Having more Automobiles than I can use, I will sell one car which was made by the Haynes Apperson Co. (who have won so many prizes in the past) especially for me. It is not a runabout, but a Two-cylinder Light Touring Car with top. It carries an engine of more power than any two-man carriage I know of in New England, and the same size they used in the run last fall from New York to Pittsburg, carrying five passengers over the worst flood-washed roads that an automobile was ever asked to run. Double cylinder 5 1-4 by 6, 36 by 4 tires, side basket, front and side gas lamps, etc. Excellent condition. Would be pleased to show it to intending purchasers and demonstrate to them it is better value than the cheap cars that are being purchased so extensively in this section. Address C. C. WARREN, Waterbury, Vt.
