Hearst of New York, for the Democratic nomination for the presidency, and he will canvass at least a part of the state, endeavoring to secure a Hearst delegation from Vermont to the national Democratic convention.

### ON ARSON CHARGE.

John McVickar Tried in Chittenden County  
Court.

Burlington, April 2.—The attention of Chittenden county court was occupied yesterday with the trial of John McVickar, accused of the arson of Marvin Clark's barn at Williston some months ago. McVickar is a young man, a little past twenty and he is intellectually deficient. The witnesses for the state in the case claim that they saw McVickar go to the Clark barn which is on the interval in Williston near the railroad track. Only a few minutes later, the barn was seen to be ablaze, while McVickar was running from it very swiftly. The barn contained several tons of hay and was quite a loss. The defense in the case is that McVickar is insane and physicians who have examined him took the stand to establish the claim. No question is raised by the defense as to the burning of the barn or the presence of McVickar on the premises.

McVickar claimed to have walked from Barre to Williston.

The jury returned a verdict of not guilty by reason of insanity, and McVickar will be placed in the state asylum.

### BSIDGE SWEEP AWAY.

Structure at Richelieu, Que., 710 Feet Long,  
Taken Out.

Farnham, Que., April 1.—The Central Vermont railway bridge over the Richelieu river at Richelieu, Que., between Farnham, Que., and Montreal, known as the Richelieu bridge, was carried away at about 6 o'clock this morning by an ice jam which formed against the piers of the bridge. The entire bridge, some 710 feet long, with the piers were swept away, nothing being left but the stone abutments at the ends of the bridge. The government highway bridge was also carried away. The railway bridge was on the Canadian division of the road paralleling the main line.

### SUSPECTED MURDERERS PLACED IN CUSTODY

Alleged Slayers of Bloomfield Man  
Were Without Ammu-  
nition.

South Bloomfield, April 1.—A posse of special officers and citizens from both sides of the line dividing Vermont and New Hampshire, early today captured Renben and Edward Bronson, two brothers, who were wanted for the alleged murder of Charles Lyons, keeper of a road house here, late last night. The men were captured as they were emerging from a piece of woods about two miles from town. Although they were armed with rifles, their ammunition had been used up in the fight with Lyons and they offered no resistance.

The trouble between the Bronsons and Lyons had been of long standing, but the murder is supposed to have been the result of excessive use of intoxicants. A large lumber company began the distribution of \$50,000 to wage-earners in Bloomfield, North Stratford, N. H., and places in the vicinity. Last evening there was much noise and numerous rows here.

It was learned today that shots were fired from the Lyons house as well as from the Bronson dwelling near by. According to the female occupants of both houses, Edward Bronson did not shoot Lyons. His brother, Renben, however, fired several shots, it is alleged.

Lyons had stepped into the road during the quarrel, when a shot pierced his brain. The Bronson brothers then fled to the woods. It develops that rifles, revolvers and apparently a shot gun were used. In the Bronson building two bullets and a charge of buckshot have been found. Lyons was the only person hit.

A large number of citizens searched all night for the fugitives. The town officials swore in a number of special officers and were sent to Deputy Sheriff Stevens of Island Pond. Before the deputy arrived the special officers and citizens sighted the Bronsons coming out of the woods. Although they maintained a threatening attitude and carried rifles, they had no ammunition and submitted without proffering violence.

Renben Bronson is 30 years of age, and his brother, 25.

### GRANITE CUTTERS FIRM.

Insisted on Their Price List at Milford,  
and 200 Did Not Return to Work.

Milford, April 1.—Today marked the beginning of a bitter struggle between the local Granite Cutters' Union and the manufacturers. The union, at a largely attended meeting last night, voted to insist upon its price list as submitted three months ago, which calls for a minimum wage of 40 to 50 cents an hour, as compared with 37 to 42 cents, the present schedule, or \$18 for a 44-hour week, instead of the existing 48-hour week. In anticipation of trouble, but little business has been done at the quarries for several months.

As a consequence of the vote of the union last night about 200 cutters did not return to work this morning. The firms affected are Norcross Bros., Milford; Pink Granite Co., Milford; Granite Company, T. M. Perry Company and G. H. Cutting Company.

### METHODIST CONFERENCE DRAWING TO A CLOSE

Business of Session Practically Com-  
pleted—Appointments  
Monday.

Montpelier, April 2.—With today a session of the Vermont conference practically completed the business before it, and the remainder of the time will be taken up with meetings of various kinds. On Monday morning the appointments will be made. Tomorrow the various pulpits about the city will be occupied by Methodists. At 1:30 p. m. Bishop Fowler will deliver a sermon, and at 3 P. M. F. F. Berry of Chicago, editor of the Epworth Herald, will speak. There will be an evangelistic service in the evening.

Rev. J. O. Sherburne, reporting for Montpelier yesterday this morning, said that the average annual deficit of the school for twenty years is \$3,300. Last year it was \$2,500.

### NO TOBACCO USERS WANTED.

But One Was Elected Lay Delegate to  
General Conference.

At the lay conference yesterday much discussion arose over the election of delegates who used tobacco, to the general conference to be held at Los Angeles in May.

Mrs. Elizabeth A. Bartlett of Bradford presented a resolution recommending that no layman who used tobacco should be elected to the general conference, or if he was elected, that he should resign.

