"Times, of Course"

That's what all the newsboys say when asked which Barre paper sells the best. There is no doubt about it.

We trust that the pleasure of the day was not lacking to any one yesterday.

Turkey in Asia was temporarily forgotten yesterday in the contemplation of turkey in America.

The St. Albans Messenger asked its readers to be thankful that they were not "Westfield paupers." A good reason to be thankful, indeed.

The "old man of the prize ring" showed himself to be still as young as he was on that memorable occasion when his devoted spouse cried out from the ring side "Poke him in the slats, Bob." And Bob did poke.

Dartmouth did the trick so Brown that there was not so much as a grease spot left of the Providence foot ball eleven. The score of 62 to 0 is the worst humiliation of the season for the defeated team, and the game showed conclusively that the New Hampshire team is a fast one.

New York to Paris by Rail.

Portland, Ore., Nov. 24.—F. C. Helm of New York, leading spirit in the Valdes, Copper River and Yukon railway project, and J. D. McGillivray, a well known Alaskan mining engineer, have arrived here on their way from Valdes to the east. The road which Mr. Helm's company proposes to build will run from Valdes to Eagle City and will have a length of 413 miles. It is capitalized at \$10,000,000. It is hinted that the Burlington is backing the scheme with a view to making it a link in the continuous railroad from New York to Paris which is now being seriously considered.

Forest Fires in Texas.

St. Louis, Nov. 24.—A special from Dallas, Tex., says that the forest fires in the southeastern Texas pine lands are still burning, with no prospects of stopping or being controlled. In churches at Nacogdoches, Lufkin, Angellina, Newton and other places prayers were offered for rain to quench the flames, and that is the only hope of stopping the fires.

Texas Gets a German Job.

Berlin, Nov. 24.—J. B. G. Becker of Hockley, Tex., has been appointed government inspector of cotton on the plantation of German East Africa. His headquarters will be at Dar-es-Salaam. No new clues have developed in the search for Henry B. Kingsley of Rutland, who disappeared at New York city on the 14th. Several places between Albany and Burlington, including the former city and Troy, have been searched. Policeman Thomas Ellworth of Rutland went to Troy and Albany Wednesday to assist in the search. The story of the appearance of Mr. Kingsley at Youmans' hat store in New York on Monday, the 19th, has been confirmed quite positively. Harvey R. Kingsley, a brother of the missing man, who has been working on the case in Rutland for the last two days, has returned to New York.

CANAL CONFERENCE.

Advocates of Enlarged New York Waterway Meet Odell.

Albany, N. Y., Nov. 24.—Prominent canal advocates from various parts of the state, especially representing the canal improvement committee of the state, appeared before Governor Odell to present to him their views on the carrying out of the provisions of the canal enlargement act approved by popular referendum at the general election on Nov. 3. Among those present were George Clinton, chairman of the executive committee of the Canal Enlargement Association of Western New York; Leonard Dodge, president, and F. Howard Mason, secretary, of the Buffalo chamber of commerce; Senator Henry W. Hill, Theodore Fassett, John W. Fisher and John Jocelyn, E. H. Butler, all of Buffalo; President Fred O. Clark of the chamber of commerce and former Assemblyman Alanson S. Page of Oswego, former Assemblyman Dudley and John Lovelace of Niagara Falls, Frank S. Witherbee of Port Henry, F. W. Orr of the Troy chamber of commerce, and a delegation from New York, including former Mayor Charles A. Schieren of Brooklyn, H. B. Hebert, chairman of the Canal Association of Greater New York; Secretary Frank S. Gardner, John V. Barnes of the board of trade and transportation, A. E. Blackmar of the Produce Exchange, Frank Bradford, John J. D. Tremor, W. A. R. Corwyn, and William F. McConnell.

Before the meeting Mr. Clinton said that the conference was in no sense the result of any reports of efforts to repeal the canal enlargement act or otherwise to disregard the will of the people as expressed in the referendum.

"We simply desire to confer with the governor as to the carrying out of the intent of the law, to recommend to him certain persons as canal commissioners and otherwise to assist in preparations for the great work of enlarging the canal."

Mr. Clinton said he fully expected in this year's legislature and later efforts to discount or set aside the popular vote in favor of canal enlargement, but he knew any such must fail.

John I. Platt of Poughkeepsie, the leading opponent of the canal enlargement project, was also on hand to attend the conference.

REYES COMING.

Admiral Coghlan Cables General's Departure From Colon.

Washington, Nov. 24.—Rear Admiral Coghlan, commander of the Caribbean squadron, cables the navy department from Colon, under date of Nov. 21, that General Reyes, the special commissioner of the Bogota government, tenders his sincere thanks to President Roosevelt and Secretary of the Navy Moody for his gracious treatment at Colon by our naval forces.

Admiral Coghlan confirms the press dispatches that General Reyes has departed for Washington via Port Limon, Costa Rica, for a conference with Dr. Amador, a member of the Panama commission, and others in the United States. Before his departure he informed Admiral Coghlan that the Panama government had cabled Dr. Amador to await his (Reyes) arrival. Admiral Coghlan further states that General Reyes expects to make amicable relations with the special commissioners from Panama now in Washington.

Equal Distribution of Space! Now Listen to This! A perfect Shoe should contain not a single particle of space more than necessary, otherwise the Shoe becomes large and ungainly. The Dorothy Dodd Shoe leaves more space for the foot than any other Shoe we know of, yet the Shoe itself is absolutely smaller than the ordinary Shoe. That is because it equally distributes space. ... THINK ABOUT IT ... BADGER, McLEAN & CO., Where Price Fits Quality. 131 North Main St., Barre.
