

POPE PIUS X OFFICIATED

At Grand Te Deum in Sistine Chapel.

THE CARDINALS PRESENT

The Result of the Various Ballots Announced—Showed That Rampolla Led at First.

Rome, Aug. 5.—The Pope officiated this morning at the grand Te Deum in Sistine chapel. Nearly all the cardinals now in Rome were present. Music had been especially composed for the occasion by Father Perosi. The announcement was made today that the Pope had appointed Dr. Lippini as physician to the Vatican.

It was learned this morning that on the seventh ballot yesterday Cardinal Sarlo received 55 votes, Rampolla four and Gotti two. Rampolla and Sarlo voted for Gotti. On the first ballot Saturday Rampolla received 24, Gotti 17. On Sunday evening the fourth ballot gave Rampolla 20. The other votes were divided. The German cardinals and anti-Rampollates then held consultations. The former stated that while they preferred Serafino Vannutelli or Gotti they would not insist upon either. They further declared that they only desired a religious and non-political Pope.

Cardinal Satelli then suggested Sarlo as a compromise candidate, which proposition the German cardinals accepted. Monday morning's ballot gave Sarlo 27 votes, Rampolla 23, the others scattering. Monday evening's ballot gave Sarlo 37, Rampolla 15.

PROBABLE ELOPEMENT.

Gussie Smith of Rutland Suddenly Disappeared.

Rutland, Aug. 4.—Miss Gussie Smith, 19 years old and daughter of Mr. and Mrs. William W. Smith of No. 125 South street, left home Saturday evening and has not been heard of since. Indications point to an elopement and her people believe that she is married to a drummer who has been here lately, by the name of Robert H. Barber.

The girl was last seen by her mother Saturday night about 8.30 o'clock, when she started up street with some girl friends, telling her mother she would be home early. She did not come home Saturday night. Miss Smith received a telephone message from Barber from Biddford, Me., Friday evening saying to take the sleeper from this city for Boston the next night, where he would meet her Sunday morning with whom she stayed Saturday evening that she was going to Boston to meet Barber and that they would be married upon her arrival there.

ANOTHER BIG FAILURE.

Sharp & Bryan's is Announced With Liabilities of \$5,000,000.

New York, Aug. 5.—Stocks received a bad smash at the opening of market this morning, caused by heavy liquidation and bear drives, and the first half hour semi-panic conditions prevailed. All stocks suffered alike. The Union Pacific, Southern Pacific and Rock Island made new low records. When the situation seemed most alarming big interests stepped in with supporting orders and the slump was stayed. The failure of Sharp & Bryan was announced on the exchange early in the forenoon. Their liabilities are \$5,000,000.

Safe Blowers in Post Office. Syracuse, N. Y., Aug. 4.—Expert safe robbers blew open the safe of the Mainline post office with nitroglycerin and secured \$900 in money and stamps. They wrapped the safe in water soaked blankets, evidently stolen from a near by barn. After the robbery they attempted to steal a horse, but were frightened away.

BANKS' LOSS HEAVY.

Fair Haven and Poulney Institutions in Hughes Failure—Alleged Crookedness.

Rutland, Aug. 4.—Each day new and startling developments are coming out in the recent failure of Gen. W. H. Hughes, the prominent politician, financier and state manufacturer, of Granville, N. Y. From present appearances, it may be judged that a large number of banks and private individuals will be heavy losers as a result of the failure. It is stated on good authority that the approximate losses of the various banks are as follows: At Glens Falls and Sandy Hill, \$26,000; Farmers' National Bank of Granville, \$30,000; banks of Poulney and Fair Haven, unknown, but presumably large amounts. A number of Granville people will also lose heavily.

Some pretty damaging statements are now being made which allege crookedness on Hughes part. One case is reported where a New York man who visited Granville once or twice has been notified by a bank that his name was on Hughes note for \$5,000 as indorser. This man states he had no acquaintance with Hughes and never signed any of his papers. Another Granville party, so it is said, finds he has indorsed for \$5,000 on Hughes notes, whereas he supposed it was only a \$1,500 note. When he supposed he was signing a renewal of the same note, each one was a new note. A Granville widow paid Hughes about \$1,500 due on a mortgage on her house, and it turns up in the hands of a Salem bank.

The whereabouts of Mr. Hughes are still unknown, and a great many people besides those mentioned would like to locate him.

FRANCHISE IS GRANTED

Orange Co. Telephone Co. May Enter City

ON STREETS ASKED FOR

Failing to Get a Reduction in Rent, W. Lapoint Files Bond For Opera House Another Year.

The city council held an adjourned meeting last evening at which time a franchise was granted to the Orange County Telephone company to do business in Barre. A substitute resolution for the one that had previously been under consideration, was presented and adopted. It provides that the Orange County Telephone Co. may set its poles on Elm and East streets, Batchelder, Boynton, Brooklyn and Burnham streets and establish a central office at O. J. Dodge's store. In consideration of which the company is to place its wires under ground on such streets as directed when directed by the city council, and that the company shall pay \$1 annually for each telephone installed and \$2 for each pay station established. The franchise is to run 25 years, and is not transferable or assignable. The company shall establish a central office in Barre within 60 days or the resolution becomes null and void. The franchise was unanimously granted.

