talking. "Of course I have investigated the merits of this article and, as you know, I guarantee its action, promising to refund the price of the remedy to those who are not satisfied with the result it accomplishes.

"The best part of this offer is, however, that I don't find very many people coming back for their money. They come back again, you may be sure, for another box of Rexall and most of them talk just as strongly in its favor as I do myself. The price being 25 cents, places these tablets within the reach of all. Every box sold means another Rexall friend."

Harmonious Republican State Convention in Ohio.

ROOSEVELT IS INDOESSED.

Senator Hanna Also Gets an Indorsement For Re-election—Boothman Withdraws as Candidate For Lieutenant Governor.

Columbus, O., June 5.—The Auditorium was packed when Senator Hanna called the Republican state convention to order. Prayer was offered by Rev. James Poindexter, pastor of the Colored Baptist church. The report of the committee on credentials, sending the Rouse delegates from Monroe and the Sands delegates from Hickling, was adopted.

Before the convention assembled Boothman withdrew for lieutenant governor and promised to present Harding's name, so that there was no contest for any nominations of general interest or importance.

This good will of the peace-makers was shown in the early proceedings, especially in the speech of Foraker in complimenting Hanna.

After the report of the committee on permanent organization Senator Hanna

MYRON T. HERRICK.

introduced Senator Foraker as the permanent chairman. The latter received a great ovation.

Senator Foraker said: "This was Hanna's year; yesterday was Roosevelt's year; next year is Roosevelt's year."

He congratulated the Republicans on being united on their leaders for this year and next year and most of all on their principles.

There were several wild scenes of demonstration while Senator Foraker was proceeding. He caused much amusement in his comparisons of the Republicans with the Democrats, who did not know whom they wanted for president, governor, senator or other places and were still more divergent in their opinions on issues. President Roosevelt's name, whenever mentioned, elicited prolonged cheering.

The report on rules and order of business and the platform were then adopted.

The platform is in part as follows: We commend President Roosevelt's fidelity to duty, his adherence to President McKinley's policies and his own practical ability in his office, showing him in every way worthy of election by the people to their chief magistrate. We favor his nomination for president in 1904.

The Ohio Republican delegation in congress has honored the state in both houses. Senator Joseph E. Foraker and Marcus A. Hanna have splendidly maintained Ohio's leadership. The re-election of Senator Hanna is a distinct national demand upon our state, and we hereby cordially promise him the undivided support of the entire Republican party of Ohio.

Governor George K. Nash, with his able assistants in the state offices, for

their faithful and successful administration deserve the generous commendation and gratitude of the people.

Liberalism in Pension Approved. Nearly three thousand millions of dollars paid to pensioners since the Republican party came into power, almost all of it under legislation enacted without a dissenting Republican vote in congress, but always against Democratic opposition, attests the contrast between the parties in this respect, and yet further liberality was evidenced by the pension legislation of the last congress.

The improvement in our relations with the Philippine Islands is attested by the reduction of our army to the lowest practical limit. Education and enlightenment under broad minded administrative policy are gradually obviating the necessity for control through military power, and we commend the rapid and steady progress made in the preparation of the Philippines for the fullest practicable degree of self government.

In this connection we voice the grateful acknowledgment of the nation for the splendid services in the Philippines of that distinguished son of Ohio, Governor General William H. Taft.

Under President McKinley and President Roosevelt our foreign policy of equity to all has made the United States the peacemaker of the world, securing weaker nations from aggression and giving the Monroe doctrine a vital force greater than ever before.

As America's part in preserving the peace of the world we indorse the Republican policy of developing the United States to the highest efficiency, and we favor every encouragement possible to our merchant marine in the extension of American commerce in American ships upon every sea.

Protection Must Not Be Sacrificed.

The protective tariff policy of the Republican party has made the United States the greatest industrial nation, antedated the world with the tremendous development of our boundless resources; has greatly increased the prosperity of the farmer, and has advanced American labor to the best scale of living ever attained. We oppose all attacks upon this policy, whatever the pretext, as tending to bring back the disastrous days of Democratic tariff revision and free trade. Changing conditions and the possible benefits of reciprocity may call for timely readjustment of duties, but protection is a principle and as a policy must be administered by the friends of American prosperity and must not be sacrificed.

