To see the colored spectacular and historical production, the Rise and Fall of Napoleon which requires a film 1,500 feet in length and 20 minutes to project the picture upon the canvass is worth more than the price of admission which is charged by the management of the Boys' club for the entertainment of June 10th. In this beautifully colored picture are presented the principal events of the life of Napoleon beginning in 1781 with Napoleon at the Military school and ending with the death of the Emperor at St. Helena. This is probably the most elaborate picture of its kind in the world.