H. N. Turner of St. Johnsbury, and T. B. Hall of Groton opposed this resolution and C. S. Andrews of Barre spoke in its favor. It was finally adopted by a vote of 38 to 27.

After the nominations were made the chair called the candidate's attention to the clause requiring them to declare themselves. Mr. Pimbley, one of the delegates, stated his position frankly, that he occasionally used a cigar with the full consent of his wife, and told how a cigar after each meal had prevented illness at Caracas. Mr. Johnson of Johnson, declared that he satisfied the resolution in every particular.

### BURKE STIRS UP ASSESSORS.

Burlington Mayor Says Heavy Taxpayers  
Made False Lists.

Burlington, April 1.—Today being the first day of April, the board of assessors was treated to a visit from Mayor James G. Burke, who gave it a long oration on the duties and insisted that more care should be taken in the making out of the lists. Mayor Burke insinuated that various heavy taxpayers were dodging some of their taxes by making false lists, and the mayor says this has been the fault of the board of assessors in the past and he does not wish it to be so this year. He said in effect that the board had allowed citizens to swear to lists that it knew were false.

## NEW GAS COMPANY MAKES GOOD PROGRESS

Company Will Sell Gas For Power  
Purposes at 75 Cents Per  
1000 Feet.

At a meeting of the stockholders of the Peoples' Lighting, Heating and Power company, held in this city yesterday, an issue of six per cent first mortgage, registered, twenty-year bonds to the amount of \$75,000 was authorized, in which the Barre Savings Bank and Trust company was named as trustee. E. K. Danbar & Co., 159 Devonshire St., Boston, are placing the bonds at par.

The price of gas for power was fixed, by vote, at 75 cents per 1000 cubic feet. It was left to the directors, or an executive committee, to determine later the price to be charged for gas for lighting and heating purposes. It is understood that these prices will not exceed \$1.50 and \$1.25 per thousand feet respectively. These figures average lower than those at which gas is being furnished in any part of this state, or, for that matter, in any of the New England states.

It was announced at a meeting of the directors later in the day that orders for a 150,000 cubic foot gas holder had already been placed, and also for a gas generator of a capacity of 25,000 cubic feet of gas per hour. As it requires more time for the construction of the holder and generator than for any other part of the plant, this means that work is to be pushed from this time on to the completion of the plant and the actual turning on of the gas.

There is very naturally a rapidly growing interest in this city, in the subject of gas for light, heat and power, and in the steps that are being taken by some of the prominent citizens to supply gas for the purposes mentioned. It will be a valuable addition to the business of the city.

## CHECK FORGED ON BARRE BANK

Was For \$26 and Bore Signature "D.  
F. Davis."—Was Cashed in  
Swanton.

A check for \$25, purporting to be signed by D. F. Davis, the druggist, and drawn on the Granite Savings Bank & Trust Co., turned up in that bank the other day. As soon as it was presented the forgery was detected and it was started back through the channels which it came, to Swanton where it had been cashed at the store of P. J. Aude Co. in Swanton, a day or two after the date on it. It was made to some unknown party and was apparently endorsed by this party.

The description given by the Aude Co. of the man who cashed the check tallies with that of Page, the alleged forger arrested at West Fairlee a week or more ago and taken to Nashua for several forgeries committed there.

## SEASON ENDS WITH SUPPER

### Eurekas Champions of City Bowling League.

### TROPHIES PRESENTED

Good Hopes Beat Out Calumets For  
Second Place. Independents  
Last.

The city bowling league closed its schedule last evening with games between the Eurekas and Calumets and the Good Hopes and Independents. The Eurekas defeated the Calumets two out of three strings and the Good Hopes won two from the Independents. Cole of the Good Hopes made the highest single string total of the evening of 227 and Tremouth of the Calumets was high man in the three string total of 570.

The closing of the league and the summing up of the scores made during the season shows some remarkable individual and team records, which, in fact were second to none made by any team in New England. The members of the city league are to be congratulated on their excellent showing and their ability to bowl with the fastest bowlers in New England.

The Eurekas won the league trophy and the highest pin fall average of 845. The Good Hopes by defeating the Independents won second place in the standing over the Calumets who were tied with the Good Hopes for second place up to last night.

After the games and the individual winners had been determined, the bowlers went to the basement of the alleys where a fine repast of new sugar, doughnuts and pickles was served, the sugar being a treat to the bowlers from Donald W. Smith, captain of the Eurekas. Following the repast, Edward Charbonneau, as toastmaster, presented the nice handsome trophy cups to the winners.

The winner of the highest individual pin average was Robert Byrnes of the Eurekas, whose average for the season was 184 for 30 games played, which is eight pins better than the record of the high average man of the Commercial league of Boston for about the same total number of games. William Cole of the Good Hopes won the highest spare average of 787. Batchelder of the Calumets was a close second in this average. His score was 777.

The highest three string total honor of 631 fell to James Reid of the Independents, and Donald W. Smith of the Eurekas won the cup for the best single total of 267. The winners of the league, the Eurekas, received five cups, one for each man in the team.

The officers of the city league for next year were next elected as follows: President, James Reid; secretary, Henry Alexander; treasurer, John Averill. After the election a general talk was had on forming a two man team tournament in last 10 days, but no definite arrangements were made. The scores of last night's games were as follows:
