Having more Automobiles than I can use, I will sell one car which was made by the Haynes Apperson Co. (who have won so many prizes in the past) especially for me. It is not a runabout, but a Two-cylinder Light Touring Car with top. It carries an engine of more power than any two-man carriage I know of in New England, and the same size they used in the run last fall from New York to Pittsburg, carrying five passengers over the worst flood-washed roads that an automobile was ever asked to run. Double cylinder 5 1-4 by 6, 36 by 4 tires, side basket, front and side gas lamps, etc. Excellent condition. Would be pleased to show it to intending purchasers and demonstrate to them it is better value than the cheap cars that are being purchased so extensively in this section. Address C. C. WARREN, Waterbury, Vt.

NOT A PATENT MEDICINE.

Hymel, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hymel with patent medicines that are advertised to cure catarrh. It is far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hymel gives its formula to all reputable physicians.
Its base is the valuable eucalyptus oil, famous for its antiseptic qualities. This is combined with aromatic and healing gums and balsams, making a pure liquid which, when used in the Hymel pocket inhaler, fills the air you breathe with germ-killing, disease-destroying and healing powers that restore health to every part of the throat, nose and lungs.
Is it not foolish to try and cure catarrh by swallowing tablets or liquids? The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hymel.
This treatment has been so successful, curing 99 per cent of all who have used it, that Hymel is now sold by Rickert & Wells under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hymel. If it did not possess unusual powers to cure, it could not be sold upon this plan.
The complete Hymel outfit costs \$1.00 and comprises a hard rubber inhaler, a bottle of Hymel and a dropper. The inhaler will last a lifetime and additional bottles of Hymel can be obtained for 50c.

The First Gingerbread.
The homely luxury, gingerbread, has been popular ever since the fourteenth century. It was then made and sold in Paris. In those days it was prepared with rye meal made into a dough, and ginger and other spices, with sugar or honey, were kneaded into it. It was introduced into England by the court of Henry IV. for their festivals and was soon brought into general use, treacle being after a time employed in the manufacture instead of honey.

The Dog's Revenge.
While sitting on a wall toasting some savage watchdogs, a young man named Krieg, of Spandau, in Prussia, overbalanced himself and, falling among the infuriated animals, was torn to pieces.