On motion of Alderman Currier it was voted that the new company be instructed to bury its wires from a point at the corner of Elm street and Eastern avenue to the central office in O. J. Dodge's store.

Failing to get a reduction in rent, W. W. Lapoint, lessee of the opera house, filed his bond for another year from Sept. 1st, 1903, at the previous rental of \$1,600 yearly. The bond was accepted.

BETHEL QUARRYMEN STRIKE.

They Demand an Eight Hour Day and an Increase of Wages.

Bethel, Aug. 4.—The quarrymen employed by the Woodbury Granite Co. at Bethel are all out on strike and the prospects are that it will be some time before the difficulty is adjusted.

The strike went into effect Saturday. The men demanded one hour less of labor per day, thus making an eight-hour day, and an increase of wages ranging from 15 to 25 per cent.

A grievance committee had waited upon Superintendent Clifford several times but obtained no satisfactory answer to their proposition, so they decided to go out.

There is plenty of granite on hand in the company's yards, so the prospects are that no concessions will be made to the men for several weeks, at least. Everything is quiet.

KETCHUM DID IT

Rut H. J. Hill of Bristol was Charged with It—He Has Been Discharged.

Rutland, Aug. 4.—Howard J. Hill of Bristol, arrested June 23 on the charge of abstracting funds of the defunct Farmers' National Bank of Vergennes, and making false entries on the books of that institution, has been discharged. While in this city this morning he was given a certificate signed by U. S. Commissioner James A. Merrill notifying him that he was released from custody at the suggestion of the district attorney, James L. Martin of Brattleboro. Hill's discharge is the result of an examination of the books of the defunct institution for the government by F. S. Platt of Poulney, state inspector of finance.

It is said today by a government official that Hill was arrested on complaint of some of the stockholders of the bank and other supposed reliable parties without a thorough examination of charges being made. Mr. Platt's examination showed that there was nothing whatever to warrant these charges.

T. W. Maloney of this city, attorney for Hill, states that many of the false entries charged against Hill, were made by John W. Ketchum. When interviewed at the Chittenden county jail at Burlington this evening Ketchum said, "All the charges made against Hill were for entries solely in the handwriting of Hill and after I left the bank on September 20, 1900."

FROM JAIL TO HOSPITAL.

Rev. W. S. Martin of Highgate Fame Operated on for Appendicitis.

St. Albans, Aug. 4.—Rev. W. S. Martin, who became involved in some financial difficulties at Highgate Springs about ten days ago and who was arrested and confined to the Franklin county jail, has had the misfortune to be stricken with a severe case of appendicitis, which today necessitated his removal to the hospital for treatment. Several of our prominent citizens, who have looked up Mr. Martin's case and learned the true nature of affairs, have had their sympathies aroused and have furnished the necessary bail to allow Mr. Martin to leave the jail and go to the hospital. Those who have called on Mr. Martin and heard his story and know his condition of mind and body, are taking an active interest in his case, and believe that he will be exonerated from the charges against him when all the facts are known. The Hon. Fuller C. Smith and the Hon. S. W. Flinn have volunteered to defend Mr. Martin and look out for his interests.

Great excitement prevails through our town today, awaiting the decision regarding the disposal of the prize for the most popular baby. The contest is close between Baby Blason and Ransom McArthur. The rivalry is very good natured and either will be glad for the success of the other.

GOVERNMENT TROOPS CAMPED IN THIS CITY

Two Troops of Artillerymen From Fort Ethan Allen Stopped Here Last Night.

This city was the camping ground for a body of United States troops last night, and the streets presented a martial appearance last evening when the men came down from their camps at the Granite City Trotting Park. The troops composed the artillery battalion at Fort Ethan Allen, which is on its way to Cape Elizabeth, Maine, to take part in the great war game to be held off the Maine coast. The artillerymen who were in this city last night will assist the heavy batteries at Portland, Maine, to protect that harbor against the North Atlantic squadron which will try to gain entrance to the harbor. Umpires will decide on the merits of the offense and defense. The manoeuvres will be held from Aug. 22 to 29, being a series of mimic battles which the government has recently established.

The stop of the two troops in this city was the second on the line of march. They left Fort Ethan Allen Monday morning, marching from there to Bolton, where they camped Monday evening and coming to Barre yesterday afternoon. Their march through Main St., was an interesting sight to a large number of people. They carried about 200 men and 20 guns, while ten pack wagons brought up the rear with equipments, etc. The forage for horses and rations for the men will be met by rail every two days.