Combinations for the monopoly of trade and kindred unlawful purposes are directly amendable to penalties provided by Republican legislation and their vigorous enforcement in the courts. No worthy interest is imperilled, but whatever will work public harm is restrained, and that without resort to the Democratic plan of destroying all American industries through tariff revision or otherwise. If further legislation should be found necessary, the Republican party can be depended upon to enact and enforce it with equity and safety in every legitimate interest.

The Republican party, having restored the national credit after it was nearly destroyed by the Democratic party and having maintained and advanced it to the highest in the world, with every dollar of full value, and having given to the people the only banking system that operates uniformly everywhere without loss and at lowest cost, should now endeavor within safe lines to stimulate local bank circulation, thus securing an elasticity of currency supply commensurate with business demands, and we favor well guarded legislation to this end.

The name of Myron T. Herrick for governor was presented by Paul Howard of Cleveland. Under the rules no seconding speeches were allowed, but Albert Douglas of Chillicothe made quite a speech that the nomination of Mr. Herrick be made by acclamation. He was most enthusiastically received, and Mr. Herrick was nominated in the manner suggested.

A committee consisting of Albert Douglas of Chillicothe, Jacob Beidler of Cleveland and George Cox of Cincinnati was appointed to escort Mr. Herrick to the hall. When Mr. Herrick arrived he received a stirring ovation.

Mr. Herrick said in part:

The action of the county conventions throughout the state within the past few weeks has been to me an index of what your decision might be, and I have earnestly sought for some form of expression which would adequately convey to you my grateful appreciation for this most signal honor. And now, at this supreme moment, I stand before you overwhelmed with gratitude and embarrassment, and only the homely words "I thank you" straight from my heart come to my lips.

If it is permitted me to discharge the duties of the high office, I shall ask no more distinction than that at the end of the term I may receive the approbation of my fellow citizens and to feel that I have at least endeavored to follow the example of my illustrious predecessors.

Now, as for forty years since the beginning of the Republican era in Ohio, the country has looked to her for guidance and example. The Ohio idea has been paramount not only in the councils of the Republican party, but in the nation itself, while the Republican party and its principles have become practically the incarnation of the country. Ohio's work in a faithful work. She has personification of all lofty ideas of statesmanship and good government. In the past she has spoken through the Republican party, as she will speak this year. The country waits for our decision, and by the adoption of our resolutions the word goes out that we still believe in calmness and conservative action.

We favor the extreme in nothing. We are for no fads or fashions, no matter whether they come or by whom they are championed. Republicanism means to us as imperious to the body politic as any other kind. Enticed and untested theories of government or conduct should find no place in our category of principles. The sails of the Republican party in this state have never been trimmed to catch the passing breeze, and it has never floated a double flag.

Let us, therefore, continue to steer a middle course and retain our position as the setting ground between the sections, a clearing house of issues, an arbiter between the east and the west.

During the week there had been a lively contest between the followings of State Senator W. G. Harding and M. M. Boothman for second place on the ticket, but when Senator Hanna refused to take action the latter withdrew and presented the name of Warren G. Harding, editor of the Marius Star, who was nominated with as much unanimity as Herrick for governor. Captain Nutt, another candidate for this place, did as Mr. Douglas had done in moving to make the nomination unanimous. Mr. Harding accepted in a stirring speech.

Nominations by acclamation were stopped, and the fight on so called "third terms" began when W. A. Irwin presented the name of Colonel Melville M. Gillette of Newark for auditor of state and Congressman Robert M. Nevin presented the name of Walter D. Gulibert of Caldwell for reelection, and the balloting followed. The largest counties all voted solid

NEW VS. OLD KIDNEY REMEDIES

Alcohol Condemns All Liquid Kidney Remedies.

Kidney-Wort Tablets, the Modern Acknowledged Specific.

If your kidneys are working with difficulty and not filtering the blood, a true specific like Kidney-Wort Tablets will safely arouse them to healthy action.

