RUSSIA IS BACKWARD

Not Likely to Go to the Hague.

NO PEACE CONFERENCE

During the War—No Response as Yet Has Been Made to the Invitation.

St. Petersburg, Nov. 8.—Foreign Minister Lamsdorff has received through charge d'affaires Eddy the American proposal for a second peace conference at The Hague, to proceed with the work begun in 1899, especially relating to the rights and duties of neutrals and other questions like the bombardment of undefended coast towns left undecided by the former conference.

The note, it is understood, takes pains to avoid the appearance of desiring to wound the susceptibilities of Russia, the action of the United States having been prompted by the initiative of the St. Louis peace congress.

No response has been made, but there is strong reason to believe that although Russia cannot show offence at the proposition of the United States, at this time, inasmuch as the United States was actually at war with Spain when Emperor Nicholas proposed the original conference, Russia will decline to participate as long as the war lasts.

At the foreign office the opinion has been that a conference after the war would be profitable, enabling the powers to agree upon many vexed problems, but that it is impossible for Russia to participate during the war in a conference whose tendencies will be to limit the activity of belligerents and in which questions with a bearing on the present struggle are sure to come up for discussion.

The emperor left St. Petersburg this afternoon for Vilna and Poland to bid farewell to the troops. He will be gone a week.

A local paper prints a letter reviewing the voyage of the second Pacific squadron in which the statement is made that three torpedo boats seemingly of hostile intent were seen off the Spanish coast during the night of October 26.

A GREAT ENTERTAINMENT.

The entertainment will be given in the Opera House, Friday evening, November 18th, under the personal supervision of its originator, Col. A. V. Newton of Worcester, Mass.

It will be assumed that one of our prominent citizens has paid more or less attention to a young and beautiful widow of this city, but at length he has seemed to lose interest in the matter, she has brought suit with a view to obtain damages for her fractured affections. WILL DROP PROCEEDINGS

City Not to Prosecute Phelps Bros., Plumbers.

EXPLANATION IS MADE.

N. D. Phelps Says He Inferred from Health Officer's Letter That He Had a Plumbing Permit.

N. D. Phelps of the firm of Phelps Bros., one of the two local firms which were to be prosecuted for not submitting plans of plumbing on the new school building, appeared before the special meeting of the city council and made an explanation of the situation. The council then voted to drop the prosecution of Phelps Bros. Mr. Phelps stated to the council that he did submit plans to the city board of health but that the architect's plans were so intricate that he could not fully follow out his plans. He further stated that he had received a notification from the secretary of the board of health, and that he inferred from the letter received that a permit had been granted. The city attorney was notified to drop proceedings.

The request of C. C. Griswold of the Clerk's union to hang a directory in the hallway of the city building was heard and Mr. Griswold was granted permission provided the advertisements in the directory were covered up. The petition of C. A. Heath to hang a sign on Merchant street and to erect one at the corner of Merchant and North Main streets was referred to the street committee with power to act. City warrants from 10,573 to 10,589 were read and ordered paid. Bids for heating the new fire station were opened as follows: Russell & Co., \$927. Phelps Bros., \$887. Prindle & Averill, \$650. A resolution relating to letting the contract to Phelps Bros. was then introduced and a contract will be made with them. C. L. Hughes presented a bill for heightening the tower on the fire station, the amount being \$487. The building committee was instructed to confer with Mr. Hughes and report at the next meeting of the council.

THE EVENING TELEGRAM SUSPENDS PUBLICATION

Lack of Capital to Carry Business Forward to Success Cause of the Failure.

The Barre Evening Telegram, established in the spring of 1895, suspended publication with last evening's issue. In response to a request from The Times for a statement of the reasons for the suspension the following reply was given: "The present company started in with too little capital to carry the project forward to success, and had to contend with too fierce competition." The Telegram was established by H. C. Whitaker and George Ross, Mr. Whitaker later in its career becoming sole owner. On January 1st of this year he disposed of the property to its present owners, who put in practically a new plant and greatly improved the paper. Rev. W. R. Davenport was engaged as editor, and he has striven hard to make the paper a success, but against odds which he was unable to overcome.
