WILLIAMSTOWN.

The Rev. F. A. Kimball was in Barre yesterday.

There are two cases of diptheria in the family of Russell Jefford. Much alarm is felt by the people in town as they had been sick several days with the disease before calling a doctor, while other children of the family were attending school in their own district, and two at the village school. They are now quarantined.

Several from here attended the dance at South Barre last night.

Miss Daisy Dean has so far recovered from her illness as to be at her work as book keeper in J. K. Lynde's store.

Wesley Seaver had a very sick horse last evening and Dr. Barber of Barre was called.

Clinton Cram has received news of the serious illness of his brother at Rutland; he was expected to live but a few days. Mr. Cram left on the afternoon train for that city.

Mr. and Mrs. Van McAllister left for Chelsea where they will spend several days visiting friends.

KILLS GERMS OF CATARRH

Hyomei Goes to the Root of the Disease and Makes Astonishing Cures.

Catarrh cannot be cured by the use of pills, liquid medicines and so-called system tonics. Under such treatment the germs of the disease will still live in the air passages and increase and multiply.

Hyomei is the only scientific and thorough way to cure catarrh. Killing the germs in the air passages, it enters the blood with the oxygen, destroys the microbes in the blood and effectually drives from the system all traces of catarrhal poison.

Thousands of testimonials have been given as to the astonishing cures made by this remedy.

Mrs. Le Rendu, 76 Western Avenue, Cleveland, Ohio, writes: "I believe Hyomei saved my life. I am better now than I have been in thirty years. Many doctors, both in England and France, treated me for catarrh, but I was not cured until I used Hyomei."

Probably the strongest evidence that can be offered as to the powers of Hyomei to cure catarrh is the fact that Rickett & Wells will agree to refund the money if you say Hyomei has not cured you.

The complete Hyomei outfit costs but \$1.00, consisting of an inhaler, dropper and sufficient Hyomei to last several weeks. This will effect a cure in ordinary cases, but for chronic and deep-seated cases of catarrh, longer use may be necessary, and then extra bottles of Hyomei can be obtained for 50c.