An unscrupulous, ignorant remedy, containing alcohol, as all liquid kidney remedies do, will stimulate them so violently that instead of being merely lazy the kidneys will become diseased. Alcohol congests the kidneys with blood and retards their activity.

There is no alcohol in Kidney-Wort Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heal the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints, and muscles; that make your head ache, and cause indigestion, stomach and liver trouble, and a sallow, yellow complexion. Mr. Benjamin F. Shattuck, the well-known wholesale dealer in garden produce, says of Kidney-Wort Tablets:

29 Warren Avenue, Somerville, Mass., May 7, 1903.

Gentlemen—It gives me great pleasure to testify to the efficacy of Dr. Pettinelli's Kidney-Wort Tablets, which I have used with most beneficial effect. For a long time I have suffered from the ill results of disordered kidneys. I was advised to try Kidney-Wort Tablets, and I am glad to say that I feel now "as good as new." The relief was immediate.

Yours very truly,
BENJAMIN F. SHATTUCK.

If there is any doubt in your mind as to your kidneys put a small amount of your urine, on arising, in a bottle and let it stand twenty-four hours. If you find it milky or cloudy, if brick dust settles or small particles float in it, your kidneys need instant attention. No matter how many other remedies you may have tried and found useless, remember Dr. Pettinelli's great modern remedy, Kidney-Wort Tablets, is as far in advance of old-fashioned liquid remedies as the modern trained surgeon is superior to the ignorant traveling "bonesetter" of thirty years ago.

ly for Auditor Gulibert, who has been in that office eight years as deputy and eight as auditor. In all sixteen years, and he was nominated for another term of four years, receiving 735 votes to 138 for Gillette. The nomination was not made unanimous.

Czar's Antisemitic Decree.

St. Petersburg, June 5.—The czar has approved the decision of the committee of ministers forbidding Jews to acquire real estate or enjoy the proceeds thereof, except in towns within the Jewish pale, until the laws concerning the Jews have been revised. There are 101 such towns where Jews are permitted to settle and acquire realty.

Railroad to Run Restaurants.

Chicago, June 5.—Within the next two weeks all restaurants and hotels in the depots of the Pennsylvania system west of Pittsburg will be conducted by the railroad company. The proposed system already has been given a test in the eastern section of the road and has proved satisfactory.

Fourth Class Postmasters.

Washington, June 5.—The following fourth class postmasters have been appointed: New York—Forestport, F. N. Salzman; Holmesville, Daniel A. Sage. Pennsylvania—Enriquez, W. R. Livorinhouse; Poyntelle, Fred. A. Tiffany.

Burglars' Sentences Remitted.

Pretoria, Transvaal, June 5.—The lieutenant governor of the Transvaal, Sir Arthur Lawley, has remitted the remainder of the sentences of the majority of the former burglars convicted of military offenses during the late war.

A MILLION STARVING

Governor of Kwangsi Appeals to U. S. For Aid.

CHILDREN SOLD FOR FOOD.

State Department Asks Chinese Minister That It Will Do What It Can to Alleviate His Country's Distress.

Washington, June 5.—Secretary Hay has received a cable dispatch from Consul General McWade at Canton, which says: "Governor Wong telegraphs me that over a million natives in Kwangsi are starving and earnestly appeal for help from American charity. All relief distribution through the hands of American and British missionaries."

Sir Chenting Liang Chen, the Chinese minister here, called at the state department and was placed in possession of such advice as the officials had respecting the distress in Kwangsi. The minister appeared to be bewildered and was unable to suggest any measure of relief for his suffering countrymen.

The state department, although not anxious to embark in wholesale charitable enterprise, will undertake to do what it can in forwarding relief measures, and without further reference to the minister here will itself transmit directly to Mr. McWade, the consul general at Canton, any funds which the charitably inclined people of America may care to contribute. Mr. McWade has already stated that he can use the numerous American and British missions in China to distribute the money to the best advantage.

