The base ball game which was the principal event of the afternoon has not been equalled as regards professionalism by any of the games played there this summer. The battle was between the proprietors with the efficient aid of their clerks and the plumbers.

ADDITIONAL CARRIER FOR BARRE POSTOFFICE

Will Begin His Duties Tomorrow-- Earl M. Lewis Will Be The Man.

The Barre postoffice has been allowed an additional letter carrier, and Postmaster Blisbee hopes to be able to start him on Saturday morning, August 1st. The senior substitute, Earl M. Lewis, will be the new regular carrier. Until October 1st the new carrier will serve only one-half time, four hours daily. He will make a business delivery on Main street commencing at the postoffice and work north. He will also make a collection trip for other carriers to enable them to take in additional territory contiguous to their present routes.

The additional territory taken in will be such as was approved by Inspector Connolly when he was in the city to report on the necessity for additional service. It includes Ayer street to the bridge, Orange street and up to and including Nelson street in that section of the city. Sixth street and several houses will be added to the various parts of the city.

The persons residing in territory to be taken in have been supplied with census sheets to be filled out by them and returned to post office to enable their mail to be sorted to proper carrier; but delivery will not be made at any house in that territory which is not properly numbered, and the number on the house before the delivery begins.

It is to be regretted that in laying out the work it is found more than one house on the same street has the same number, and that there are two streets of the same name in the city. This might be avoided if the street commissioners would name the street, and post the street sign on it, when the street is laid out. It would also be easy for them to determine at which end of the street the numbering should begin, and by allowing the required number of front feet for each number just what the number of each house on the street ought to be. Then no owner or lessee of a house ought to attempt to number the house without consulting the city authorities.

Mr. Connor was born in Scotland in 1843 and came to this country about 30 years ago. He came to Barre soon after his arrival in this country and has made it his permanent home for 21 years.

He has been connected with the Presbyterian church ever since it was organized, being one of its first members, also an elder for several years.

He leaves a widow and six children to mourn his loss, five daughters and one son, Mrs. Thos. Cable, Mrs. Elsie Edwards, Mrs. Hugh Gillespie, Miss Mattie and Edith Connor and James Connor.

The funeral will be held from the Presbyterian church, Sunday at 2 p. m., Rev. Mr. Henry officiating. Burial in Hope cemetery.

A RUNAWAY.

Exciting Time on Main Street This Forenoon.

Considerable excitement was aroused on Main street this morning when a team containing a young man who was driving and a lady with a little child came dashing up the street at a breakneck pace, the driver seeming to have no control over the horse.

When in front of Badger & McLean's store the woman, having placed her baby in the bottom of the wagon, grabbed the reins from the driver and pulled the horse across the car track and up behind the American Express team, which was standing at the curbing where it stopped. When the train crossed the car track it barely escaped going in the ditch which is being dug by the Telephone company.

The lady and the child were uninjured but were badly frightened.

The horse belongs to Pappin, the livery man and was considered safe for anyone to drive. John Little, who works for Pappin, was driving the horse and went to the 10.10 Wells River train to take the lady to Grantville. When they left the station the horse started on the run and Little was unable to manage it.
