## MISSSES' WINTER GARMENTS.

Misses' Winter Garments of all grades, made of newest materials, in the new styles. These Garments will be packed away in a short time if not sold. They are worth as much next season as they were this. Our only object in taking a liberal loss on these Garments is to have the money in use for the next eight months. New Raglans and Covert Cloth Coats arrived this morning. We need the room taken up by these Garments. Isn't it pretty good judgment on your part to buy these Children's Garments at our prices?

### Children's Winter Garments.

In sizes from two years up to six years, at from 98c up to \$7.50 each, now at about half-price, in some numbers at even less. (Many realize the benefit of these February Sales and buy for next season.)

### Children's Winter Garments.

In sizes from six years up to twelve years, all in heavy, warm, well-made materials. Considering that this is the largest assortment of these sizes found in this section of the state, is it not well to see what these reductions mean?

### Children's Winter Garments.

These are for larger children, from ten years up to 16 years and will very readily do for ladies. Here are garments that cost now but a part of their first price. No need to quote prices. The best of them are selling at but a few dollars.

Economy is not always so well practiced as in these Children's Half price Garments. Think it over, but don't let the other party think first and you take second choice.