According to a dispatch from Vancouver, B. C., mail advices from Hongkong say that M. Clementi, the French agent investigating the Kwangsi famine, has reported that 150,000 persons are utterly destitute. He says he witnessed a public sale at Kwaitsun where people were sold for food, even sons, daughters and wives. It is estimated that 30,000 children have been sold.

Whole Family Killed in Flood.

McCook, Neb., June 5.—Meager details of the annihilation of almost a whole family have been received from St. Francis, Kan. It seems that for some time there has been bad feeling between men employed by the DeWar Cattle company and a family named Berry over the possession of certain land. Berry and his four sons are said to have engaged in a battle with cowboys, which resulted in the death of the father and three of the sons, the fourth being seriously wounded. Whether any one on the opposite side was killed or wounded has not been learned.

Abandoning Volcanic Island.

Victoria, B. C., June 5.—News has been received from the orient that because of panic at Toyama in the Loo Choo Islands, as a result of the volcanic outbreak, the Japanese government has sent a ship to the island to render assistance to the islanders. The governor of Loo Choo had advised the residents, numbering 600, to emigrate to a safer place, but they refused to do so until the present outbreak occurred. The Ukad Utoko volcano in 'Hauri province also has shown signs of activity.

Grand Jury Hears Machen Case.

Washington, June 5.—The case of August M. Machen, late superintendent of the free delivery service of the post office department, who is charged with having received bribes to the amount of \$20,000 in connection with department contracts, has been presented to the federal grand jury.

Von Pilgrim-Baltazzi Decorated.

Berlin, June 5.—Emperor William has decorated Herr von Pilgrim-Baltazzi, the former German charge d'affaires at Caracas, Venezuela, with the order of the Red Eagle.

PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal. F. C. Wilcox of 539 New Britain ave., Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

Dr. David Kennedy's Rose Jelly radical cure Catarrh, Hay Fever and Cold in Head. 50c.

MISSISSIPPI RISING.

Railroad Tracks Along the Levee at St. Louis Flooded.

St. Louis, June 5.—During the past twenty-four hours a rise of nine-tenths of a foot has been recorded in the river, and at 9 a. m. the stage registered was 32.1 feet. The extreme height of the flood here will, it is believed, be reached Sunday morning in a stage of thirty-five feet, which is five feet above the danger line.

Railroad tracks along the levee have been submerged, and the business will be handled over the elevated road until the flood subsides. The passenger service on all the roads running to Kansas City, the west and northwest is badly crippled.

At Carondelet (South St. Louis) the river is four miles wide, extending on the Illinois side to the Mobile and Ohio tracks, which alone serve as a protection to thousands of acres of farm land. In North St. Louis the stream is three miles wide. No estimate of the damage can be given until the water subsides.

Six Bodies Picked Up.

Topeka, Kan., June 5.—Six unidentified bodies, those of three men and three women, victims of the North Topeka flood, were picked up at noon by some of the Ottawa rescue boats out of the Kaw river driftwood west of the city. A rope was tied around the waist of one of the women. Evidently she had been tied to a tree to prevent falling into the water, many who were forced to remain perched in limbs for hours having done this. The sanitary conditions in North Topeka have been made worse by the bursting of several sewer and water pipes. The Kaw is rapidly falling.

Big Levee Breaks.

Burlington, Ia., June 5.—By the breaking of Hunt levee south of Warsaw, Ill., the low lands through which the Carthage branch of the Burlington runs have been flooded and the train service cut off. The river here is eight miles wide. Residents in the bottom north of Burlington are fleeing. The inhabited islands in the Mississippi north and south of here have been deserted.

Rivers Falling at Kansas City.

Kansas City, Mo., June 5.—Both the Missouri and Kaw rivers are receding at an increased rate. A fall in the Missouri of nearly three feet from the high point of thirty-five feet recorded forty-eight hours ago was shown by the government gauge.

TOOTH BRUSHES

We can sell you a splendid tooth brush for a quarter—one that has bristles that stick to the brush and not in your gums—other brushes at other prices. Brushes from 10c to 50c each. A special fine, soft Brush at 35 cents. Brushes replaced if the bristles come out.