The following officers were in charge: Major H. K. Anderson, commanding; Lieut Frank F. Hopkins, adjutant; quartermaster and commissary: Captains John Conkila, and John E. McMahon, Lieuts. Charles M. Bunker and Richard Furnival, artillery corps; Contract Surgeon Dr. Frederick Branch, medical department U. S. A.

The troops left Barre early this morning to continue their 230-mile journey. The line of march will be along these points which are also expected to be the camping grounds, West Randolph, Hartford, Esfield, N. H., South Danbury, Alton Station, Springvale, Biddford and Portland, Me. The march will take fifteen days.

There are 10 or 12 men from Barre in it and we feel that we should take more interest. At this concert the hat is to be passed around and we hope everyone will give as much as they can so that we may be able to have concerts all summer. The committee that will take up the collection is C. B. Gladding, George Tilden, C. W. Emerson, A. C. Moore, Wm Rust, Charles Mills.

A PLEASANT SURPRISE.

Phillip J. Halvosa Remembered by His Socialist Friends.

A pleasant surprise was given Phillip J. Halvosa at his home on Mount street last evening, when the comrades of the local Socialist party gathered there to show their appreciation for the able services he had rendered to the cause of socialism since coming among them. The testimonial was presented by Comrade Alex Robertson and was in the shape of a handsome travelling bag. Comrade Robertson in a few well chosen remarks hoped that Comrade Halvosa would soon regain his wonted good health and again be able to battle for the ideals he had so ably upheld and fought for. Comrade Halvosa feelingly replied and hoped the Socialists in Barre would go right ahead, and in the near future he felt sure the Socialists in Barre would come out on top.

It is understood that Mr. Halvosa and family will leave Barre for Quincy, Mass., next week as owing to the serious state of his health it has become necessary for him to quit the stone business for some time.

SOLDIERS COMPLAINED OF.

Several Revolver Shots Fired and One Man Punished.

The presence of the two troops of United States artillerymen in this city last night was anything but conducive to the peace and quiet of the city, as several reports have come in to the police headquarters of assaults, shooting and mistreatment. Not a single arrest was made. Several residents along Main street were awakened during the night by revolver shots. At one point it is said that seven shots were fired. One young man of Barre was rather roughly handled by Uncle Sam's guardians, but no arrest was made. The streets were alive with men in the government blue, and it was evident that a portion at least were out for what there was doing.

TALK OF THE TOWN.

TRIED TO BURN THE BUILDING

Burglars Break Into Zanleoni's.

DESTROY MUCH PROPERTY

Set Fire to Pile of Paper, Took What Liquor They Wanted, and Escaped.

Burglars broke into Charles Zanleoni's wholesale liquor store on Granite street last night, made away with a considerable amount of liquid refreshments, smashed bottles and fixtures, broke the plate glass window in the front of the building and tried to add incendiarism to their other misdeeds by starting a small fire among some papers on the floor. That the building did not burn is remarkable.

The first intimation that burglars had been in the place was had this morning at about 5 o'clock when Arthur Thompson, an employee, went to the stables to feed the horses. He saw a window was broken and notified Mr. Zanleoni that some one had broken into the place.

The thieves gained an entrance through a rear window, by breaking out a sash. A box was set up next the building under the window and easy access was secured. The invaders pulled down all the shades in the front office, lighted additional gas jets and proceeded to make themselves at home. As fast as a bottle was emptied, it was broken over some of the fixtures and glass was scattered over all the floor in this way. Gas jets were rolled out and the lamps broken. The invaders also shot bullets through the plate glass window in the front of the store breaking that.

In one instance where a gas jet was broken off, the gas was lighted at the break and it was left burning all night in that way.

In one corner a bunch of papers had been piled, soaked with kerosene and then lighted, but for some unexplained reason, the paper burned out without setting fire to the building.

The invaders evidently satisfied their thirst while in the building and then proceeded to carry away what they could. Just how much was taken Mr. Zanleoni has no means of knowing. They evidently took out of the window more than they could carry away, for a half a dozen bottles of Jones' ale was found on the ground just outside the building.

Since the arrest of a man on the premises a few weeks ago for breaking and entering, two dogs have been kept in the building, but they did not keep the invaders out. One, only a six-months' old pup, was a very much frightened dog when the place was opened up this morning.

The employees of the place gathered up a barrel of bottles, when they cleaned up. At least one invader grew careless, for he left a gray plaid cap behind. On the inside were pinned several fish hooks. This was the only clue the invaders left.

Although some people ascribe the break to the visiting soldiers, the police do not believe they had anything to do with it.

HAD LIQUOR TESTED.

Montpelier Man's Stock Found to Be Salubrious.

Montpelier, Aug. 4.—License Commissioner W. T. Dewey upon request sent specimens of a certain brand of alcohol and beer handled in one of the licensed places in this city to the state laboratory in Burlington for examination several days ago. He has received communication from the laboratory that the liquor more than complies with the requirements of the law in purity and contains the proper ingredients. The specimens were prepared by a disinterested party and sealed and sent by the commissioner.
